Dear Marc Elias, Cooley Law, Letitia James, Andy Beshear & the attorneys generals challenging Trump,

1. If you want to take down Trump, then you muscle his oligarchs and make them turn on him. After that, you can watch the dominoes begin to fall. Furthermore, you'll be doing something more lasting as his corporate terrorists will no doubt outlive him.

..... What's more is Trump believes that he can maintain effective control once he leaves office, *but in reality*, this novelty salesman & ineffectual frontman for the mob will be dropping dead in a few years. *Nonetheless*, Letitia James understands that this family needs to be bankrupted.

..... **OR** at least piss off the most dangerous elements of the clan by placing controlling interests in the more innocuous hands of Tiffany Trump & her hotelier husband if that can even be done.

**** What's with this family & sex traffickers— et tu Barron?...Now, Andrew Tate!** https://youtube.com/shorts/7yl_UQ_ndo3Y?is=xQSnX5jHMJegnG25

..... **Note his Romanian & Vanuatu citizenship with the latter being a red flag for offshore accounts.** https://en.wikipedia.org/wiki/Andrew_Tate

1. **Speaking of Letitia James**, I spoke to Letitia back in 2023 **and** she's been following my sometimes divisive— *but never untrue*— email campaign. *Two Things: First*, I find it unethical & mind-boggling that she has not eagerly exposed what we discussed in that phone call especially in light of the ongoing Leon Black interrogations.

..... *Second*, if Letitia had acted upon the information I urged her to expose at the time— *which was tied up in my own version of the unsung Me Too Movement*— then corporate terrorists & Friends of Epstein-Trump, *such as Leon Black, Marc Rowan & Josh Harris who're at the helm of the world's largest, white-collar fraud scheme*, their crimes would not only be exposed, but they'd be used as leverage capable of crippling Donald Trump as we speak.

..... *Likewise*, private equities such as Apollo Global Management could be transformed being that APO has for years served as the mothernest of corporate terrorism responsible for *siphoning the insurance industry at breakneck speed which will lead to the next financial collapse much sooner than expected* as *"it makes AIG look like the poor man's sham reinsurance"* said my unethical & egomaniacal, former partner who was the lead, expert witness against Hank Greenberg in 2008.

<https://thomasgober.com/attn-tucker-fishback-friends-of-epstein-the-final-solution-for-marc-rowan-leon-black/>

... *Nowadays*, my former partner simply lies & pulls the rug out from under his own attorneys, billionaire investors, proven lobbyists with White House contacts & myself who had brought them all together despite us all having gathered for the apex of his career. This, *of course*, would have entailed exposing & attempting to correct through Dodd Frank reform the largest, white-collar, fraud schemes that centered on the insurance industry, which is a bigger part of gold than banking.

This unethical dissolution occurred for no other reason than due to the spiteful, temper tantrums & abusive, ego trips of my partner who took out his rage on everybody due to him having butted heads with a dismissive investor like David Einhorn of Greenlight Capital who found him to be annoying instead of David taking advantage of someone who could have been something of an annuity for his business..

..... *Next*, this storefront hustler & living example of altruistic narcissism then attempted to play the conscience of the accounting world who was fighting a *"one man battle against the system"* routine while never being brought to justice by the malignant & elitist chauvinists of the ACFE who enabled this man (who was stringing me along & refusing to sign contracts because his *"word was gold"*) to intentionally defraud me of the moment in which I would get paid on contingency and not even by him. *Furthermore*, I wasn't the only one who was cheated as this list includes the American policyholders.

..... *Meanwhile*, the world's largest, provable fraud schemes go unexposed by the mainstream media despite them hanging in plain site **and no one doubting me or my sources???**

..... *Likewise*, Trump oligarchs could have been deposed by now thanks to a campaign that was beginning to take shape just before the break of the pandemic. Instead, these miscreants are now funding genocide while destroying our civil rights via the implementation of revenge-driven, witch hunts & power grabs cloaked in sham activism compliments of openly felonious, activist-investors and their marketing schemes which get propped up by Jewish, media cronies who enforce everything crazy as normal & everything normal as crazy. **Again, this is Donald Trump's inspiration in terms of pushing his election fraud myth to shaking down Zielinsky & the Ivy League.** <https://youtube.com/shorts/teTyxbJBRbU?is=czt65AuPias-9J9>

..... I also want everyone to know that I resent the fact that Kim Miller of KSF Counsel is trying to whip up a lawsuit against Apollo Global Management due to its past relationship with Jeffrey Epstein as opposed to APO serving as the mothernest of white-collar, organized crime with starting figures of \$430 billion in MODCO fraud schemes among 45 U.S. insurers with an upwards estimate of the \$3 trillion mark.

****TWO ATTACHMENTS:** The Roberta Kaplan & E. Jean Carroll attachment is 4 1/2 pages. <https://thomasgober.com>

..... The downloadable link below on David Einhorn of Greenlight Capital & Brighthouse Financial has a 3 part structure with the first part being my backstory of being defrauded by the golden goose of big law which is commingled with that of the suppression of major, corporate fraud schemes whether it be APO or me putting a major crimp in a \$3.4 billion insurance buyout by BHF being that there's no way Aquarian could be buying this company at a premium knowing that it was established in Delaware broke from day one as a dumping ground for MetLife debt **unless their only plans for it would be a dividend recapitalization scheme.**

<https://thomasgober.com/david-einhorn-aquarian-holdings-lie-to-their-investors-apo-siphons-the-insurance-industry-funds-genocide-shakesdown-the-foundation-of-this-country-thanks-to-one-unethical-cfe/>

..... *Also*, the second part focuses on Jewish terrorism attacking a Nakba exhibit at the Canadian Museum for Human Rights whereas the third component involves an appeal to Tucker Carlson who is in interviews with a Republican, gubernatorial candidate in Florida who had an unsavory falling out with David Einhorn AND who has secretly drawn inspiration from me as I know that I've reformed his way of thinking in areas such as put America first, not Jew pandering induced by altruistic narcissism & greasy palms with the former being used to obfuscate the latter. <https://www.miamiherald.com/news/politics-government/state-politics/article316577925.html>

Bottom Line: This means that everybody is using me & I'm not getting anything out of it except for being shined on despite being the GOAT whistleblower and for no other reason than all of the so called anti-Trumpers & self-proclaimed, defenders of justice are too busy nursing their bruised ego by boring the country with go-nowhere interrogations involving Leon Black in order to make themselves look good while suppressing Leon's worst offenses..... **These are not public servants, these are showmen.** This includes those interrogating Leon Black as we speak despite having been emailed by me with evidence of his \$430b dollar fraud scheme among 45 U.S. insurers.

..... So how does a whistleblower sue everyone in this email who is not helping me push this through which includes a probably jealous & skulking Harry Markopolos who I had spoken to a few years back as he himself had said that *"nobody belongs in prison more than Leon Black"* despite not knowing about Leon's most prolific, fraud schemes, which of course his ego would not accept?

Furthermore, Leon was supposed to be on Harry's 2023 hit list, but he seems to have missed that date..... For now, am I supposed to post a list on my website in terms of everyone in my emails of any influence who is suppressing these fraud schemes? In other words, before you sue Donald Trump, you're going to have to either represent my cause OR start disbaring each other.

.....Meanwhile, the **showmen** continue to distract everybody with the enforced glorification of some dried-up, huckster-whore like E. Jean Carroll who I'm supposed to be peer-pressured into believing is some kind of feminist, civil rights hero. This is the sort of over-hyped lunacy that throws fat on the flames of everything from petty lawsuits to the dumbing down of this country which then in turn attracts manosphere backlashes. Meanwhile, who's defending Stormy Daniels from Trump sticking her with his legal bill after the DOJ exploited her before ultimately screwing her worse than Trump, pun intended.

NEXT!...

???? JEWISH ATTORNEYS AGAINST TRUMP????I'm afraid there is the question of a conflict of interest here not unlike that of Roberta Kaplan, *attorney for E. JEAN CARROLL*. It's something that Elias Law cannot overlook and must answer.

Trump Terrorism's emulation of Jewish terrorism means that to understand one, then one has to understand the other. In a nutshell, both come rife with "*project & defect*", role-reversal & preemptive strike tactics which are then coupled with transparent, "*defender of humanity*" pretenses. Next are the Jewish, marketing schemes which by definition must employ vilification ruses & the weaponization of fake victims in order to unconvincingly cloak revenge agendas along with political-financial, fraud schemes. This is further "*legitimized*" by media cronies & the censorship of sane voices via more vilification ruses..... ***Does Marc Elias defect this by drumming up fake accusations of anti-Semitism? If so, then you're on the wrong team.***

**** Any white person not dumbed down enough to be stewing in a chronic state of white guilt for the Jew or their pawns already knew what this MOSSAD agent is saying .** <https://www.instagram.com/reel/DLXhPeTRnbo/?igsh=YXM5bGR6bmE5OWp6>

The name of the game is to vilify the foundations of the mainstream society in order to make it their own..... OR in the case of Donald Trump & Elon Musk, to dismantle it altogether. This typically involves pitting people against each other OR at least inciting stupid people with misdirected, revenge agendas to become your personal IDF or January 6th rioters. ***This means that whoever controls our president controls the world.*** Ergo, at the end of the day Jewish interests are *effectively* exerting de facto control of the country which they further ensure by creating the illusion that we're all anti-Semitic for making valid complaints. Not only had Donald Trump enabled this, but the spoils have been divided while protecting his accomplices by never fully releasing the Epstein files.

.....In other words, all I see are unrelenting acts of treason & war crimes wherein conflicts of interest have become a way of life based upon profiteering that involves everything from rigging the stock markets to getting rich off of wars. Likewise, we're dealing with a president who congratulates himself for his tax cuts because now his poor friends can now afford a private jet. Bottom line, Trump & Musk—like Napoleon—need to be rotting on a desert island surrounded by only barbed wire & their accomplices. I'm satisfied with Guantanamo Bay. ***Thanks, Rep. Smith!*** <https://youtube.com/shorts/XhZiJ0GHJE?is=x3uef6Y8KIQhAqIV>

****But back to the Epstein files, thanks for the Ghislaine info Dave says stuff.....** <https://www.instagram.com/reel/DYHnZCJOVWW/?igsh=eW6ODRldzI2YjM3>

.....What Dave is saying isn't an Israeli or Zionist thing. It's just atypical of the Jews that have lived among the white man for a millennium. It's also why they were contained in ghettos as these preppy subversives work thru more subtle means in order to attain institutional control & "*victim card*" power grabs in what typically involves leftist, social movements that assign who's the **good guy** vs who's the **bad guy** with the latter being anyone who understands the mind of the Jew.

..... In today's world, it all comes down to the white man's woman & the Arabs land wherein everyone is just a pawn to fight their wars and to falsely inflate the Jewish population by making Jewish into something that it's never been nor does it make sense except to those with cognitive dissonance, Jewish personality disorder & imposter syndrome.

Clearly, the power of this sort of an attack involves making the younger generation into mindless lapdogs who vilify their ancestors while psychologically over internalizing for Jews without having all of the facts which of course are suppressed & perverted by Jews not unlike the Epstein files. This is also includes the glorification of hostile overthrows of peaceful societies after hunkering down in the desert for 40 years, which is about the same amount of time it's taken to dumb down two generations of white people in this country. The other trick involves peer pressure to make everyone fall in line with a farce. This starts with the weakest links who are easily dumbed down and convinced of their mental & moral superiority because these are the ones who will attack stronger minds that are willing to call out the psychological warfare tactics as they happen.

Instead, we just have ignorant sycophants that serve as doormats for their abusers instead of doing time in a deprogramming camp. Regardless, this is how Jews have created the first generation of white people in 900 to a 1,000 years who don't know what Jews look like despite Jews having held their head underwater with white guilt & unworthy underdogs, which has distracted everyone from the international Jew that's been skewing the Palestinian population to the same degree as they've skewed *the western mind*, but with bulldozers & expulsion tactics.

Obviously, a modern media that Jews control through cronyism has helped to mass brainwash not unlike how hedge fund hyenas have taken down companies for their own gain as the economy suffered & their Jewish cronies portrayed them as heroes. Newsman Rick Sanchez has been very clear about the enforced censorship he's experienced with a Jewish controlled media in terms of it not exposing Jewish atrocities & blackballing anyone who does by smugly crying wolf or anti-Semitic, which only explains why people have been driven over the edge by Jews for eons.

This is how the tail wags the dog & dumbs down a society while they stay the same. It makes me question the existence of any actual conscience or accountability if only victimology, moral pivoting & Jewish, marketing schemes intended to skew everybody's reasoning & the facts pervade among the majority. Even worse, it's this broken world compass that dictates facts as much as it dictates who are friends and enemies are & it's deeply-ingrained in the moral gymnastics of their trial attorneys. This is why the Jew.S.A. comes before the USA.

What I'm saying is not traditional anti-Semitism, it's the traditional Jewish problem and it's taken its mask off ever since Trump came to office in his second term. No more right-wing supremacists cloaked in liberal wrappers like the genocidal maniac Randy Fine of Florida who gets to live by Jewish, double-standards as opposed to life in a ghetto or a gulag where he can feel free to nurse his Jewish, persecution complex—along with all of its false realities, sick rationalizations & double-talk—that makes his life more palatable all without imposing upon the native people of both the Middle East & of Europe. ***Again***, your traditional Jew doesn't stray too far from Randy Fine, which is why they had to be contained in ghettos. ***What does that say about dumbshit Americans who view Jews as their friends?***

Backstory wherein Marc learns something about himself today..... and hopefully so do my wreathers..

Keep in mind that the word "siksa" is Polish for *slut*, but a Yiddish corruption of it is "*shiksa*" which is synonymous with an oftentimes blonde, Eurocentric, non-Jewish woman being that this would reflect the native people of the Jew's host country. The message is clear, ***only*** objectified chattel OR a gold-digging slut with few options in life would betray her heritage to then pretend to be part of a defunct, ethnoreligious group from the Middle East which is not unlike those weird, white women who join ISIS & don a hijab.

This is what Marc Elias is a product of as he is not a true Semite or ethnic Jew, such as RBG, Harvey Weinstein, Anne Frank, Amy Winehouse or Ari Melber. Likewise, Jews have always strived to mix with Europeans because they were foreigners who were never considered attractive so instead of assimilating with the people they wanted to emulate, they instead use their religion to reinvent or to "*Jew rinse*" the native Europeans as their own whilst pretending that it's genetically possible to look like them or at least a compromise of the two without being mixed.

.....***OR*** even worse are Jews pretending that ethnic Jews are native European like Mayim Bialik, who identifies as Eastern European (a "commie" & Nordic supremacist term) when she could not be any more of a poster girl of everything revoltingly Jewish-looking. Nonetheless, this didn't stop her from breeding with a loco, white guy with a cult follower complex who *converted* as she pretends that her children are real Jews then calls anyone anti-Semitic who doesn't go along with her nonsense & abominable encroachments despite identifying as Eastern European which is not Semitic. ... ***Note***, the better looking Jews try to pass as Italian or Greek.

..... ***But back to ole Jewface Mayim as she's a prime example of how*** Jews pretend to be the victims if you don't go along with their brand of blatant encroachments & science-fiction "*laws*" which they've thrust upon non-Semitic peoples without ever understanding that this is not only why they were contained in ghettos for centuries, but it's exactly what makes this upwardly mobile, subversive subculture so frustrating to deal with.... Needless to say, over time their dishonest, defense mechanisms have dangerously evolved.

****The final solution for the Goyim** https://youtu.be/FvmGIFShz9k?is=3OWwg1cd1tQtiD_S

Prime example, Jews have perverted freedom of ***their*** religion into that of the Jew's freedom to commit racial misappropriation of the people of their traditional, European host country thus not only misrepresenting both identities, but it effectively gives Jews the greenlight to parasitize the host country by calling everything not Jewish as being Jewish —like *challah* or *Marc Elias*—despite the fact that Jews are a splinter group of middle easterners with their own anonymous religion. ***Where are my reparations? Note: this***

is Donald Trump's template in terms of his gerrymandering that's used to undermine or skew actual populations.

Needless to say, it takes unrelenting brainwashing & berating to make the other 98% walk on eggshells in order to "legitimize" encroachments & overreach that is intended to work against them. *Meanwhile*, rational people are vilified either by the inappropriate Jew or by their own people who have been dumbed down & turned against them, yet who believe themselves to be smart & righteous. In other words, the U.S. had become an **effective**, apartheid state held together by psychological warfare via institutional control long before it became the "**Redneck Jew.S.A.**"...

..... Now it's play the right against the left and continue to vilify moderates, like the student protesters, until there's nothing left but easily controlled & easily vilified polar opposites.....**We have to break this cycle!**

....Note that non-ethnic Jews like Marc Elias were **prevented** for centuries by containing Jews in ghettos, but ghettos have backdoors or loopholes as do crooks who put Jews first by intentionally misunderstanding religious liberty, whether they be Donald Trump or Napoleon Bonaparte, who gets the smartest crooks he can find to serve as his henchman because we all know that Donald Trump is getting a lot more out of it than what their titles suggest.

<https://thomasgober.com/the-dark-triad-of-ackman-rowan-greenblatt/>

Likewise, Leon Black whose son has been assigned a conflict of interest in the Trump regime has his own financial loopholes that've syphoned the insurance industry while his bagman, *Marc Rowan*, has taken his ill-gotten gains & advantage of his position in society to harass the faculty at private universities into erasing an entire group of people while silencing war crimes committed by Jews just before being propped up by Jewish cronyism in the media as a hero.

<https://whowhatwhy.org/politics/us-politics/epstein-files-may-give-blackmail-a-whole-new-meaning/>

Has Elias Law ever thought about attacking Donald Trump's Religious Liberty Commission being that is all about institutionalizing Jewish privilege, nonsense, double-standards, double-talk and lies that rely upon Jew-badgering & presumptuous claims of anti-Semitism because this is where Trump's drawing so much of his power.

.....In other words, Jewish corporate terrorists who are largely backed by mainstream Jews, along with inbred & culturally deficient, Evangelical rednecks who are too stupid to understand that they're not getting revenge on the left, but only shooting themselves in the foot while serving as footmen. Meanwhile, the Nuremberg laws & Brandenburg Rights better protected the other 98% from Jewish victimologists, NOT Trump's Religious Liberty Commission which is a sham activist-terrorist storefront, NOT Antifa which Trump is trying to vilify being that he is a fascist.

*****The most Jewish man in the world.** <https://youtu.be/AeZj2096h-Y?is=GCD7KfoCdp63mFcC>

Join me on Quora wherein a person can watch me can contend with a bunch of carping Jews trying to push the nonsense that a person who converts to Judaism becomes an ethnic Jew. So remind me again how natives can live peacefully with a subversive cult like this except other than agreeing to either exist as pretentious, dumbed-down doormats OR by regulating Jews without putting them in ghettos?

Immigrants from Eastern Europe want to know why I'm the only American who knows what Jewish looks like because they don't understand that it takes a good forty years to dumb a population down in order to push it around. This includes Jewish, sham activism & its transparent, anti-establishment agendas that always come cloaked in some phony, defender of all mankind scheme wherein anyone who benefits from it is merely a side effect, *much like African Americans*, until they went PLM and then they found out how the sword cuts both ways.

**** The Family Guy, or is it Shabbos Kastenbaum** <https://www.instagram.com/reel/DNTjqMARTyh/?igsh=MXdmOXEzN2hhM3J1Ng==>

Bottom line, we need to put America First which includes normal candidates for the presidency such as a pro-choice version of Thomas Massey & an Andy Bashear. Otherwise, there will be no de-escalation of the nation's ongoing left & right idiocy which stems from this snowball effect of the **over the top, good guy** versus **the toxic backlash guy**..... **and we know what keeps feeding it!**

Thanks again, Nick! <https://www.instagram.com/reel/DbBqzSwSbV/?igsh=Z2ZuOGp6bngybDY4>
