The Jewish Problem….or Maybe it's Just David Einhorn & Leon Black

QUESTION: Coco Chanel was a Nazi spy, but do you see any Jew attorneys going after the Chanel corporation like they do so many other companies?

FUCK NO, and we both know why. Because it BE A jew-owned company now!.. Kind of like David Einhorn falsely accusing Allied Capital of financial malfeasance for 6 years yet backing-off Allied the second his Jew Boy co-horts like Leon Black bought it out? Ya' know, Leon Black, the guy BOTH Tom Gober & Harry Markopolos agree about in terms of "no one belongs in prison more than Leon Black"…

QUESTION: Do you think that an attorney like that Jewish lesbian, activist-subversive who Andy Friedman from Cohen Milstein works with would go after guys like David Einhorn and Leon Black????

FUCK NO!! She's too busy living in the 1940's and oppressing the mainstream society with it. God forbid she goes after Jews in the present day who are wreaking havoc on EVERYONE and who give other Jews a bad rep. These are the new Robber Barrons, but also an age-old product of SYSTEMIC privilege since Jews– a Middle Eastern, haggling culture– invaded a feudal Europe in the Middle Ages & filled a "middle class" void where none previously existed accompanied by the misappropriation of white women & land encroachments before being contained for self-preservation reasons by their host countries. These are FACTS! To call it anti-Semitism– being that Palestinians are Semitic– is a false claim which falls under deflection, bullying, misinformation, rhetoric & divisive ploys which the media (CNN) then signals every fringe to replicate!

Anyhow, we used to have people like Henry Ashby Turner to inject sanity into trumped-up victimology agendas whenever offendees attempted to wreak havoc on corporations in order to line their own pockets & to gain an upper hand over the mainstream, but nowadays we have DAVID EINHORN enshrining this victimology agenda as he plunders companies with his dirty tricks campaign while vilifying innocent people & glorifying himself… Maybe this is why the author of "Predator in a Cute T-shirt" said that David's book "Fooling some of the people all the time" belongs in a museum of propaganda… I say we put his sham of a book right there next to the Old Testament as both are pure narcissism & group supremacy accompanied by a victimology mindset used to offset some SERIOUS imposter syndrome.

David's no whistleblower. He's an imposter-spindoctor & a rabble-rouser who's not much different than CNN glorifying Black Lives Matters rioters or Trump inciting riots…. People like that make this country not only weak BUT those cracks widen and become woefully apparent to enemy nations who see things we don't. David's passive aggressive attack is to glorify dirty SEC agents & journalists who he has in his pocket while vilifying others with baseless claims which he then refuses to prove whether it be directed at ALLIED CAPITAL or in terms of Brighthouse Financial's undervaluation supposedly due to GAAP. Unfortunately, David's convinced himself otherwise as he no doubt grew up with a VERY well-ingrained Jewish victimology agenda that is DEFINITELY a cultural trait traditionally used & abused to suppress the truth & oppress the mainstream while making one's own reality more palatable by avoiding accountability & playing the role of the "defender of humanity".

This skewed perspective actually creates a false reality and pits people against each other which is perfectly demonstrated by David's social justice activist scheme, the Einhorn Collaborative, which reeks of Jewish privilege and trust fund liberals who claim to rail against the systemic racism by propping-up faux, do-gooders like that of the New Pluralists who champion the forced overrepresentation of less than 5% of society– or the tail wagging the dog– YET NOONE will ever find David giving to the PLO, just to organizations who want to get the upper hand on the American mainstream and act like the victims if the mainstream refuses to bow down like a doormat. Meanwhile, David's parents post voter suppression signs in black neighborhoods while David wastes time pondering why we have polarization in this country.

The Deep Capture article, "The predator in a cute T-shirt", typifies to a large extent what used to be called the Jewish Problem. All you have to do is throw in Ivan Boesky along with David Boise's client, Hank Greenberg, and they literally represent a huge part of the reason why 6M Jews were exterminated. THEREFORE the next time Hank Greenberg wants to lament about being there in World War II and seeing the horrors with his own eyes, then I suggest that he looks in the mirror WITH THOSE SAME EYES and understands that playing the victim will not erase his MASSIVE SWINDLES nor the collusion of the Jewish media for the crimes of Leon Black and that of Leon's colluders, like David Einhorn… The Jewish media in New York in particular is absolutely culpable for these huge crimes which hide in plain sight as they provide shelter & an intentional lack of reporting to what is effectively special treatment & special exemptions that is effectively placing them above the law.

*******A FINAL MESSAGE TO ANYONE WHO TAKES OFFENSE TO MY POLITICAL INCORRECTNESS:

RIGHT NOW $430 BILLION IN REINSURANCE FRAUD AMONG 45 US INSURERS ALONE HANGS IN PLAIN SIGHT LIKE MY WHITE ASS OUT A CAR WINDOW!! AT LEAST HALF THE SUPER RICH JEWS IN NEW YORK WHO HAVE WORKED WITH LEON BLACK KNOW IT BY NOW AND NOBODY SAYS A MOTHER FUCKING THING. SO DON'T YOU DARE HIDE BEHIND SOME HELLACIOUS ANTI-SEMITIC BULLSHIT UNLESS YOU REALLY WANT TO FEEL WHAT BACKLASH REALLY IS. I think Dan Loeb of THIRD POINT FINANCIAL is the only normal one and his company was the only one willing to look at evidence pertaining to a super rich crooked Jew like Leon Black.

DAVID EINHORN VS DAN LOEB: Dan' Loeb's got the balls & the brains David has always lacked as David is a guy who's gone through life not knowing what direction to spray his load when he pulls out much less the common sense to know that Leon Black– who is A LOT smarter & better at this business than Overinflated Einhorn– would throw David's ass under the bus quicker than Warren Buffett threw Hank Greenberg's AIG to the Feds in order to save his own ass when they were going after Reciprocal of America, but settled for the AIG Debacle instead….. It's like Parker O. said when he saw that Apollo list, "there are a lot

of our friends on that list", but that didn't stop him from trying to do the right thing.

Before I sign-off, let's briefly note David's patterns in terms of his relationships with women as they suffer when his business suffers, but they pick up when his business picks up. Unfortunately, we know that his business only "picks up" because David has falsely inflated the values of his major holdings in order to regain some of his former limelight. Dave's not an investor anymore, he's Ivar Krueger.. David's taste in women or lack thereof is much like his stock pics since 2013 along with that of his non-profits—- shoddy, falsely inflated & a COMPLETE waste of BOTH his time & that of his investor's time. (Hello!, Cheryl Strauss Einhorn & Jenn Hoos Rothberg.....while Nathalie Kaplan at least maintains the potential to steer that shinola organization, the Einhorn Collaborative, into a bipartisan reinsurance caucus..)

BOTTOM LINE:. SOMEONE IS GOING DOWN. SOMEONE WILL BE SACRIFICED.
