Roger Waters, His Attorney and Imposter Journalist John Ware

Download

First off, a treasonous grifter & a falsely inflated journalist— ***John Ware—-*** has been trying to make a ***valid*** name for himself— ***along with a hefty settlement-***— off of ***Roger Waters' good*** name.

https://www.hollywoodreporter.com/news/music-news/roger-waters-defamed-filmmaker-with-antisemitic-remarks-court-finds-1236146849/

Given the nature of Roger Waters' personal experiences in terms of Israel's Jewish-Palestinian relations— *which are not unlike that of Noam Chomsky's-*— then it's conclusive that John's parasitism is only given legs thanks to a climate of Jew-***pandering***, its enforcement of Jew-biased ***disinformation***, its ***outlandish accusations*** & John's own hefty contribution to Jew-skewed, ***vilification campaigns*** which are invariably directed at ***anyone*** who serves as a threat to Jewish supremacy, overreach & self-denial. https://www.instagram.com/reel/DNYM-HpxlgE/?igsh=ZXIzZGJ5ams4a3E0

…. ***Note,*** this isn't just Israeli policy, it's a traditional, Jewish personality disorder rife with self-denial & dark creativity. driven by a need to make things up as they go along in order to feel better about themselves. This false reality then becomes everyone's reality.

https://youtube.com/shorts/tVEwcGgf6cU?si=eVTNEZRG88w5ODJl

It's what's made the white man drive the Jew out of towns or into ghettos then ultimately into gas chambers— *NOT blood libel or Master race affectat*ions. Only Americans of a certain age are stupid enough to think that anti-Zionism is the new anti-Semitism & only Jews are Inappropriate enough to assert it? https://www.instagram.com/reel/DNaZSCBN34K/?igsh=NHBpemVqcDFsejNi

….***Yet Roger Waters is the defamer in all this?… And Noam Chomsky a silent, de facto defamer? According to Quora where I'm censured by Jews & their panderers with bruised egos who are not unlike John Ware– the answer is YES!***

But for now, please note that the ***blatant harassment***, the ***false accusations*** & the ***irrational***, **vilification tactics** which have been incorporated into the ***smear campaign*** aimed at Roger Waters is not unlike what Harvard has been experiencing. This includes having to contend with a mix of openly corrupt, "*activist-terrorist*" investors & crook*ed* judges that are unfit to serve in anything other than the January 6th riot ***which Trump*** **orchestrated** just as Trump now attempts to "*squat*" in the Capitol by illegally & militarily occupying it.

https://thomasgober.com/legally-harvard-u-penn-are-harassed-not-anti-semitic/

…….. Kind of takes me back to Jew TV fueling BLM riots just before throwing blacks under the bus for going PLM which caused investors to attempt to illegally occupy private institutions of learning. But those domestic terrorists stepped aside for Treasonist Trump who wanted to shake them down to pay off his lawsuits with Leticia James blaming others. But who is John Ware trying to occupy?? The answer is ***REAL NEWS***, not the yellow journalism that John really is….. ***Meanwhile, there's a lot of amnesia going around over at Fox News.***

…. For now, the question remains in terms of who John Ware's funders are OR who he's looking to attract because this man is clearly a front for someone. Then again, it is possible that Johnny Ware just possesses an inferiority complex which he hopes to conceal by riding the wave of Jew-pandering trends.

Regardless, with John— much like Jews— it's everyone else— NEVER THEM! *This is why both work on changing everyone else's perception* ***OR*** *vilifying those they can't. If you can't beat them, join them.. FOREIGNERS HAVE NOTED THAT JEWS ARE AN AMERICAN PREOCCUPATION, yet so few Americans actually know what they are.*

BOTTOM LINE QUESTION: How does John Ware really have a lawsuit if he doesn't understand what Semitic is AND at the time of filing a suit AND how is it considered defamation if what Roger Water's said was FACT as opposed to opinion? Where exactly in the Defamation Act of 2013 does this case support John Ware rather than Roger Waters?

Ask Judge Eady:

"Further, the basis of the opinion in meaning (1) was indicated to be C's Documentary, and, in respect to meaning (2), the basis of the opinion (ie what genocide meant in this context) was indicated to be the conduct of Israeli forces in Gaza.

The Judgment includes a synthesis of numerous authorities on the identification of opinion."

****** Let Judge Eady try on the Holodomor model of genocide https://t.co/x56buxSHM6***

I also talk frequently about Jews with their cognitive dissonance & double standards. In other words, it's a Jews' world & self-absorbed mind wherein we just live in it. https://www.instagram.com/reel/DNKJyD2zaii/?igsh=MWpyN3Bpam1hdWFncw==……Note, the US has had hostages in Russia for years but we're not bombing them and trying to starve civilians. Palestinians live with countless October 7th, 2023s committed against them that go unheralded by the Western media controlled by Jew's & it's accomplices such as John Ware, who weaponized Jewish victimology where an actual conscience & accountability exists in others.

****** I'm having flashbacks to Dancing Israelis…*** *"the situation was so "obnoxious" that Britain might consider expressing its "disgust" to the Israelis if the opportunity arose.* [10]***https://en.wikipedia.org/wiki/Operation_Cast_Thy_Bread#:~:text=Operation%20Cast%20Thy%20Bread%20was,illness%20among%20local%20Palestinian%20citizens***.

…. But let's get back to how much of the Skulking John Ware's content has evoked the same reaction from others, NOT just Roger Waters? … *But with Jews & their Jew-pandering whores who're crooked at heart— it's never them!!…. And to prove it's the other guy, they work overtime at skewing the national perspective by brainwashing the other 98% into believing that they're nothing but torch-wielding villagers who're no different from their supposedly evil ancestors who knew exactly what they were dealing with.*

Is Judge Eady really this stupid, Jew-skewed OR just plain crooked??

∗∗Next, Congratulations Palestine!!! …. You're a country!… The French gave back what the English took away…

https://youtu.be/5WwmPTLe98g?si=109YLVKIBlHOp9X-

…….Ignore the Jewish victimologist-faux educators who're busy on Quora with their usual "project & deflect" *as they rationalize that this announcement only serves as encouragement for Hamas to* ***not*** *agree with a ceasefire & not to release the hostages who Israeli troops were bombing & using as an excuse to exterminate the entire population which is what they've been doing since 1948* ***AND*** *through the use of biological warfare.*

…..What do people really think would happen if the hostages were released?… *Jews would suppress— or invent hostages that don't exist— and just keep bombing because that's what Jews do: suppress facts in order to oppress the other 98% who's pitted against each other in order to make their false & palatable reality everyone else's.*

….. Also, ignore the angry old white man who sees himself as "NEXT" being that he doesn't understand apples from oranges. *In other words, the establishment of Israel was not European colonialism* ***NOR*** *is it exactly equivalent to the founding of Liberia— it was the transfer of the Jewish problem in which they continue to take a lot more than just Jews with them. https://youtube.com/shorts/wN_-cil78dc?si=v4Uyu_nX1g9M56hb*

…… Maybe Jew-panderer at large– John Ware— should next start work on an incendiary documentary about French President Macron along with the Irish people & its government who've stood behind the Palestinians???

Clearly John Ware has acquired a knack for mirroring the Jewish, role-reversal schtick— *much like* **Donald Trump** *has in his second term*— being that it's a handy, pocket device to dodge accountability & cancel culture.

….. This smart-ass, blocking tactic which ranks right up there with— "*I know you are, but what am I?!*"— is also a terrorization tactic used to create the illusion that the actual ***victim*** is the ***social disruptor*** in their own country. This is what ***Roger Waters*** is really experiencing along with the Palestinians.

……Being that Jews never want to see themselves as guests among us ***NOR*** are they willing to part with the victim card— *which we enable by giving a shit*, we need to then stop enabling Jews in their efforts to work overtime at keeping the other 98% stupid & guilt-ridden which always occurs under the guise of educating people while vilifying anyone who doesn't go along with it….***CUT the power supply, DON'T fuel it.***

…..This is why Jews have pushed people into becoming Holocaust deniers being that it's better than serving as a doormat for Jews….. But then the Jew throws fat on the fire by accusing Holocaust deniers of anti-Semitism just as they accuse Roger Ware of anti-Semitism for NOT denying the Palestinian genocide. I think everyone can see where their moral compass points: victimology, Jewish privilege & double-standards…. How do people live with this in our country?

The mind of John Ware & people of this ilk……

……. Jewish sycophants like ***John Ware*** have gone thru life with their own social alienation issues. *Ergo*, why does one think that John is driven to seek revenge & to lick his wounds by playing the victim? In other words, John's revenge agendas stem NOT ONLY from his imposter syndrome as a journalist-sensationalist, but also from the sense of alienation which he's received from his own Anglo-Saxon brethren who never accepted him growing up. This is why John has had to seek acceptance among Jews.

……But then the brooding John tries to hide his rejection issues by cultivating a progressive, defender of humanity affectation. In other words, John Ware's creating something that's ***not even there*** because deep down he knows that he's something that's slipped through the cracks both as a journalist & as a tagalong among Jews.

…….. ***Bottom line***, if John Ware wants to feel special & unique, then he can do it by leveling with himself for once in his life, NOT by pandering to Jewish overreach OR by weaponizing Jews for revenge agendas that double as questionable, money-grabbing lawsuits powered by the popularity of sham activism which he uses to get back at "*the cool kids". In other words, stop acting like Donald Trump.*

…..til then, John Ware's appeal is limited to pseudo-intellectuals with "*something to prove*" as evidenced by the psychological phenomenon of fake & irrational, nice guy competitions which defer either to the Deep Pockets controlling them ***OR*** to the pawns of those deep pockets who they'd never talk to in real life……***or in the case of North Carolina police officers— wash the feet of….***

…… ***These soft-brained sheep & the "John Ware's" who fuel them***, they do nothing for their country other than to empower manipulators & subversives with deep pockets who weaponize criminal subcultures like gypsy invaders who have now gone from being pickpockets & fortune tellers to now blaming the white man for their high illiteracy rates as a means of picking ***everybody's*** pocket instead of the UK providing them with a one-way ticket back to India where they can deal with their own trash

…….AND as for John Ware, he's earned a one-way ticket to a Salvadoran prison wherein white boy can serve as their prison bitch or develop a new act as the prison whistleblower— *emphasis on* ***BLOWER***.

****

But alas, the other 98% has been dumbed-down & divided for too long. Now is the time to let Jews AND THEIR PANDERERS know that ***we now know*** what are ancestors knew which is that they're a bunch of well-dressed hagglers turned hustlers whose victimology scams won't be tolerated anymore than the MODCO reinsurance scams that Marc Rowan at Apollo Global Management have been pulling off with Leon Black & Josh Harris for years.

…… ***When this trio wasn't siphoning the reinsurance industry—ya' know, something that means the potential of ushering in the next economic downfall,*** Marc Rowan takes his ill-gotten gains from over inflating & under reporting AGM so he can hold donations over Upenn's head in order to get them to jump through their diabolical hoops.

Here's my endgame, Jewish terrorists & their enablers will be either fined or confined then placed in a diversion program….. ***This includes John Ware and I'm sure Marjorie Taylor Greene would agree as I want her on my future, Counter-Semitic Watchdog Task Force.***

Until October 7th 2023, our only option in life was to be bullied by Jewish victimology & its brownnosers like ***John Ware*** who're exactly what's responsible for producing two generations of mentally-enslaved & misguided, pseudo-intellectual faux do-gooders such as the ***"coddle a low-life" snowflakes & showboating housewives.***

…..This dumbing-down & *over-the-top*, overcompensating psychodrama has done nothing but compromise our safety by pandering to ***undeserving, underdogs or fringe groups*** who've served as pawns for anti-establishment, Jewish "defender of humanity" scams ***prior to October 7th 2023…***

……BUT NOW, we have a second option which is to treat Jews like everyone else. It goes without saying that the average Jew perceives this as ill treatment.

****** Agitate, Agitate, Agitate— Frederick Douglas…… unless you're in the "Jew.K" !*** **https://youtube.com/shorts/4CJIZdVyMEU?si=Sgr5DZelBh_ywZcr**

….. Is the above young lady under arrest as well? …. Because as of now, Vladimir Putin is more honest in regards to his tyranny towards dissenters whereas Jews hide behind their Pavlovian command word ***anti-Semitic*** instead of just admitting that it's a civil rights issue which they're solving via genocide ***AND*** largely thru the support of the international, Jewish community for which they're composed of then & now.

Ergo, any logical & rational person should insist on the dissolution of the state of Israel in its ***present form***— *which is no different than its 1948 form*— at the time these victimology-pushers expelled Palestinians & extorted Germans to do it.

https://www.instagram.com/reel/DJmINSBysb-/?igsh=ZHh5bmxyZTNtb2Vx

The funny thing is that Palestinians possess *more indigenous, Semitic blood than many Ashkenazim, but the Wandering Jew wants to de-legitimize them with rhetoric & a spattering of Arab Jews in the region who were supposed to be an anchor to their unbroken land claim* ***despite*** *discriminating against them….* ***The following video is bastardized Zionism which is a big part of the Ashkenazi Jew & their cognitive dissonance.***

https://www.instagram.com/reel/DLI5JWOAgap/?igsh=MWtzY3B3ZTRhbG81ag==

Speaking of Zionism, Jesus was a Zionist with 12 disciples for 12 tribes wherein the head Hebes got rid of him not because they wanted to protect Jewish sovereignty under Roman rule, but because Jesus was for the people. Those who wanted him dead didn't see a false prophet, they saw someone who would cut them out & control the people who they wanted to control. In other words, the Republicans (**ie**., Sen Rick Scott & Marc Rowan) of today VS a progressive who drove this shit from the temple (Congress) & invited everyone to sit at his table with or without a Roman flag in the backdrop.

https://www.instagram.com/reel/DLIYrlipJjV/?igsh=MTlxYmwxaDRwMGhoaA==

*** I'm tired of the term "*ethnic cleansing*" considering the fact that Palestinians and Jews— *whether they be Arab Jews or Ashkenazi-*— are closely related except for the white whores like Cate Capshaw along with anything some self-loathing Jew in Hollywood or the Kike Kushner Klan converts in order to create a Zsa Zsa Gabor. In other words, NOT an ethnic Jew who looks like their crook of an old man, *Charles Kushner,* by stealing from one hand and slapping a Jewish label on it while disguising racial misappropriation under the loophole of freedom of religion. This chicanery is embedded in everything the Jew does.

………. All over Quora, you'll hear Jewish rhetoric in terms of the unrelenting, evil behavior displayed towards the Jews of MENA, but NEVER the ill treatment which the Jews of MENA suffered at the hands of European Jews who possessed a "Nazi, Uncle Tom" complex, not unlike that of house niggers to field hands.

Furthermore, prior to October 7th 2023, I was supposed to grovel to the MEGA JEWS you've just witnessed in the above videos…But now, we're supposed to grovel to relics & sycophants trying to "*hang in til the end"—- kinda' of like* ***John Ware***—- who ***effectively*** stands behind an ongoing, dangerous movement who ***effectively*** forced people like myself to take these fork-tongued Jewess's word as gospel ***which the Jews now want to outlaw*** and all because white people who grew up in the '80s had been socially-conditioned to go along with literally ***anything*** the Jew said no matter how contradictory & nonsensical it was. ***It literally was not unlike MAGA followers.***

……..*But nowadays,* this psychological warfare is breaking down which is why Jews are now trying to ***legislate*** Jewish privilege when they're not trying to ***outlaw*** the gospels. ***This is Jewish terrorism and anyone who stands behind it while mimicking the perpetual victim is a terrorist as well.***

AGAIN, prior to October 7th 2023 in the Jew.S.A. the Jews had been cracking the whip in terms of enforced Jew-pandering. This, *of course,* prioritized the dumb-ass goyim's life to be in service to Jewish, revenge agendas— *sugarcoated as justice*— and if you disagreed then suburban trash, white kids who Jews had turned into pompous yet "*too stupid to know they're stupid*", white-hating & selectively racist, mutated Nordic Supremacists would be set upon you like the IDF.

……. So essentially, total imbeciles & simpletons who possess no basic knowledge were set upon any rationale & knowledgeable white person like trained dogs whilst believing themselves to be morally superior being that this was the fallacy that the Jew media had instilled in them vis rhetoric outlets that had turned them into the intellectual & cultural equivalent of an ABC after school special that always involved the white guy as the villain, Black people were all like The Cosby kids & the Jews were ethnically ambiguous hence more relatable as the hero…. ***You can thank the JOHN WARES of the world for this bullshit!…(No disrespect to the John Ware in Georgia, USA)….***

…… So while the "Jew.S.A." with its sham activism & its corporate criminals were funneling *special treatment*, "*white–guilt*" money to Israel & forcing us to chase down down 101 year old Nazis war criminals, we failed to acknowledge what Jews were doing in Israel & in the U.S. for fear of being labeled & socially-alienated for supposedly being depraved Nazis because that's the psychological hold instilled in idiot Americans once the Jew sinks their teeth into institutional control to mind control. It's actually this corrupting influence that is the reason why Jews were driven out of Europe.

Palestinians aren't foreigner agitators which is something John Ware doesn't understand— John Ware is just the disgruntled outcast who's found a home among foreign agitators rooted in Europe since the Middle Ages.

Palestinians actually know what Jews are—*unlike John Ware*— much like a lot of old white people & immigrants from Eastern Europe know what Jews are and ***ALL*** of them are in disbelief about a White America raised in the 1980s who represent the first generation of white people in almost a thousand years who don't know what Jews are, ***only a reinvention of what self-loathing Jews wanted to sell.*** This is another reason why Jews love to hide behind the ignorance of foreigners who are of non-western backgrounds being that the U.S. is clearly a western, immigrant country no matter what foreigners who've been imbued with a Jewish victimology agenda want to pretend.

…….. *In other words,* it's all about creating a generation of mentally enslaved, "*blank slates*" starting with the white kids then moving on to outsiders who become incapable of differentiating between racist & racial differences ***NOR*** are they aware of why Jews were forced into those concentration camps being that Jews have gained so much media & institutional control— ***thus mind control-***— while slapping Jewish labels onto white people & their heritage in order to blur obvious differences then covers it up with double-talk. In other words, *I've just stated* ***the real reason*** people rise up against Jews.

… ***CLEARLY***, blood libel **OR** Master Race bullshit are more convenient excuses for Jews to propagate being that they're easy to ridicule & debunk which makes them feel superior…. We don't turncoats like ***John Ware*** to pedal this slop with his own slop..

But back to "***blank slates"***, this is why Jews like Asians. In other words, they're upwardly mobile & because black people went PLM after years of Jews weaponizing the worst of them against the mainstream. With Asians, you can't indoctrinate the immigrants who don't give a shit about who sacrosanct Jews are, but you can indoctrinate their children assuming that they want to ***fit in*** if not overcompensate.

In other words, Jews want to invite them in ***not*** because Jews are defenders of humanity; ***but rather,*** it's because they want to dilute the white mainstream & create new allies who they can keep ***ignorant*** & make ***insolent***. Of course, Jews don't acknowledge any of this because they pretend that it's an anti-Semitic trope in order to make any valid complaints against Jews an impossibility. ***Do you see a pattern? John Ware has learned to do the same thing just like Donald Trump…***

In terms of the ***ignorant*** portion, this is best left to the dumbed-down white kids who can do the Jews' dirty work for them just as they've been trained to do being that the Jew has been the hand rocking the cradle just like it's been the Jew hand on the black mind. The latter part is an obvious reference to the black student at Harvard who deserves a goddamn Nobel Peace prize.

These are things Asians don't understand just like they don't understand that black Jews are not real Jews and that Asian Jews are modern inventions. Note, the only reason Trump Terrorism isn't as eager to invite Asian students in as are Jewish Terrorism is because Trump doesn't think it's natural for Asians to supplant white people in a western country.

……***Yet*** Trump doesn't understand that it's not natural for his daughter to convert to Judaism & that Jews were contained in ghettoes for centuries to prevent these egregious acts of overreach that were coming by way of ethno-religious, splinter group of Arab invaders— *ISIS with a haggling schtick*— who slowly invaded Europe in the Middle Ages and tried misappropriating white women by slapping a Jewish label on them which included pretending that a person could convert to an ethno-religious group despite the women being too illiterate to perform even that farce & betrayal.

But don't forget that dumbed-down white people identify with Jews who aren't really Jewish, which effectively means that what people are not only suffering from a case of cognitive dissonance, but they're slowly giving away the farm & shooting themselves in the foot. It's always been about the white man's woman & the Arabs land for the Ashkenazi Jew who no Jew on Quora wants to talk about because they understand that that's the real root of the problem. *Hence,* condescend people for asking what their ancestors knew..

****** Here's some real journalism which of course John Ware has a lawsuit against?!? Again, see a pattern??***

https://www.aljazeera.com/news/2025/8/15/hezbollah-says-lebanon-disarmament-plan-serves-israel-vows-to-keep-weapons

…….ya' know, the same conveniently Jewish Jews who returned to the Middle East due to ancestral claims— *yet are unwilling to embrace their Middle Eastern Heritage*— wherein they put actual middle easterners in concentration camps and drive them out of town while harassing Europeans for not accepting them as European, I'm calling them anti-Semitic and then stealing white people. Just left a Jewish label on them .

It sounds like Jews are a problem wherever they go no matter how well groomed they try to make themselves.

****** Only Evangelical trash could be this stupid in terms of not understanding that Muslims are people of the book as well………. Or the dumbest person in a Catholic School up North…… Maybe Mike Huckabee needs to talk to Cat Stevens.*** https://www.instagram.com/reel/DNNDL5RTrXC/?igsh=MWtjb3MyOGxrZHkxbg==

…… ***In terms of the insolent portion,*** teach non-traditional groups to bully by playing the wounded sparrow which comes backed by the same dumbed-down, white people who either have an agenda against the bullied OR these simpletons believe that they're good people for putting everyone else before their own which is proven by them by vilifying or ridiculing their own people or certain white ethnic groups.

BOTTOM LINE: This behavior didn't come out of nowhere NOR was it some timely psychological phenomenon. It's 100% indoctrination by Jews TV and I knew this as a child without parents telling me. I just couldn't believe that parents weren't complaining about it, but of course they would've been censored & suppressed & dismissed & alienated thanks to false accusations of anti-Semitism. This is how the inappropriate. Jew keeps everyone under their thumb instead of the Jew being regulated.

All of the above invariably leads to hate crimes against certain people within these non-traditional groups with the worst case scenario being that the mainstream stops differentiating between the bad apples and the bushel. Note, I don't experience anomalies like Kung Fu Karens anymore since October 7th, 2023 and for no other reason then the fact that their power supply has been cut.

……. This is how Jewish dark creativity & engineering works. This is how they divide, this is how Jew pits people against each other & this is how they inspire hate & resentment. ***So am I the white supremacist or are they the Jewish Supremacist???***.. because the end game here is overturn the mainstream to create some bogus ***pluralism*** with the overrepresented Jews in the driver seat. This is Jewish terrorism & John Ware is an accomplice who deserves a public hanging.

…. ***But back to undeserving, fringe groups***……I want my reader to note how the Jew has always glorified no-count coons like Rodney King, Rayshard Brooks & Michael Brown of Missouri who endanger the public & the police officers, ***YET*** the Jew tries to convolute & rationalize the vilification of Claudine Gay, DEI & Palestinians. In other words, Jews want Uncle Tom's & Uncle Abe's like John Ware.

∗∗∗George Mason University president gets raise for cutting DEI programs https://share.google/i0xTP1G03NNIHT5Qz

Of course, Palestinians are *supposedly* the undeserving, fringe group—- ***if not terrorists altogether—*** who thereby justify genocide along with police & military abuses which John Ware doesn't discuss in his intellectually dishonest, propaganda, shit pics. YES, to BLM and gypsy shakedowns, but no to PLM.. It doesn't take a rocket scientist to see where the power balance lies.

∗∗This is an international Jewish problem because they're all coming from other countries, encouraged to keep coming & can't pull this off alone. ….Keep in mind that these "*special treatment*" victimologists were hotel bombers & sleazy investors vying for control in Europe which earned them a one-way ride in a boat to nowhere whether it be Edward Longshanks or the shady Jews who kicked Muhammad Hadid out of his home in Palestine after he took them in being that no good deed goes unpunished… ***Does John Ware want to make a documentary about this?***

Does John Ware even care about FACTS or does he just use factual observations about himself to validate lawsuits which he fhen mislabels as smear campaigns— as opposed to truth campaigns— because apparently in England stating facts constitutes defamation according to Justice Edie.

https://www.hollywoodreporter.com/news/music-news/roger-waters-defamed-filmmaker-with-antisemitic-remarks-court-finds-1236146849/

Note, what Roger Waters is battling in the UK is a modernized form **OR** an evolution of Jewish terrorism as one can witness by the Jewish, sham activist organization, ***Campaign Against Anti-Semitism*** from the oft-repeated above article.

Observe ***Campaign Against anti-Semitism*** with their dodging of accountability in which they ***pivot***, ***convolute*** & ***bend*** actual laws— ***AND the laws of reason-***— in order to mislabel logic & deduction as "***the new anti-Semitic".***

……This effectively means that the other 98% continues to be "locked-in" in terms of an inability to make valid complaints of discrimination, racial misappropriation cloaked in freedom of religion, overreach & supremacy that Jews make against anyone else— *if not encourage everyone to falsely make against the white establishment.*

……*In other words,* undermine the mainstream with Jews being the de facto ruling hand that maintains law & sometimes disorder if the latter helps them create the illusion of racial strife flaring up which they extinguish with one of their hero homicide scams.

The above clip is just another underhanded form of Jewish Terrorism & one that's not as blatant as the **(a.)** Zionist Hotel bombers at the King David Hotel in the UK that was committed by the founders of Israel, ***but rather*** more akin to **(b.)** the activist-investor billionaires with their usual Jew-skewed perspective of being the victims if professors don't agree to suppress Israeli atrocities & to defer to Holocaust indoctrination. ***Note***, this is Europe's first ISIS & it began in the Middle Ages**, but no one will do a documentary admitting to this cuz it doesn't undermine the white, Christian male.**

WHERE IS JOHN WARE'S **documentary on ALL of the above OR is he satisfied with being a pathetic nobody trying to be somebody by replicating Jewish, victimology???.. Maybe he should produce a documentary on his inferiority issues cloaked in faux cause?!… …** ***But Alas, where's JOHN "no name" WARE now? …… Hanging out with a grifter & MAGA on the make, Snake oil salesman— James Fishback ?!***

NOTE: Prior to October 7th 2023, the Jewish Construct encouraged false accusations of discrimination against the white establishment as a means of undermining it which ended even prior to Trump's election.

…….***Furthermore***, the ultimate "hate crime" is the inciting of riots by glorifying Pakistani restaurant owners who had encouraged the mob to burn down police stations in order to destroy law & order which NOT ONLY endangers us all, but it exemplified the need to exercise the true intentions behind the Second Amendment in which people like Kyle Rittenhouse had to act being that there was no law and order, but of course Kyle is vilified and in ways that are not unlike beating people & bullying people into the ground with false accusations of anti-Semitism because that's where all this shit began.

…***OOPS***! There I go, being anti-Semitic again.. ***NOTE***, this is a word that needs to be outlawed or reprogrammed!…. *Reminder*, no three degrees of separation can disguise the correlation between Jewish weaponization of blacks ***to that of*** Jews switching sides by declaring a war on DEI once October 7th, 2023 hit and blacks went PLM

The Campaign Against anti-Semitism…. How do you live with people like this?

"Those who claim that someone alleging anti-Semitism is just a 'cheerleader for genocide' are just spouting a modernized version of the trope that those who allege anti-Semitism are merely trying to silence criticism of Israel."

COUNTER-DEFENSE TIME::

……. ***Witness the pivoting & twisting of logic in order to distort the fact that Jews ALWAYS try to silence criticism 100% of the time by pretending that everything is anti-Semitic despite mainstream Jews— who are Ashkenazi— not wanting to embrace their Middle Eastern Roots AND despite them having hijacked the term Semitic.***

Moreover, Campaign Against anti-Semitism is omitting why John Ware was called a cheerleader for anti-Semitism; hence, making their own claim against Roger Waters absolutely baseless. If anything, it's another case of bogus, Jewish dogma being contrived by Jewish, storefront activists who create open-ended platitudes that fit only a few possible scenarios which of course go undelineated. AGAIN– Jewish, half-truths.

Stated another way, what Campaign Against anti-Semitism is doing would be more analogous to someone calling Obama a closet homo & a Muslim instead of admitting that they don't want a black president. Likewise, when Campaign Against anti-Semitism labels Roger Waters an anti-Semite, it's a means of avoiding having to admit that they expect double-standards to be upheld for Jews being that Jews skulk whenever anyone refuses to enable Jewish lies & psychosis.

This also proves that "whatever the sacrosanct Jew says is to be taken as gospel—- just not the actual gospel" which Jews are trying to outlaw, but without outlawing certain parts of not the Tanakh which validates raping or killing gentiles because that simply needs to be put into a historical perspective.

This pivoting victimology is not unlike Marc Rowan NOT giving money to UPenn due to its lack of OVER-representation in terms of the Jewish, student body AND for UPENN allowing a Palestinians Festival which an influential figure like Roger Waters was to attend…..but in the Jews' warped mind, they're always the victim which is what they want normalized including all of its implications.

Can anyone imagine the reaction I'd get if I didn't allow a Jewish Festival? The irony here is that this would actually make more sense considering that everything Jews falsely label as their culture is stolen from their host country with a Jewish label then slapped on it for which the Jew profits from. (See the village money lender Seth Zalkin of Brooklyn Brands OR John Ware's kids)

AGAIN, ALL OF THE ABOVE is a big part of why pushy, vitriolic Jews were kept in ghettoes. But nowadays, terrorist storefronts that attempt to overthrow the mainstream by pretending to be the defender of Humanity— kind of like Campaign Against anti-Semitism— they either belong in a diversion program or in front of a firing squad.

Instead, Jewish, activist terrorists & its panderers— like John Ware— pretend that "the other guy" is the sham activist, NEVER THEM, being that the white man is supposed to have a collective case of amnesia when it comes to the Jew. Reminder, left-wing coups begins with a Jew, NOT the student-activists. Even Palestinians expelled from their land is right-wing Supremacy cloaked in a grandiose, liberal wrapper.

…. The student protesters & Roger Waters are moderates. Ergo, they're not stopping to fighting sham activism with sham activism…. They're just either calling out or burning the whole crooked bitch down. In the meantime, I want Roger Waters to join me and Marjorie Taylor Greene— among others— on a Counter-Semitism Watch dog Committee.

BOTTOM LINE: Roger Waters has inadvertently demonstrated the perverted, Jewish moral compass— or lack thereof— that has guided John Ware's actions & it's all thanks to the snakes in the grass who defend John Ware & his attack on Roger Waters.

****

Note, none of what the campaign against anti-Semitism has done to Roger Waters is any different than Jews crying wolf in terms of accusing white people of being racist for not elevating Rodney King as a Civil rights hero….. ***You don't hear any of this bullshit*** ever since middle-class blacks went PLM which consequently made the Jews hell bent on throwing DEI under the bus while sucking up to upwardly mobile Asians so they don't have to rely on blacks anymore. ***None of this is a coincidence!!!***

……***Jews have been at this game a long time & they know what they're doing. This includes attracting people who're attracted to power & the biggest bully on the playground whether it be John Ware or Donald Trump.***

….. GUESS WHAT, Bitch? My accusations are provable & Jew-proof! Moreover, NEVER FORGET the "logic" set forth by the Campaign Against Anti-Semitism—

…… In other words, Jews could be setting up the Fourth Reich, yet their warped conscience would excuse it by calling EVERYONE ELSE anti-Semitic in order to pull it off. So are they lying to themselves OR just to everyone else??

……***In John Ware's depraved mind,*** he thinly veils his obsequious agenda with a bogus, Jewish defender of humanity scam thanks to his homegrown, cheesy, pseudo-documentary called "***The Dark Side of Roger Waters"***. *Unfortunately,* this propaganda piece has been given traction by the same type of Jewish terrorists who bombed hotels in England just decades ago & just before the UK threw them off on the Palestinians.

Fast Forward 77 years: Anti-Semitic, Jewish propagandists are vilifying Palestinians with "*social disruptor*" & non-native rhetoric while encouraging dehumanizing, social alienation campaigns— ***not unlike those committed against student protesters & Roger Waters who attended Upenn's Palestinian festival which got Marc Rowan's panties in a bind.***

The idea is to not only make a person an outsider in their own country, but to create the illusion that no one should want them in ***their*** country. In other words, make the Jew's enemy an enemy of our state even as they maintain their bogus Jewish, "defender of humanity" card as opposed to calling it the hate speech that it is. ***This is the Pivoting Jew who's beyond reproach or you're the hater. The nicest thing a person can do with people like this is to regulate them.***

BOTTOM LINE: It's supposed to make sense to build a shrine for martyred thugs like George Floyd (pawns) **AND** to exterminate Palestinians, ***but*** never to make Jews accountable because then we would be anti-Semitic whether it be me writing this **OR** the black, Harvard student with the picket sign that had "*the black mind & the Jewish hand*" meme which ***literally*** shifted the leftist Jew & its critical race theory paradigm into a full-on, ***faux*** altruistic war against DEI…..***AGAIN, NOT A COINCIDENCE!!!!!!***

QUESTION: Since when are FACTS considered defamatory? …(I can't get over this one!)

"Justice Jennifer Eady on Tuesday concluded that Waters was making a statement of fact, blocking him from arguing that the assertions were intended to be opinions. The ruling deciding preliminary issues in the case advances the lawsuit toward trial. "The statements are defamatory of the claimant at common law," so says the unfit hag………. Unfortunately, this is the trash that the "Jew.K." has nowadays.

QUESTION: Isn't Roger Waters' following retort proof of a defamation suit that should in fact be aimed against John Ware?….. In other words, the shoe is on the wrong foot!! … The mockumentary should be called "The Dark Side of John Ware: Portrait of a Douchebag".

Roger Waters' Referring to John Ware:

"……indiscriminately mixes things I'm alleged to have said or done at different times & in different contexts, in an effort to portray me as an anti-Semite, without any foundation in fact."

This is the very definition of sensationalism. In other words, sensationalism goes beyond taking things out of context as they cut & paste a false story… ***Ergo***, isn't defaming Roger Waters in this capacity tantamount to acting as a cheerleader for Jewish terrorism— ***SOCRATIC LOGIC***!!.

……***Moreover***, Roger Waters is making the same complaints that others have made about John Ware who seems to skate by on half-truths & technicalities. Don't tell me there isn't a grain of truth to what they're saying & a grain of truth means more to me than a half-truth.

Eyes wide open, John Ware's defamation lawsuit against Roger Waters is nothing more than a bitchy, schoolgirl smear campaign cloaked in a garish display of altruistic narcissism with the endgame being for ***John the Panderer*** to earn a pat on the *head— and funding*— from the great, Jewish Eye in the Sky for whom he's really performing.

…… *Ultimately*, John is living proof of the damage Jews have done in terms of skewing the nation's perspective, moral compass & psyche. ***Ergo***, one can only imagine how damaged Palestinians must be in order to become suicide bombers due to more openly aggressive attacks than that of the daily forms of sabotage & Jewish, double-standards & double-talk that Americans have been dealing with for a generation and a half.

DON'T KID YOURSELF*— much like any bitchy schoolgirl**—- ***John Ware's tactics are ABSOLUTELY personal when it comes to Roger Waters. In other words, it goes beyond journalistic integrity.

Clearly, these are the actions a person stoops to when they possess **ZERO** talent & ideas— ***only dark creativity & inferiority issues!!*** ***https://www.forbes.com/sites/traversmark/2024/01/24/a-psychologist-breaks-down-the-phenomenon-of-dark-creativity/***

Note, the hostages are the best thing that's ever happened to Israel as it provides Jews—***Israeli & your average, American Jew according to their vitriolic verbiage***— with a shoddy pretense to commit genocide on people who remind them of everything they left behind in the desert before invading Europe in the Middle Ages. Like the Holocaust, Jews don't care about 6 million Jews— ***ONLY*** their ability to weaponize them

** **Jewish, role-reversa**l https://www.instagram.com/reel/DMOnQh3NBmU/?igsh=dThmNWJ3eWc2Ym5

Note the above fork-tongued, faux educators are worried about people teaching their children to hate Jews; *but in reality,* all Jews have EVER done is to teach white kids to hate not only Arabs, but to hate & to vilify themselves based on something that happened before their time AND to be doormats for the lowest element of society who Jews glorify as civil rights heroes, like Rodney King— but NEVER native, Palestinians who are no different than your average Mizrahi Jew.

https://youtu.be/oEdNEb8_20o?si=N5fu4_aurWprs9lL

Anyone who could vilify Roger Waters for stating a FACT is nothing but a bold & smirking psychopath who's capable of sticking a knife in an innocent person without batting an eye thanks to an understanding of complicity between rejects like the "John Wares" of this world & their terrorist funders vying to be dynasties.

…..*In other words,* lapdogs for ***Marc Rowan, Bill Ackman***, ***Ari Emmanuel, Sheldon Adelson*** & ***Jonathan Greenblatt*** are the interested parties for John Ware's shinola propaganda, veiled indoctrination & mock-umentaries because that's what you do when you have no talent, ***only parasitism.***

…..*Meanwhile,** I wanna hear "*Learning To Fly*", "*Another Brick In The Wall*", "*Wish You Were Here*" ***AND I want to see a public burning of all Jewish rhetoric, pandering & propaganda that comes steeped in victimology like ***that of John Ware's faux documentary in which propaganda & distortion replaces facts.***

……***NEXT***, I want Marc Rowan tarred & and feathered for trying to use his ill-gotten gains— ***ya' know,*** *from all the $430B fraud schemes he's been running at Apollo Global Management*— to shakedown, bilk, harass & to smear UPENN for the supposed offense of maintaining its academic integrity in terms of ***NOT*** canceling a Palestinian cultural festival with Roger Waters AND for not suppressing Israeli atrocities in favor of ***redirecting*** to Holocaust indoctrination-inspired, white-guilt, youth indoctrination which doesn't help anyone but the Jew….

Does Johnny Ware Not Think So? Well then, listen up because here's Johnny Boy's next documentary…. Does JW remember the moment that middle-class, blacks went PLM & DEI got thrown under the bus following this? If Johnny thinks this is just a coincidence then he's either too stupid to live **OR** too dishonest to ***NOT*** be on my terrorist watchlist.

***BOTTOM LINE*:** **John Ware is nothing more than a sleazy & transparent huslter who serves as an accomplice to Jewish terrorism both in terms of concealing or downplaying Israeli genocides, but also by misdirecting negative attention thru the use of his propaganda-pushing documentaries that're used to lower the prestige of decent people AND that of authentic activists.**

….And in the process, **youth indoctrination becomes incidental as it borrows from Jewish vilification schemes that skew the national perspective & its collective, moral compass…… This is John Ware's, true contribution to society.**

…… It's no longer about facts, ***only*** bogus popularity contests which stupid people go along with to sound smart & noble. I thought the student protesters put an end to this bullshit, but apparently there are some opportunistic relics left among us & not just from Gen X, pseudo-intellectuals ***OR*** crazy stupid hillbilly evangelicals with a revenge agenda against a misperceived left.

…. ***In other words, John Ware wants to take the white man back to the pre-10/07/23 days of institutionalized minds, obedient puppets & normalized, Jewish disinformation & Jew-pandering***.

Clearly, the "*Jew.K.*" has gotten as bad as the "***Jew.S.A"*** as both are cornered by Jewish cronyism with its "*hedge fund hyena*" approach that's powered by the ***Jewish Triad: media control*** (*censorship/ vilification ruses/ disinformation*) **AND *corporate terrorism*** (white-collar, fraud schemes) ***AND sham activism (***institutional control via well-oiled, marketing schemes***).***

Valid complaints are routinely & absurdly tuned out by the tone-deaf chants of anti-Semitism which the Jew abuses in order to keep the other 98% under their inappropriate thumb & it always gets to the point that you can't even take it seriously anymore.

https://youtu.be/ORyoYxbobOI?si=ha9wWb035KkU8svi

…… But more importantly, how does one regulate Jewish scoundrels & their sycophants who pose as victims— *and brainwashing others to enable it*— other than diversion programs, watchlists & regulation that are "*bullet-proof*" from victimology tactics.

……***To make matters worse***, low-lifes like John Ware attempts to hinder all of the above by way of his sham activism wherein I can only conjecture that John is mistaking his dysfunctional home life for that of national interests. But in the end, when reasonable lines are not drawn then backlash occurs. *Unfortunately*, John Ware is hell bent on rational lines NOT being drawn in the sand nor etched in stone thus he invites well-deserved backlash.

…… Jewish monopolies, institutional control & racial misappropriation have been a problem since medieval times with Jews. But we no longer keep them in ghettoes ***NOR*** rely on the Brandenburg Rights ergo how does the native population protect itself from Jewish encroachments whose battleground is the television set, the classroom, bogus lawsuits, heroic, victimology & the nuclear family, NOT expulsion tactics…. ***John Ware is living proof of this!***

∗∗I object only to the Silverstein conspiracy theory as he was obligated to rebuild.

Perhaps ***John Ware*** should look into honest work by producing something that's meaningful such as a groundbreaking documentary on the sinister trio— ***Marc Rowan, Leon Black & Josh*** **Harris**— as this effects us all whether it be from their siphoning of the reinsurance industry— *in what amounts to the world's largest reinsurance fraud scheme that makes the AIG debacle look like the poor man's reinsurance scam*— to Marc using money from their overinflated gains to harass professors into suppressing human atrocities. ***In other words, institutional & mind control.***

Welcome to the mothernest of corporate fraud— ***APOLLO GLOBAL MANAGEMENT****— who has yet to hit me with a defamation suit and not because they label it as opinion… In other words, their recourse this far has been to censor, suppress and most likely condescend…. Terms like* **cronyism** & **greasy palms** *also enter my mind.*

…… *Nonetheless,* Marc Rowan played the benevolent, deep pockets while hiding behind a shoddy veneer of sham activism that's not unlike John Ware's shit pics that basically dry humps Roger Waters' good name.

…….**NEXT ENTER**, a profile of the dark creativity that is BILL ACKMAN & how inseparable it is from Jewish victimology. This will be accompanied by an unfiltered & uncensored analysis & backstory from DEEP CAPTURE which will finally get the attention it deserves….***AND OF COURSE***, a voiceover by ***David Einhorn*** of Greenlight Capital. https://thomasgober.com/the-dark-triad-of-ackman-rowan-greenblatt/

… Meanwhile, I hope the attorneys in this email are still savoring my last email; but more importantly, I hope they're cracking down not just on Marc Rowan, but on the shifty, sleazy CFE Tom Gober along with the misogynistic shit bag, Joseph T. Wells of the ACFE who expressed his clear desire to NEVER again receive complaints or updates regarding his organization's members who take ME TOO to the next level while suppressing "next level", white-collar, fraud schemes.

?? WHY I HAVEN'T RECEIVED ANY UPDATES??

The following is a dissection of what THE DARK SIDE truly is!

Jewish smear campaigns & gangster tactics all served cold by some low-life, psychopathic narcissist, "activist-terrorist", investor-crony who wants us to play him a goddamn violin while he spindoctors a convoluted & enforced victim-hero schtick in order to gain institutional & mind control by normalizing the harassment of University professors who refuse to suppress Israeli atrocities in favor of 365 day a year Holocaust indoctrination.

*……..Of course, none of this seems inappropriate to the pushy Jews who're afflicted 365 days a year with **Jewish Personality Disorder (JPD)….NOR** do they stop to consider how they nag the masses— including 101 yo ex-Nazi prison guards— for not stopping an **entire** Nazi army from killing Jews— **but only Jews!**. After a while, a person finds themselves wishing that Hitler had six more months & a singular, group focus being that this is JUST ONE WAY that Jews inspire or induce hate.*

BOTTOM LINE: John Ware is an apathetic excuse for an Englishman as he's no different than those white whores & societal rejects who runoff to join ISIS & sport of burqa. The only difference is that Jews are more subtle and under the radar about their subversion because they've been westernized and want to make everything Western "Jewish" by slapping a wrongful label on it…. ***This is what our ancestors called the Jewification of Europe.***

***** My response to Ben Goldsmith accusing Piers Morgan of going FULL Candice Owen as if it were a bad thing!!….. FYI, I believe Netanyahu— *who belongs on Dr. Mengele's table*— was included in this Twitter response…**

Ben has to know his place. He's a product of French wh*res & social climbing Jews on the make & their half-breed kids w/cognitive dissonance who're trying to ethnically cleanse themselves of the Jewface while jewifying the upper echelons of society like a disease.

AND

Ben's not a real Jew. He's a product of French wh*res. The Jew wants the white man's woman & the Arabs land. That's Jewish terrorism. Institutional control, the media & white women are the Jews battleground says the counter semite who calls out jewy counter assimilation

8:08 AM 30 Jul 25

This slow moving coup is exemplified by John Ware who had whored out his entire family to a splinter group of Middle Easterners that invaded Europe during the Middle Ages and went straight for white women in order to recruit to them to their transient, ethno-religious group of 12 defunct tribes despite it ***NOT*** being their heritage ***NOR*** it being just a religion. ***In other words, Jews are just an earlier version of ISIS who knows how to make themselves needed.***

FAST FORWARD: Facebook J.A.P. celebrating a Jewish Superman whose mother is Caucasian & Quaker, not an ethno-religious Jew. Here's my response to an ugly, rat-faced Jew married to a friend from high school:

…..He doesn't look Jewish which is how he got the role of Superman. If he looked like an authentic Semitic ethnic Jew like David Krumholtz, Grant Heslov, Manny Jacobs or Jeff Goldblum, then he never would've been cast..

…….Self-loathing, anti-Semitic Jewish men like to breed with white women so they can breed out their Jewish features and you telling me about matrilineal or patrilineal laws are TOTALLY meaningless if not insulting and the reason why Jews were kept in ghettoes.

…… Jews have no right to criticize the white man for protecting itself from some Middle Eastern cult that invaded European and started taking white women & claiming them to be members of some 12 defunct tribes just because they slapped on some bogus law that was NEVER intended outside of other Middle Easterners (Semites). It was exactly these parasitic encroachments that got Jews rightfully contained in ghettoes which formed the basis of their bottleneck, ethnic population.

…..Christianity is a religion, but Judaism is the religion of an ethno-religious group and a traveling ethnostate. Hence, blurring the lines between religion and race is intellectually dishonest and offensive to me. The only thing more offensive is pretending that anyone who doesn't go along with this racial misappropriation is anti-Semitic when in fact that Superman actor is a product of anti-Semitism & of Jewish terrorism wherein Jews always look for loopholes like freedom of religion in order to commit racial misappropriation.

…… *This* is where low self-esteem meets dark creativity which includes dodging accountability by pretending it's everyone else. You give Jews an inch, they take a mile. Remember that Jews were allowed out of ghettoes if they were willing to assimilate, not counter assimilate.

??????Why isn't any of the above in ANY of John Ware's documentaries along with Jewish, Corporate Terrorism that Fuels Jewish Terrorism ???????

Answer: Because John's a pseudo-intellectual reject trying to feel special by over developing a schtick as a faux ambassador-activist between worlds…..But John is no Crocodile Dundee serving as the honorary white boy among the aboriginals. If anything, he's an enabler for usurpers who want to emulate WASPs— *or the native group of their Eurocentric, host country*— until they can wear their skins, call them their own, then get everyone to try & fit in with the new Jew. ***John's marriages demonstrate this.***

…..***AGAIN***, Jews steal from one hand, slap a Jewish label on it, then call it their own despite being an ethno-religious group and anything less is overreach. ***John's children are proof of this…***

…….Let's see how kindly John Ware would've been treated if he had moved to Israel and raised his kids as Christian ***OR*** would they even be allowed to despite having a Jewish mother??… Keep in mind this is supposed to be an ***ethnostate***, NOT a religious Homeland which again makes one wonder why there are Ethiopians there being that an ancient, Middle Eastern race cannot replace itself with white whores NOR "***the help***".

*****When white people said this to Jews they were called anti-Semitic.**

https://www.instagram.com/reel/DMVKpBlCDhG/?igsh=MWx2Zmh1OGtkYjFocQ==

******Maybe John Ware needs to realize what a sick of him he is by surrounding himself with normal Jews…*** https://www.instagram.com/reel/DIwH72QRnil/?igsh=cm0zZDhnd3d5a2h1

… ***BUT JOHN WARE–*** *– like Donald Trump*—- has had the Jewish, "***defender of humanity***" scam embedded in him, but I'd expect nothing less from any halfway intelligent grifter just trying to think big which includes pandering politician who're no servant to the people.

….. What John is doing with his ***sham activism***, ***disinformation campaigns*** & ***half-truths*** is what snakes in the grass do when they want to overturn a society from within. It's exactly this scam— *along with Institutional control & racial misappropriation of European peoples via the application of bogus, Jewish law*— that has earned Jews the epithet of ***parasite***.

…..***NOTE***: Jews are attempting to enforce the labeling of ***true altruism*** as anti-Semitism being that this is ***NOT ONLY*** their warped, moral compass, but because ***ONLY*** the Jew gets to say who the social disruptors & undesirable members of a society are— ***AND IT'S NEVER THEM!!***…. Why do you think they try to keep good jobs and monopolize certain areas??? *In other words*, it makes them seemingly indispensable.

**** Paddy French can love me or leave me, but it would make more sense to investigate the terrorists I complain about as John Ware can't be trusted to do it.**

https://fathomjournal.org/yet-again-the-courts-find-for-john-ware-and-bbc-panoramas-is-labour-antisemitic/

…..*People* of John Ware's ilk confuse the prosecution of corporate criminals who are Jewish with that of anti-Semitism being that even in the "Jew.K." everyone has been programmed to give Jews the upper hand & the inability to make valid complaints. TRANSLATION, this effectively makes us all doormats for Jewish Supremacy & Jewish neurosis that needs to be medicated, NOT enabled.

……John Ware is too old to be this stupid unlike *Kier Starmer who's got to be the intellectual & cultural embodiment of a children's, ABC afterschool special*. Ergo, if John Ware is too old to be this stupid then chances are that he's just plain crooked…..As for the Jewish Voice for Labour, this email must be a double-edged sword so I do apologize, but there's little I can do about it.

BOTTOM LINE: There is ZERO rise anti-Semitism, ONLY a rise in egregious act of Jewish overreach & encroachments. Ergo, I'm not sure how JW has any business leveling accusations of anti-Semitism against the Labour party.

…..If anything, forced ***over*** representation is what the predictable Jew was gearing up for all along. ***But to accomplish it,*** they prep their victimology, vocal chords because they already know that concerned, savvy citizens will invariably try to block their engineering. ***In other words, Plan B "Operation Cry Wolf" was the real plan all along.***

But when it comes to Jews, FACTS & **VALID COMPLAINTS** are unconscionably stonewalled. This is evident by Judge Eady's bizarre, legal opinion that's greenlighted John Ware's lawsuit against Roger Waters— *or was her ruling factual*— I forget…

…..Either way, it proves that they have the same judges in England as we have on the Trump Supreme Court. Note, this extends to the judges who've just placed the final decision to undercut Congressional decisions upon that of the Government Accountability Office…. ***Likewise, we all know that John Ware is hustling for settlement, NOT a trial!…***

NEWSFLLASH! Win or lose, JOHN WARE is nothing but a trash journalist, a sycophant & a contributor to Jewish terrorism, overreach & supremacy. All of his documentaries are little more than overdressed, hate speech and if I made mockumentaries like his in terms of the bombing of the King David Hotel by the future founders of Israel, then I'd be called anti-Semitic because the inappropriate & self-involved Jew has no ***morality***, **ONLY** a pretense of one. it's guided by *victimology*, *double-standards & deflection*.

……***When dealing with pushy Jews***, they don't care that they're guests living among as these 2%'s bully the natives with victimology being that sinister minds who specialize in dark creativity will push as far as you let them. Ergo, in a sane country— *not a country suffering from a Jew-induced social contagion*-— a panderer like John Ware would be regulated if not imprisoned due to his sham activism that pushes for Jewish lies, privilege & overreach.

….***In this imaginary sane country***, brainwashed, white people who always put Jews first— *being that they're deemed as evil if they don't*— they would not be making decisions. Instead, they'd be in a diversion camp with shyster attorneys from Arizona named Tony Zinman. (S*ee Extended cover letter).*

……. *DANIEL BEN-DAVID* is what a Jew is & that's not something anyone can convert to OR be adopted into— *especially Europeans*— without acknowledging it to be a farce or an honorary title to best. Anything less is to ***normalize*** racial misappropriation, double-standards, counter-assimilation (not preservation) & overreach sugar-coated in words like "*evolution*" until the Jew makes the unacceptable acceptable via Jewish DEI that's used to undermine a society without ever having to fire a shot.. ***The marriages of Kier Starmer & John Ware are the living proof of this.***

Next, just look at Quora as the Je stalk about how they're descended from the Israelites, ***yet*** if a person of European descent were to convert then they're just as much of an ethnic Jew as they are despite not being Semitic.. Meanwhile, we're all anti-Semitic for not pretending that ethnic Jews are European…. ***This is where cognitive dissonance & overreach converge.***

But scratch the surface, because the Jewish end game is to gradually produce a more Eurocentric Jew by "*rinsing*" white people like they do money. That's egregious yet Jews try to normalize it by making everyone else seem like the bad guy, ***NEVER*** their actions as inappropriate. Again, Jews were kept in ghettoes to protect the other 98% from the Jewish chicanery that has corrupted every facet of our everyday lives today….. ***NEXT, misdirect everyone towards the Shariah law taking over our lives.***

….. ***Before "The Jewish Chronicles" article closed up on me***, I caught mention of Roger Waters stating that Jews controlled the music industry which is not too unlike what Dolly Parton said ***among others who need not be mentioned***… ***But everyone else is the villain,*** NEVER Jews even if Adam Sandler memorializes Dolly Parton's & Roger Water's sentiments in a Hannakuh song. As I stated before, Jews are always drawn to concentrated sources of wealth or disinformation & they will always cut each other in & form monopolies…

Example: How on Earth do you think somebody like Corin Capshaw— *the founder of Red Light Management*— went from being a college bar owner in a small town to taking a quaint, college band like the Dave Matthews band that played at his bar then made them into a world-renowned band despite a lead singer who couldn't sing & a few black fiddlers who couldn't really play. ***More importantly***, how does some small town bar owner cut out reputable managers— *and more importantly* AGENTS— by representing them on his own which included negotiating with vendors in what constituted walking through closed doors.

……If this were ANYONE else, it would've been an impossibility & they would've been told to have their managers or agents contact them— ***NOT some nobody bar owner!***

….. But all I have to say is, ***"MAZAL U'BRACHA"……Why do you think Jews vilify country music— CUZ THEY CAN'T OWN COUNTRY MUSIC!!!…. But this Jew has managed to steal Luke Bryan away..***

https://www.threebookthursday.com/p/handshakes-trust-diamond-trade-lessons-on-growth-and-integrity

…… I hope that this email reaches the legal representation for **Al Jazeera** as they are co-defendants in the Roger Waters case. Lets be honest, John Ware's true intention is to piss people off so he can then deep dive for the deepest pockets whilst validating himself as a "*real*" journalist. ***This is the double scam John Ware's running & what he's picked up from getting in bed with Jews in every sense..***

…… ***Next***, I understand that it's not considered defamation if you can shrug off one person's opinion, but Roger Waters accusations are shared by all rational people with a conscience AND if Roger Waters were to countersue then he would win.

BOTTOM LINE: The legal concept of accusing a person of defamation for stating a fact either makes ***Judge Eady*** an incompetent hermit who's divorced from reality & at odds with the ICJ **OR** an accomplice to genocide no different from that of Marc Rowan of Apollo Global Management.

……***BUT FOR NOW, until John Ware is ready to start rolling a documentary that exposes these hucksters,*** he's just a pathetic, little bitch & a sorry-ass excuse for a white man— *just like Don the Con*-— as both "*men*" are at heart nothing more than trend-sucking sensationalists who need to be loved. *Likewise*, when you're a ***sham activist***, a ***bullshit artist*** & an ***office snitch,*** these are the lows you stoop to especially when your nickname is ***John "Going No-WARE"!***

…… *Clearly*, John "*Uncle Abe*" Ware is trying to attract attention in order to attract Jewish donors whilst shooting his countrymen in the foot— *not unlike Elise Stefanik & Donald Trump*…. Wouldn't it have just been a lot easier for John to suck Netanyahu's dick being that he's already whored out the rest of his family to Jews?

But in the meantime, I'll get the electric chair & the lethal injections ready because that's what sane people do to a ***Trojan horse*** who's making the other 98% into doormats for the self-deluded Jew & their skewed perspective… ***It's all psychological warfare that wrestles for the rights of one word—"victim"… But I've got another word—- "terrorist"!***

BOTTOM LINE: John Ware is effectively facilitating an "*off the record*" form of apartheid that's held together by the enforcement of Jewish Victimology, the ***normalization of*** Jewish overreach, the ***censoring*** of Jewish corporate terrorism that enables genocide along with institutional control AND ***an internalization*** with Jewish neurosis that exists where an actual conscience should be… ***If this isn't working to enable the tail to wag the dog, then I don't know what is!***

*****NEWSFLASH!!!** John Ware's propaganda, docu-pics pander to Jews while lowering the prestige of decent people because that's what Jews do… AGAIN, this is someone who always felt rejected by his own people— ***especially someone like Roger Waters–*** hence being the token goy makes John feel like someone.

……***Stated another way***, John Ware is either a *rebel without a clue* **OR** an altruistic narcissist, "*rebel with a treasonous cause*" **OR** John just sucks more Jew dick than all the starlets in Hollywood?….. ***After all***, how does a guy with no college education work his way into the newsroom other than being a parasite?

****** Any and all awards to faux journalist, John Ware, are bought & paid for by Jewish terrorism cloaked in sham activism…..Take note, Johnny Boy, if you're going to go after MEND & Interpal then your bitch ass needs to go after the ADL & the Canary Mission, too! … Time to jump the pond!***

https://en.wikipedia.org/wiki/John_Ware_(TV_journalist)

In fact, John's entire body of vomitus work has been criticized as shoddy, marginally truthful, selectively racist & illegitimate by countless people, **NOT** just Roger Waters. ***Yet a judge doesn't take this into consideration???*** John Ware is a sensationalist and a joke among his peers. ***The only peers that stand by this bitch are those who are afraid NOT to stand with him because that's the effect Jewish terrorism has on even educated people. Regardless, no amount of education makes up for people who don't know how to think.***

…… ***Note***, John Ware has created Watergate like scandals regarding Rupert Murdoch, **aka**, *the only man willing to stand up to Donald Trump*. Reminder, Murdock has been quoted as saying that "*you don't get far in life by allowing yourself to be bullied*"… **Food for Thought for both Marjorie Taylor Greene & Harvard.**

……But clearly what I'm getting at is the notion that we're supposed to believe that John Ware's Jew-Skewed news is the real news AND 100% of the time. *In reality*, his whining & his learned victimology does nothing but point the finger towards the corruption & the dumbing-down of the masses which never happens overnight.

…… ***Next, as for a jury of John's JOURNALIST PEERS….***Anyone who bows to a faux "*activist-educator*" like John only does so because they're unfit to be a journalist. ***In other words, forget the fake media & worry about the unfit to judge media which ranks right up there with Leo Terrell as head of an Anti-Semitic Task Force.***

BOTTOM LINE, if the intellectually, sophomoric mainstream media possessed any basic knowledge, then John Ware would've been dismissed long ago.

!!!!!! BEAT SHEET OF CRITICISMS & TAKE BACKS OF CRITICISMS OR LACK THEREOF!!!!!

https://en.wikipedia.org/wiki/John_Ware_(TV_journalist)

- While Ware has been branded "the BBC's Islamophobe in chief" and a "far-right journalist" by some critics on Twitter, he regards what he considers to be the misrepresentation of his reporting methods as more upsetting……. Always right-wing supremacists cloaked in a liberal wrapper.

"It does hurt, of course, if people call me an Islamophobe, or say I am far-right. I hate that, but they are entitled to their opinion. The thing I really don't like is seeing they are basing these opinions on false facts,"……basing these opinions on false facts— *Let me savor this one!!!!!*

- The Labour party says that the *Panorama*programme on antisemitism was a deliberate attempt to mislead the public that was "seriously inaccurate"…

…… I pray that Corbyn is just covering his ass from Jewish, witch hunts & its whores being that Jewish terrorism is bitchy, preppy terrorism that stages false, popularity contests & false, morality contests.

…..Note, Corbyn is a two-faced idiot for referring to anti-Semitism as a poison when in fact it's Jewish machinations & misbehavior that acts as the bad apple that ruins the bushel. First, it dumbs down & berates people into the ground. Second, it pit the mainstream against each other wherein they all compete for approval from the Jewish Eye in the sky just for putting Jews first & for serving as doormats to their "social disruptor", trash pawns whether it be some ghetto thug or some big ugly guy in a dress who wants to compete in women's sports.

…. The big picture here is about the Jew working overtime at lowering the prestige of decent people who are their enemy for either seeing through them which includes for not bowing to their pawns. Either way, this means that "normies" are standing in the Jew's way.

….. This was life in the "Jew.S.A" before blacks went PLM wherein the Jewish construct had to then weaponize people like the Redneck, religious right who had taken over the Republican party being that they were the only ones willing to stand down White & Christian vilification ruses that had been aimed at Republicans pre-2000 being that the Democratic party & the media had been hijacked by Jews which then took aim at Republicans who were largely two things: traditional, white Protestants **AND** Reagan-era, big business attacks on the middle class & the environment.

Nowadays, these two groups appear as a ***much*** more severe & stark contrast to one another especially since the upwardly mobile set has been jumping ship from the Republican party AND as Trump terrorism attacks the middle class, the environment, and any Democratic safeguards while flagrantly operating under very Jewish-inspired, defender of humanity scams & acting like a loudmouth bully which Reagan never would've done even in his worst state of mental decline which Trump is in now.

. In the end, Trump is putting Israel before the US for his own gain & getting foreign countries to make up the difference in terms of financial discrepancies from not taxing his billionaire cronies their share. This is Trump economics. I dare say it's not too different than what's going on in the UK especially with an unfit & addle-brained Kier Starmer.

……"This criticism (Ware's) is based on what party officials say is the "selective quotation" of an email sent on 10 March last year by Corbyn's adviser Seumas Milne following a decision to suspend a Jewish member of the Labour party, Glyn Secker…

…. I would love to review these complaints as they typically amount to nothing more than Jewish overreach being stymied as we've seen at UPenn & Harvard.. But this is just part of the Jewish mind fuck which simpletons of today enable and mostly because they're unprepared for being badgered & bullied by Jewish personality disorder— *and its sycophants*. Ergo, flawed logic takes hold of decent people's minds who know only how communicate like normal human beings— NOT like a badgering Jew who plays the victim.

ENTER Ursula Morgan—- *Bring it on, Bitch!*

As for a "SELECTIVE QUOTATION", ***Marc Rowan no longer wants to fund UPENN due to its lack of Jewish OVER representation.***

- The then Home Secretary, David Blunkettdescribed "The Asylum Game" (2003)[20] as a "poorly researched and overspun documentary" which uncritically repeated the claims of MigrationWatch UK, an organisation campaigning for tightening restrictions on immigration to the UK.[
- The Muslim Council of Britain, described his 2005 *Panorama*episode "A Question of Leadership" as "deeply unfair" and "a witch hunt".[7] The programme attracted over 600 complaints within a week of its broadcast:[24] . ….. John has learned from badgering Jews how to make irrational accusations stick..
- *Guardian* journalist Madeleine Bunting described Ware's claims in the documentary as "veer(ing) erratically from the McCarthyite absurd to some legitimate accusations"…….. Yeah right!….Half-truths really help to blend in the overall bullshit while never veering too far from the basic premise…***GOT IT!***
- Responding to *Panorama* episode, "Faith, Hate and Charity", The Muslim Council of Britain described Ware as "an agenda-driven pro-Israel polemicist".[29] Interpal claimed it had been "vindicated" by the Charity Commission,[30] but the latter said: "Our report does not give the charity a clean bill of health."[31]

https://en.wikipedia.org/wiki/Interpal ANYTHING that helps Palestinians is designated a terrorist organization by Israel especially if it's ***Palys for Palys.***

https://www.aljazeera.com/news/2025/8/5/jewish-britons-decry-ban-on-palestine-action-as-illegitimate-unethical

…UPENN was turned into a mothernest for Jewish terrorism the second that busy body, alpha bitch– ***Marc Rowan***— tried to strong-arm a professor into suppressing facts pertaining to human atrocities committed by Israel and then BRAGGED about doing so while enlisting **PROPAGANDIST JOHNATHAN GREENBLATT** because that's the warped, Jewish mindset which dictates that everything that doesn't give Jews the upper hand & make everyone else grovel to them is anti-Semitic.. ***It's a hustler's code shared by John Ware..***

….. ***WHY do you think people have always hated Jews & bemoaned— "always the victim".?…*** In other words, what Jews call ***discrimination*** is oftentimes really just **regulation** being that the white man has always understood Jewish designs– ***not unlike that of Bill Ackman & Mark Rowan's.*** *Likewise*, Jews have known that people understand what they're up to which is why the Jew is left with one choice and that is their marked refusal to drop a disingenuous, victim pretense by instead expanding it.

…… ***Nowadays***, Jews have made things A LOT easier for themselves simply by making everybody scared & stupid— *starting with the younger generations wherein they vilify their ancestors instead of leaving the past in the past.*

……"There are four main findings by the Commission arising from *Panorama*'s investigation, of which three go against Interpal, while on the fourth the Commission admits it is effectively unable to regulate.[31] The then-Labour MP Dr Phyllis Starkey told the Islam Channel that ***Ware had approached the programme with a "pre-set" agenda*** and accused him of "deliberate" misrepresentation" by not explaining that Hamas had "won power through a democratic election." Starkey apologised for "impugning" Ware's "integrity, after he pointed out that he had referred three times to Hamas's election victory.

Testing!! Testing!!… Mental comprehension skills!! It doesn't matter if John explained three times that Hamas had won through a democratic election as he still maintained a preset agenda. *More importantly*, these organizations can't always control where the money goes

…….. *Conversely*, Jewish, sham activists— *such as ADL or the Campaign Against anti-Semitism*— is founded upon machinations of portraying themselves as the defender of humanity wherein what little good comes to "*the other guy*" is a mere side effect to what the Jew gains in terms of undermining the mainstream. ***Jews have an angle, John Ware has an angle, but Roger Waters doesn't maintain an angle being that he defines true altruism.***

…… Unfortunately, this sham activism has had a negative, exponential effect and nothing proves it more than Donald Trump who's used Jewish sham activism as his template for Trump terrorism along with a slew of 700 Club, Redneck loons who oftentimes have now joined forces— since October 7th 2023— with a bunch of shyster Jews like Larry Kudlow who up the ante by calling themselves a Think Tank.

Do the world a favor, John, get an honest career OR stay out of everyone's way!… Drop your lawsuits, you fucking fraud with no education & a massive imposter syndrome & get professional help. Maybe then you can stop identifying so closely to skulking encroachers with a victimology agenda & a chip on their shoulder who vie for institutional control.

BOTTOM LINE: **There's no rise in anti-Semitism. Only a rise in Jewish Supremacy and the counter-Semitism it produces**… Nobody can live with anyone who displays a completely tone-deaf level of pure belligerence which is exactly what a chronic & stubborn display of misdirection of accountability is. Stop defaming Muslims, Claudine Gay OR Roger Waters and start looking in your own backyard because whatever hate Jews get, they bring it on themselves & John Ware fans its flames like the piece of Cockney trash that he is.

…. John's mantra has always be been, ***"if you can't fit in with your own people, then be a W.A.S.P. among Jews who want to emulate WASPs"***. *For now*, John Ware is free to come after me on defamation charges based on FACT, but like every coward & ignoramus he'll use faux condescension & ad hominem while getting nothing show for it except egg in his face. ***In other words, I'm not the deep pockets this bitch is looking for.***

…… ***Unlike the faculty of Harvard & UPenn,*** I don't have shit to lose NOR will I be played by transparent, Jewish social-conditioning tactics which try to brainwash people into thinking that they're cosmopolitan intellectuals & the "*hero of their own ABC afterschool special*" for pandering to Jewish lies.

Instead of John Ware staging a witch hunt against everyone who's offended him— *not unlike what Donald Trump is doing*— John NEEDS TO GO AFTER WHAT COULD BE THE BIGGEST JOURNALISTIC PIECE OF HIS CAREER UNLESS HE FEEL A KINSHIP WITH JEWISH, CORPORATE TERRORISTS WHO SILENCE GENOCIDE & SIPHON THE SOLVENCY OF THE REINSURANCE INDUSTRY.

……. ***In the meantime,*** I'll be telling off every age-old, Jew terrorist posing as "*the victim*" along with their pseudo-intellectual, goyim trash sycophants who flatter themselves as being an "*honored ambassador*" to this closed community. In reality, these attention freaks are nothing but pandering tagalongs seeking validation anywhere they can get it while trying to fill a void within themselves by creating the illusion that they're special & "*in the know*" keepers of some secret society. … ***AGAIN, herein lies the source of the pure shinola Roger Waters is going through with John Ware!***

…….. ***Why can't we call a spade a spade!!*** *Inarguably*, pious posers like John Ware effectively serve as *dangerous cheerleaders* for Jewish overreach & disinformation by making the unacceptable acceptable. Always be on the lookout for role-reversal & sugar coating.

**** Is John Ware planning on suing Bob Geldof as well?**

https://www.instagram.com/reel/DMoY-cyTLFf/?igsh=MWtyYXB3MmM0cG85NA==

….Watch out Australia! You are all effectively defamers of John Ware, douchebag at large ?? https://www.facebook.com/share/r/16fyh2gEEc

….. It's no longer about pandering to Jewish lies & disinformation by labeling them as FACTS—*which Marjorie Taylor Green has been railing against*-— because it's now about pandering to the egos of insecure, goyim simpletons who're inadequate nobodys within their own mind so they build affectations of expertise in an attempt to reinvent themselves just as much as Jews are trying to reinvent Jews as something they've never been. This is what the Jews have psychologically done to us & these are the weak links they prey up in society. ***Needless to say, John Ware is a weak link.***

Unfortunately, Americans— *especially Gen X social climbers*— are unsophisticated enough to buy into these fourth-rate, goyim panderers who cry wolf OR pose as experts yet possess very little basic & relevant knowledge, ONLY Jew-induced ***confirmation bias*** & a need for attention by inventing a niche they don't have.

These are personal weaknesses Jews prey upon along with the social climbers & the former bullies who are trying to "fit in" by conforming to Jewish lies & nonsense which seems to get everyone labeled as kind-hearted, cosmopolitan intellectuals in the ***Jew.S.A.*** & now the "***Jew..K…… Like I've said before, idiots & accomplices flock to Jew-pandering like flies to shit.***

Remember, Gen X in the US is the wasted, Jewed-up generation that's unfit to lead & unfit to judge, but unfortunately their pseudo-intellectual ego refuses to accept this. Ergo, they instead try to ***sabotage***, ***censor*** or throw ***faux condescend*** at those with *basic knowledge & rational thinking*— ***two things they know nothing about.*** *In other words*, they're mirroring Jews. This is why foreigners have asked me for years what's wrong with Americans and I've told them—- ***Jews***.

Unfortunately, many Americans—***not unlike John Ware—*** will stick by this farce as they're too proud to admit that they're laughed at elsewhere so they instead lash out at the source of their angst with false accusations all while existing in a brooding state of conflict.

….. Ergo, bruised egos replace facts as the Jew-skewed, intellectually & culturally deficient white mainstream repeats words like ***anti-Semitic*** or ***defamation*** as a means of bandaging their ego, NOT defending Jews…… ***but that was how the chips were lined up to fall with only Jews & their accomplices coming out ahead.***

For now, I'm going to listen to a true contribution to society, NOT the pig shit with a Jew seal of approval that John Ware's shoveling & fighting to legitimize thanks to dirty & dumbed-down judges on his side— *much like Donald Trump!!!*
