In Defense of MARK ZUCKERBERG, Macklemore & John Galliano!

Dear META or Mark Zuckerberg's attorneys AND to the absolutely worthless, state attorney generals involved in the lawsuit against you, like Rob Bonta, please feel free to use word search & look to all blue highlights for anything META-related,

Dear John Galliano & the MOSSAD agents who control the Metropolitan Museum of Art thanks to their bribing of tone-deaf sycophants who pose as civic-minded role models whilst ignoring protesters on their front steps with real issues,

Dear Attorneys for Our Civil Rights like FIRE for Austin Franco & Protesters like Macklemore & Kneecap who need to pursue lawsuits for hate crimes, harassment & gross abuse of power,

Dear Righteous Jews like Sen. Ron Wyden & Sen. Jon Ossoff & anti-Trumpers Against Epstein Republicans,

Dear Legal & Journalistic Miscreants whose apathy & sham activism has given a "pass" to the worst international terrorists of all time from Apollo Global Management & its Trumpist Board of Peace then throw in Metlife's insolvent, "dumping ground" for debt— Brighthouse Financial— with its illicit, private equity buyout at a premium as you pretend to do something meaningful, but don't really give a shit if the deep state hides in plain site with its largest, fraud schemes & longest-running, human atrocities scheme of all time,

.....and finally to Tucker Carlson who wastes his time on jokers like Megyn Kelly & this guy as they discuss why letters are in algebra....

TAKE HEED: THIS IS ALL GOING ON MY WEBSITE & IT'S 60 DOWNLOADABLE PAGES, so you might as well read a little at a time because it's not going anywhere & neither is my desire for a class action suit against Brighthouse Financial, Metlife & Apollo Global Management AND domestic terrorism charges activist investors such as Marc Rowan, Bill Ackman & Jared Kushner.

..***Note***, I expect David Einhorn of Greenlight Capital to step up to bat.

!!!! *NEWSFLASH*!!! California's AG— *Rob Bonta*— has led the charge against Meta & Facebook to the tune of an unjustifiably HUGE settlement. *This includes Instagram, which is a subsidiary that has never been bought out for the purposes of dismantling much to their credit.*
https://www.facebook.com/share/r/1DnoLuLMuU/

..... Rob was also joined by attorney generals most notably from Colorado, New Jersey & Kentucky. In other words, the Redneck Jew.S.A. & two, Gen X Dems who were raised on sham activism in this country.

Cutting thru the psycho-babble, this META lawsuit is nothing more than misguided censorship & the shaking down of *"big game"* instead of taking the more direct route of just taxing billionaires their fair share like the U.S. did in the 1950's with all fifty states standing together.

Open Bribery: *"Google co-founder Sergey Brin has spent over $102 million to defeat California's proposed Proposition 40 which would impose a one-time 5% wealth tax on state residents with over $1 billion in assets, a tax that could personally cost Brin roughly $13 billion".*

..... In other words, kids are going without healthcare, but Jamie Dimon thinks everyone's just jealous without seeing how replaceable he is & how replaceable guys like him become over time. PLUTOCRATS & THEIR 3 LIES: https://www.facebook.com/share/1DK7xToCsJ/

.....My point being is that the least **Rob Bonta** could have done was to pursue big game on less dubious grounds because this farce puts me in mind of the E. Jean Carroll case which only served to fuel Trump terrorism & to set a dangerous precedent, *not justice*. https://thomasgober.com/e-jean-carroll-roberta-kaplan-rightfully-fuel-trump-terrorism/

CALL TO ARMS: Mark Zuckerberg may take offense to some of what's to come in this letter, but his attorneys should keep reading because Mark seems like an objective & rational individual who understands that these attorney generals should be in the hot seat, NOT him.

Facebook needs to *help me to help them* by generating & pushing posts regarding why state attorney generals are preying upon Mark Z. while ignoring the fact that Epstein cronies like Leon Black, along with Marc Rowan & Josh Harris, have turned Apollo Global Management into the mothernest of corporate fraud schemes that's capable of *"bringing about the next financial collapse much sooner than expected"* wherein the blame will no doubt be redirected. Needless to say, these are shysters that Donald Trump recruited being that he's always functioned as nothing more than a moronic, front man for the mob who Mark Z. has been obliged to humor.

Thank you Facebook for this link from Ron! https://www.facebook.com/share/r/1DGoh3hKNr/

Facebook needs to expose sham activist attorneys that glorify E.Jean Carroll while ignoring women who are the real victims like myself— *not bikini-clad, fake massage therapists*— as my Me Too saga is wrapped up in BOTH low-life attorneys that rival R. Kelly's **AND** with a sadistic, cheapskate egomaniac who suppressed the world's largest fraud schemes by pulling the rug out from under an entire dream team of lobbyists, top fifteen hedge fund managers & his own attorneys just to spite me for ***not*** shining his ego while expecting me to continue to work for him for free then attempting to vilify me in order to get out of his obligations.

***Ro Khanna** https://youtube.com/shorts/hLw8bZNya4Q?is=rAP090iuhqw-F5ML

In other words, there's a fine line between the malignant narcissist that is Donald Trump & the altruistic narcissist who cloaks revenge agendas, *like my former partner & CFE Tom Gober,* who is the best thing that ever happened to Trump oligarchs. https://thomasgober.com/greetings-to-george-pyne/

BOTTOM LINE: I regard this META lawsuit as pure altruistic narcissism at work.

Meanwhile, ***Senator Ron Wyden*** & my website go ignored as Epstein cronies protect Trump for protecting them— *and by* ***protect****, I mean dirty favors*. The youth of America needs to stay protected via Facebook posts like that of Senator Ron Wyden's.

.... *Likewise*, like they need to know that Rob Bonta— *& Letitia James*— haven't done a damn thing about the Epstein-Trump cronies handed to then on a silver platter. Instead, Rob Bonta & his *"righteous defender"* schtick essentially function as hedge fund hyenas cloaked in liberal, sham activism which is the inverse of MAGA's Erika Donalds who touts her right-wing, hick charter schools scams. https://www.cbsnews.com/projects/2025/fl-charter-schools/

..... But back to ***Sen. Ron Wyden*** who has conjured images from *"Eyes Wide Shut"* wherein a sick, sex cult dressed in masked robes are secretly controlling society while degrading women, *sometimes not much older than little girls,* in exclusive, kinky forums. https://thomasgober.com/attn-tucker-fishback-friends-of-epstein-the-final-solution-for-marc-rowan-leon-black/

REALITY CHECK: The above image is a White House dinner with the right-wing, conservative coup of the Supreme Court which was chosen by our terrorist president *who actually led a coup*, but is now teamed-up with Mike Johnson who's fundraising for the manosphere's Brandon Herrera while Donald Trump treats his legion of cheap, blonde trash like queens, but respectable, female journalists like *Lessons from the Tate Brothers: Slappin' Up Bitches 101.* https://thomasgober.com/attorneys-against-trump/

..... Clearly nobody cares about keeping up appearances.

****Three examples of what hurts our children that is not Facebook which I got off of Facebook.....Then by page 7, I'll get to everything that's wrong with the basis of this META lawsuit.***

#1.) Back to Sen. Ron Wyden & things that hurt children which is not Facebook's beauty filters!.

*"**Newly obtained documents shows RFK Jr. lied during his Senate confirmation hearing.** He told senators his 2019 trip to Samoa had nothing to do with vaccines, but the letter he wrote before he went mentions vaccines eight times, and the measles outbreak that followed **his visit killed 83 people, most of them children under five.***

Back then Kennedy ran the Children's Health Defense, one of the loudest anti-vaccine groups in the country. On its letterhead he wrote to Samoa's prime minister asking to send a team to study the island's measles, mumps and rubella vaccine, certain the deaths of two local children pointed to something wrong with the shots.

Nothing was wrong with the shots. A nurse had mixed the doses incorrectly, two nurses pleaded guilty to manslaughter over it, and Samoa's own top health official said plainly that human error killed those children, not the vaccine. Kennedy flew down anyway. He met with local anti-vaccine activists. Within months, with vaccination rates already collapsing, measles tore through the islands & infected more than 5,700 people.

Then he needed the Senate to make him Secretary of Health and Human Services. They asked him about Samoa directly. Ron Wyden asked. Ed Markey asked. Both times he looked them in the face and said the trip had nothing to do with vaccines. He wasn't under oath. It changes nothing. ***Knowingly lying to Congress is a federal crime whether or not you raise your hand, and prosecutors have five years to bring it.... ...NOT unlike Amy Comey Barrett lying under oath.***

***Wyden and Markey have already said flatly that he lied to them**. If Democrats take back the House or Senate in November, that letter becomes the opening exhibit for hearings, or an impeachment inquiry, or worse. Kennedy spent this summer combing government servers for anything to pin on Anthony Fauci, then went on Fox News to warn that Fauci could be prosecuted for perjury. The man building perjury cases against his enemies left his own receipt on official letterhead, in his own words, eight times over. When reporters at the Guardian and the Associated Press showed his department the letter, nobody said he didn't write it. They couldn't. His signature is on it. So his office called it defamatory to repeat what the letter actually says."*

Eighty-three families buried their children.** The man who helped stoke the fear that left those kids unprotected talked his way into running American public health. And when he was finally handed his own words, his office treated reading them out loud as the real crime."..... **THANKS AGAIN FACEBOOK for the crucial info!

***This is another example of not wasting a coalition of attorney generals time on sham activism. https://ag.ny.gov/press-release/2026/attorney-general-james-sues-trump-administration-protect-billions-dollars-anti**

... too bad Leticia suppressed the real Leon Black scandal— ROWAN & HARRIS included.

#2.) In 2017, an investigative report revealed that **the Eric Trump Foundation funneled money meant for children's cancer research into Trump family businesses and private golf courses**. [1]

...."This controversy was part of a larger legal pattern involving Trump-led charities. A separate investigation by the New York State Attorney General, Eric Schneiderman, into the core **Donald J. Trump Foundation** resulted in a major lawsuit. The state accused Donald Trump and his eldest children of using the non-profit foundation as a personal "piggy bank" to settle private business debts, buy personal items, and fund his 2016 presidential campaign. That case ended with a court order dissolving the Donald J. Trump Foundation and requiring Donald Trump to pay $2 million in court-ordered damages to legitimate charities".

..... ***This is not unlike Thomas Massie telling Trump that he could not pilfer oil tankers, sell the oil then funnel the money into his own private bank account. (Heard it on Facebook first!). So how is Trump still in office whereas Massie was bought out of office with the same illegal funds he called out? This goes back to why crooks like Rick Scott have even been eligible to run for office in the first place?*** **Note that Thomas Massie is a lame duck Republican doing more for us than the state attorney generals.** ***https://www.facebook.com/share/1DmVkiuMR3/***

.. ***Meanwhile***, I'm receiving text messages from the Trump administration for its fundraising of an ***illegal war*** with Iran which isn't in response to Iran selling missiles to Russia that are used to attack Ukrainian school children; *but rather,* it's in support of Israel whose first priority is to lead attacks upon Palestinian, school children & healthcare workers while getting the rest of us to feel guilty about exterminating Jews 80 years ago by making U.S. kids forget why it ever happened & criminalizing them if they do.

****Thanks again META. "healthcare workers in Gaza"** *https://www.instagram.com/reel/DbFXu8ESkW8/?igsi=Z2w5dWpleWoyNGdo*

..... ***Note*****, these small-dollar donations from middle-class supporters go directly toward** his political operations & PACs**, rather than directly funding the U.S. military or the war effort itself which of course is not unlike his dissolved, Donald J. Trump Foundation.**

..... And by an illegal war, I mean the U.S. Constitution grants Congress the exclusive authority to formally declare war and authorize military conflicts with the exception being the Gulf of Tonkin Resolution or Truman calling American troops in Korea a UN-backed, police intervention. ***Nonetheless*****, all these soldiers received benefits**

received benefits.

https://www.theguardian.com/us-news/2026/sep/15/leon-black-epstein-house-contempt-vote

.....Also, ***"legal experts & lawmakers argue that the U.S. and Israeli military actions violate both domestic and international laws"*** which is this exactly why our psycho, stupid crook of a president is trying to replace the UN with his bullshit, Board of Peace for which he installed ***Marc Rowan of Apollo Global Management who along with Leon Black & Josh Harris*** would have been targeted by me & my team before the start of pandemic, *but again,* my unsavory partner pulled the rug out from under everyone.

This is the REAL Board of Peace.. https://youtu.be/iSHR_tEYJUs?is=P8oG2_qUhMOxTM3M

Just remember, these terrorists in business suits are at the heart of the world's worst corporate fraud schemes that have been siphoning the insurance industry— a bigger part of gold than the banking industry that is the backbone of society— when they weren't accepting financial advice from Jeffrey Epstein & harassing university professors into suppressing Israeli atrocities & destroying the lives of their student bodies. Now Marc is working on shackling tactics via the new Morganthau Plan.

Speaking of Morgenthau, go 8:05 minutes into this video, "Cuba blockade 2026" https://share.google/0OrRUEgTx1TJntkOL

#.3) *Next*, file this gold star widow under my **CRIMINAL SOLICITATION TO COMMIT MURDER** website post & the following cover page.
https://thomasgober.com/rob-bontas-sham-activism-metas-innocence-trumps-criminal-conviction/

..... *Libby Klinner*, gold star widow is not receiving benefits for her & her children because this illegal war has, *in the minds of the morally depraved*, created a loophole not to pay out benefits as they pull a DOGE on this widow. Meanwhile, a snake-oil salesmen like Trump who's gotten through life by floating bankruptcies *and brags about it* is now soliciting money via text messages for a war which they won't call a war because if they did then Libby would be receiving benefits.

.....***FLIPSIDE: If they're not calling it a war,*** then Trump is ***soliciting funds to commit murder*** directed at foreign children while being criminally indifferent in regards to the soldiers that he sends to their death to get it done *who Trump will blame or sanctify.*

....Meanwhile, Trump's panhandling of the middle class is no different than him inciting his mob with the expectation being that these trained dogs would commit murder on his behalf which he'd later pardon without any concern of it looking shady & plotted. At the same time, none of these solicited funds— *nor this bogus, META settlement's general fund*— are earmarked for this gold star widow. ***https://stateline.org/2015/02/19/when-states-win-lawsuits-where-does-the-money-go/***

*****.....Will I get a $5k check from that settlement or have I aged out?***

So this is where we are, Trojan horse DONALD TRUMP is stealing from us all & making sure that he can get away with it by dismantling the country with the help of Elon Musk and others who operate under a thin guise of doing good while driving up costs for the middle-class in order to make life easier for billionaires AND to get us into record levels of debt before shifting blame onto Joe Biden..... In other words, I'm not worried about **META's** beauty filters, sending any young girls over the edge. I'm worried about our state attorney generals not working for us like all the rest of the politicians.

***Thanks Rep. Torres** https://youtube.com/shorts/vqOjFsZsFkE?is=HeZieLrx4hToLXmi

..... WE ARE ALL PRISONERS, NOT JUST ILLEGALS: If anyone objects to this war or to faux ICE agents, we're either not real Americans OR we're anti-Semitic as Trump2 has borrowed its tactics from Jewish Personality Disorder because this is the sort of behavior he admires & promotes. We see this with Marc Rowan who was harassing professors at UPENN in an attempt to make them suppress Israeli atrocities AND to cancel both their students and a Palestinian Film Festival. But now Marc's sitting on Trump's sham activist, bullshit ***board of peace*** while Leon Black's son is inserted into the Trump administration wherein everyone is there to rip us off & to keep us all under their thumb.

..... I could produce an opposite study which'll confirm that the most effective ways of learning is thru short sporadic bursts of repetitious information or disinformation. After all, that's how Jews brainwashed a generation & a half in this country. Go bother the gaming industry!

REALITY CHECK: FB is tailoring a person's interest thru algorithms. It's nothing personal! Does Rob think that Disney World isn't structured to keep people on rides to make more money or to buy more food & gifts that make people spend more money?.... Clearly the children aren't depressed as a result because they're not the ones spending the money.

.....*In other words*, the lunacy of this lawsuit is to punish people for successful marketing, ***not*** deceptive marketing. Suddenly, understanding your target market is now considered to be child abuse?

*****Facebook News proves that it could evolve whereas Myspace couldn't. Am I addicted to unfiltered news?***
https://www.forbes.com/sites/adamhartung/2011/01/14/why-facebook-beat-myspace/

.....*Also*, I plan on going to Marshall's once I finish this letter for some retail therapy & I was wondering if Rob will be suing them for their seductively good prices, strategic locations & advertising that keeps me coming back?

NOTE: If I were to have walked into an average attorney's office trying to pitch this ***abstract reach*** of a Facebook lawsuit, I would have been laughed out of town.

BUT when a huckster like E.Jean Carroll walked into the right attorney's office with her baseless case, a marketing scheme was spun around it. So if Facebook is Trump & Rob Bonta is Roberta Kaplan, then where is the ***figurative*** E. Jean who has egg in their face & an axe to grind because it's not the youth of America?

…. ***Is the figurative E. Jean Danny Weiss (see the next page) OR is this lawsuit Rob Bonta's golden calf meant to distract us from the real problems in society along with all the incompetent AG's who can't take down Trump oligarchs despite the shitload I've given these assholes to work with. Instead, all they come up with is some fat, housewife, "Hatchet Granny", predatory lawsuit against META.***

Either way, always look for very greedy & very connected attorneys who have the ability to give legs to what is essentially a learned, faux humanitarian, Jewish marketing scheme that always props up bogus heroes while contributing to a future ***backlash*** because that's exactly what happened with the glorification of E.JeanCarroll & the malevolent, benefactor of UPENN, Marc Rowan. https://thomasgober.com/e-jean-carroll-roberta-kaplan-rightfully-fuel-trump-terrorism/

******In the case of the META settlement, not only will it contribute to an increasingly ignorant generation, but it sets another hollow precedent for predatory lawsuits.***

BOTTOM LINE: The strategy behind this lawsuit's complete waste of time lies in the paraphrasing of Voltaire's old adage of *"throw enough shit against a wall, some of it's got to stick".*

….*Next*, said shit has a greater chance of sticking to the wall if the most distinguished, bullshit artists who look good on paper gather for a big kill, but of course all earnings will go to the state treasury's general fund where they can help make up for the fact that Republicans believe that bridges will pay for themselves. I guess this is where the Kentucky A.G. comes in along with his *"family values"* bullshit. https://journals.law.umn.edu/lawineq/2021/06/02/whos-benefiting-from-attorney-general-settlement-agreements

*****NOW* WATCH** the following nonsensical video while remembering that this lawsuit is a marketing scheme which is only as good as the courtrooms they can push it in. This is not unlike horrible artwork that sells for more money depending on the walls it hangs upon. https://youtu.be/YqTOWusyZOE?is=lB2znyxux6_WRh1M

…..The above video demonstrates the Dumbing of America as Rob Bonta weaponizes Danny Weiss of Common Sense Media whose Jew-skewed, sham activist, sociological studies & data on extremism always come with ***confirmation bias*, a lawsuit & the upper hand** as its constant companion while seeking out its perfect canvas. https://en.wikipedia.org/wiki/Confirmation_bias

Perhaps this lawsuit is in reality nothing more than Danny taking aim at Mark Zuckerberg given Mark's lack of biased censorship on Facebook & Instagram which—*according to Obama's former speechwriter,* ***Sarah Hurwitz***— has supposedly resulted in anti-Semitic spikes due to its reporting of facts that've been virtually suppressed by ABC, NBC & CBS for the last 80 years. Keep in mind that these are the same networks that've institutionalized white ethnic jokes & white, vilification schemes that'll be discussed by the end of this letter.

******Thanks, Rick Sanchez, for confirming what I saw with the unbiased eyes of a child growing up in the '80's watching television…. AND thanks again Facebook & Instagram!*** https://www.instagram.com/reel/DXQ_I2ICvM7/?igsi=MWVjeWhkMGInZWN4Ng==

…. Anyway, my favorite part of Rob Bonta's pussywimp complaint was the bit about the beauty filter harming children along with the claims that employees at FB had been saying how dangerous it was, but that Zuckerberg did it anyway….**GOOD FOR MARK WHO IS OBVIOUSLY SURROUNDED BY ASSHOLES & PROHIBITION-ERA, OLD HENS LIKE ROB BONTA!** https://www.boredpanda.com/misleading-influencers-beauty-filters/

BOTTOM LINE: Rob Bonta is either out-of-touch **OR** dishonest if he thinks that kids are looking at nothing all day but a bunch of beauty filters. Instead, they're using Facebook as their compass for news because some of them have asshole parents who won't switch off Fox News at night…… **AGAIN**, if I had approached an attorney with that beauty filter angle, they would have called it "a reach", but big game, predators like Rob Bonta are no better than Roberta Kaplan. In other words, *"ethically convenient".*

…..MOREOVER, if we were to unquestionably believe the claims involving the eggheads at Facebook who stood by their dopey studies of a beauty filter doing inconceivable harm to the youth of America, then we're dealing with the dumbing of America which means that Mark Z. needs to replace the sheep around him ***OR*** see that his employees are harboring agendas and it probably has everything to do with the fact that Mark was planning to replace them with AI *and I don't blame him!* https://www.reuters.com/investigations/mark-zuckerberg-had-bold-plan-replace-meta-staff-with-ai-heres-how-it-imploded-2026-08-26/

……. ***Either way,*** if Rob Bonta wants to use FB's own internal studies against them then he needs to start applying them to literally ***everything*** around us as these studies are easily applicable to ***everything***. In fact, these studies are especially applicable to the 1980s with its anorexia, its sun tanning & its narrow, Hollywood image of perfection as opposed to the generation of today wherein all I see are *"fat, tattooed, shabbily dressed and loud & proud to be ugly"* Americans who encourage everyone to embrace their own over-the-top & unhealthy imperfections just before showboating themselves as one-person activists.

……***Of course these people aren't activists,*** they're either blatantly jealous, ugly women who want to bring attractive women down to their level by trying to over amplify a normal woman's desire to cut down on a little shine, shadows & breakouts OR they're sham, *"nice guys"* like Rob Bonta who're ***altruistic narcissists*** with an agenda.

But why Facebook????….. Maybe it's because indisputable, *"hard"* evidence AND a lot more mental savvy is required in terms of taking down a pharmaceutical company OR a private equity than that of Rob's *liberal arts* approach to a social media platform as all one really needs in terms of proof is some trumped-up, sociological, psycho-babble & skewed, empirical data.

Limitations and Flaws of Empirical Data:

- **Human Bias:** Researchers might unconsciously influence or misinterpret data….ie., confirmation bias and unintentional oversimplification of complex human contexts.
- ***Confound variables*** meaning to introduce or fail to control for a hidden third factor that influences both the cause (independent variable) and the effect (dependent variable), making a false connection look like a real cause-and-effect relationship.
- **Flawed Setup:** Bad tools, poor sample sizes, or bad design ruin results.
- **Perceptual Limits:** Human senses & instruments can miss or misrepresent deeper realities.

……On the upside, it is self-correcting which is what I'm doing now.

…. *Case in point:* See the garbage below as it's coming off the website of a Beverly Hills, plastic surgeon's disclaimer. I find it hard to take Dr. Monica Kieu seriously considering the fact that her revenues stream comes from creating an assembly chain of dysmorphic Ivanka Trumps & Michael Jacksons along with performing blepharoplasty on her Far East Asian clients to give them more Malay eyes in what amounts to permanent, beauty filters. ***So is she pardoned because she provided a public service notice?***

"The excessive use of filters can also lead to a condition known as Body Dysmorphic Disorder (BDD). BDD is a mental health condition where an individual becomes preoccupied with perceived flaws in their appearance.***"……. Or they could have just been inundated by media influences in the '90's like Victoria's Secrets or just by watching mainstream television.***

REALITY CHECK: The aforementioned maligned, beauty filter is nothing more than a helpful, *"do it yourself",* photo touch-up option that can airbrush out acne & shine ***OR*** pencil in a touch of eyebrow and lip liner for a more professional look. ***It in no way mimics plastic surgery & all phones have them as do multiple apps.*** ***https://www.beautyplus.com/***

BOTTOM LINE: If I were a teenager, I would **NEVER** post a picture of me going through a horrible, acne breakout that's only worsened by skewed lighting being that the camera does lie. ***This would not be good for my self-esteem NOR is a bunch of fake & full of shit authorities pretending to come to my rescue by churning up a bogus, psychological diagnosis to stop me under the pretense of boosting my self-esteem.***

.....Moreover, pre-2000 everyone had to pay good money for airbrushing done by a professional which entailed a long turnover time & the results were questionable unless you went to some cheesy place like Glamour Shots. So in other words, this beauty filter is actually saving families money & making kids more comfortable with their own bodies as they regain control of their identity instead of having to think of some guy in a dark room making snarky comments about their hormonally-influenced appearance.

***** In case Rob wants to talk about saving families more money...*** https://youtu.be/U98fgLqo-UA?is=9ygRZaGXL5m83tEF

At the end of the day, if Rob Bonta wants to punish those who're harming children then he has only to throw himself in prison for pandering to trend-sucking, sham altruism that's manifested itself in the form of Rob's support for gender-affirming care protections in California wherein a non-intersex boy who believes himself to be a girl can choose to have his dick cut off before he's ever allowed to drive, vote, be drafted or drink.....***AGAIN***, thanks for coming to a kid's rescue, Rob — *yet you wonder why we have a MAGA problem?*

*K*eep in mind that prior to October 7th, 2023, if a person didn't go along with these metaphysical claims then they were canceled & labeled as being either MAGA, white, Christian nationalists OR Hitler because prior to 10/7/23 the youth of America was brainwashed to live life through Jew eyes & to pander to their pawns or these were the labels everyone was to live with— *especially its main targets, white kids*— who didn't even know what Semitic was, yet walked on eggshells for its autocratic, double-talk cloaked in victimology.

The end result in the former case is the corrupting of the psychiatric profession which has no integrity, just ***herd mentality,*** and it's not unlike that of Rob Bonta's lawsuit with its high-profile, AG's spin-doctors that are like right-wing, Supreme Court Justices acting as politicians. https://en.wikipedia.org/wiki/Herd_mentality

...**OR** maybe the AG's are like Marc Rowan of Apollo Global Management who wants to re-create Gen X & Gen Y as they embody *Make America Stupid & Beholden to the International Jew Like Him Again.* By extension this includes Marc's grassroots supporters at Columbia University's Hillel who openly honor genocidal war criminals while force-feeding holocaust indoctrination on the rest of us without it ever seeming strange *or maybe they just don't care.*

Newsflash! Mark Zuckerberg isn't the one harassing student protesters & trying to keep us all under his thumb. That would be the corporate terrorists of Apollo Global Management — ***MARC ROWAN, LEON BLACK & JOSH HARRIS-***— who've been siphoning the insurance industry with kickbacks going to fund genocide & institutional control that serves as a front for Jewish, victimology indoctrination..... AND MARC IS GETTING MORE HELP THAN HE COULD HAVE HOPED FOR THANKS TO THE SLEW OF AG'S WHO ARE EFFECTIVELY HELPING HIS CAUSE & IGNORING HIS CRIMES ON MY WEBSITE.

AN UNBIASED, EMPIRICAL DIAGNOSIS: When it comes to Facebook, if kids weren't engaged in Facebook— *which is designed to be used as a fun & independent learning aid that holds our attention*— then they'd be the pre-2000 teens & pre-teens I knew who were smoking pot in the woods **OR** succumbing to the life of an MTV couch potato wherein the most dangerous weapon of mass destruction of all time– *Jewish personality disorder in stereo*— sucked out their brain & their ability to reason.

.....***but the ultimate question is what's bringing all these state attorney generals together other than the pretense of family values & protecting children's minds because from where I'm standing it all comes back to greed, career moves, revenge agendas, cronyism scams, sham activism & toxic distractions from the real problems***.

.....This means I'm also looking at the true motives of ***Phil Weiser, Colorado's AG,*** formerly of Philadelphia, who may appear to be a moderate Democrat— and *definitely* a Jew by the looks of him— but he undoubtedly doesn't like the uncensored news on Facebook & Instagram that exposes Israeli atrocities which JewNews in the U.S. has been suppressing for decades by blackballing newsmen & stonewalling the population with double-standards that come in the form of shyster, social-conditioning tactics which requires only one command word— *anti-Semitic*.

***** "IS ANYTHING ALRIGHT, PHIL ..... or are you already suing this channel?"*** https://youtu.be/AeZj2096h-Y?is=WAK4h9Od8HUpCI2s

It's like Rich Sanchez warned us, "*Jews can't control the news anymore". Hence,* they can't control young minds like they used to. *HENCE*, they can't pit minorities against white people like they used to. Instead, the Jews have been forced to weaponize a bunch of dumb rednecks from various states who don't see all the angles then wind up shooting us all in the foot by giving away the farm to the international Jew that knows exactly how to tap into every anti-intellectual bone in their body from their archaic, Jew-pandering, *"children of god"* crap to their lust for revenge against a new Left who has become more like their grandfather's generation that understood the Jewish problem which always stirs up populist animosity. In other words, you never would have seen a snake in the grass like Mark Levin with his blatant manipulation on any mainstream news back then. These seeds were planted in the '70's & '80's before slowly taking hold.

Next, ***sublimate revenge via a lawsuit cloaked in sham activism***. In other words, Phil Weiser doesn't give a shit about Catholic schoolboys who were molested by priests, Phil cares about undermining Christianity which is the religious heritage of his former, European, host country. *Likewise*, if BLM matters to Jews, then why doesn't PLM?

In the meantime, Phil proves my point by not only ***not*** speaking out against the Palestinian genocide that's been taking place over the last 80 years by creating **misdirection** with this ***META*** censorship, but also by *acting out* against the children & grandchildren of his current, goyim host country by trying to indoctrinate them on white guilt for the Jew **OR** by accusing them of anti-Semitism for standing against Israeli genocide as Jews internationally try to justify their final push to overthrow Palestinians in their own country through the use of delegitimization & vilification tactics despite Palys deriving 81-87% of their core ancestry from a bronze age & iron age Levantine people which is the basis of the wandering Jews' founding of Israel

....***yet*** they refuse DNA tests because they know that women like Bar Rafaeli are nothing more than the product of successive generations of native, Slavic whores which is why they look good & not like Phil Weiser who's your atypical, garden-variety Jew that looks like a *Simpsons* character— ***NOT right-wing, hate speech, just the ugly truth.***

*****Speaking of which, the following link is what Facebook should be sued for along with its propagation of actual, hate speech— NOT Rob Bonta's social activist scam.** https://www.facebook.com/share/1D4nxefCZR/

..... For all of you not in the know, this seemingly innocuous remembrance site pays homage to 1985's MOVE which is Philly's version of WACO meets "*Precious*", but it's been downplayed internationally & now romanticized.

BACKSTORY: A *friend of mine who lived in a frat house next to the MOVE house in Philly was on great terms with his neighbors in this largely African American neighborhood wherein they collectively made complaints to the city about their co-residents who were a fake, hippie, nature cult full of recovering addicts that didn't believe in electricity & plumbing. Nonetheless, they opted to live in the heart of Philadelphia where these faux composters refused trash pick-ups while using their front lawn to defecate upon.*

As for the women & children, they lived with multiple people shoved into one bedroom whilst the children didn't attend school nor did they receive modern medicine. Meanwhile, the men folk would walk around the neighborhood with shotguns over their shoulders as they intermittently spouted off their "truths" in an intimidating manner 'til everyone was living in fear, their property values were in decline & my friend along with his frat brothers were beginning to arm up in practice drills being that the police weren't doing anything.

Ultimately, the showdown was between the MOVE house & the police wherein these domestic terrorists opened fired on the police force instead of releasing the children. Afterwards, a bomb of sorts was dropped down the chimney by the police wherein a domino effect occurred & lives were lost as well as about 60 some homes in the ensuing fire.

..... If you can't understand why you've never heard of this, then all you have to remember is that there was a black mayor in charge who ALWAYS served as the Jewish, carpetbagger's pawn that couldn't be sacrificed NOR was he voted out due to the post-great migration, black urban problem which marginalized the former, northern, black middle-class & destroyed white neighborhoods.

.....Despite the destruction of the mishandled MOVE meltdown that would have destroyed any white person's career & compromised future law enforcement, the incompetent black mayor always got the ghetto, black vote & Jewish support until someone like that African American student at Harvard held up a very poignant sign effectively calling it out & a whole lot more in what constituted Harvard's October 7th or what I like to call ***Independence Day.***

*****But what if my friend & his frat brothers had been threatened to the point of taking action??*** It goes without saying that they would have been portrayed as white supremacists because it's all about overthrow the mainstream through fake vilification ruses & the weaponization of increasingly unworthy underdogs who come paired with power-grabbing, political whores many of whom have been white, but go along with it to avoid being the target of nonsensical but effective vilification ruses OR they just love the power grab that comes with being a fake, nice guy. Either way, they have no business being in politics if they cannot come up with a rational defense ***which is not unlike that of the ineffectual defense of Mark Zuckerberg's attorneys.***

..... *With the politicians— which is what the state attorney generals function as–* it's all about short-term gain, not the long-term damage it has had on children in terms of willingly making themselves into second-class citizens OR inspiring hate & a backlash that's been mobilized by Trump & Bill Ackman. ****

On that note, I want to momentarily digress into an impromptu, 4-page, retrospective & ode to Sen. Jon Ossoff as a future hopeful then back to META:

Note, the problems we're experiencing today in terms of bipartisan, political extremism having morphed into our current "*Redneck Jew.S.A.*", kakistocracy is all thanks to our country having been brainwashed for decades to be beholden to a designer-imposter culture that's been committed to genocidal policies *for decades &* whose gears are greased thru collaborative efforts with corporate terrorists here in the U.S. that act as foreign agents. There's no easy way to say it— *the international Jew.*

These deep pockets suppress genocide happening over there ***WHILE*** investing in Jewish, ***victimology indoctrination***, ***anti-establishment sham activism***, ***the weaponization of underdog pawns*** & uncalled for ***witch hunts*** against rational people here in the U.S. *Together*, this is what achieves mind control by first installing institutional control which in turn enforces the social-control tactics that gets us to eat our own & to betray our own civil rights & to attack innocent people when Jews aren't suppressing facts so that they could do what Marlon Brando said Jews do— *make everyone else look bad while making themselves look like role models who we're all supposed to look up to.*

!!HOT OFF THE PRESS: "The Harvard Jewish Alumni Alliance (HJAA) petitioned Dean Jeremy M. Weinstein to strip Kristof of the distinction, pointing to his reporting on sexual violence and the Israel-Hamas conflict"..... ***God forbid he tell the truth!! Mainstream JEWS act as though we're all trying to make them look bad & don't see how far out of line they are which includes acting as foreign agents. https://share.google/yGyyqYMRI5WKp9ib0***

******* Jews also accomplish this Jewish, role-model illusion by stealing from one hand, Jew re-labeling, then giving back to the other. This includes Leon Black, Marc Rowan & Josh Harris rinsing money, pre-donations or what we see below. https://jewishjournal.com/commentary/columnist/369369/how-ancient-persians-essentially-saved-judaism-as-we-know-it-today/

ie., Jews *parasitize our* ***heritage*** *to call their own whether it be our* ***cuisine*** *from which they profit while making idiot Americans believe that we owe them so much* ***to our institutions*** *which they monopolize under the guise of being overachievers & benevolent donors while radicalizing DEI & pushing white guilt indoctrination, but never curbing back on Jewish overrepresentation.*

.....And then there's our ability to reason for our own good all thanks to mind & group control tactics put in place to instill fear of alienation. This has produced a herd mentality which is the same thing as dumbing down the middle class into Pavlovian dogs to ensure that anyone sane & knowledgeable is punished for hate speech. This would be pre-October 7, 2023 youngish, white people who didn't identity vehemently as unwavering Republicans.

... OR finally there's *Ivanka whose marriage is a subtle, rape camp as she now identifies as a group of people who have always been a middle eastern cult living in ghettos in Europe for centuries for our self-preservation which Americans have been too guilted & too dumbed down to understand as Jews misdirect us to blaming Sharia law instead of blaming Jewish Law by taking one look at Ivanka and seeing her for what she is—* ***a product of Jewish overreach & encroachments committed by a Westernized, preppy ISIS.*** *In other words, freedom of religion is used as a Jewish loophole to get people outside that ethnic group to commit "identity theft" within an immigrant country by identifying as an ethic, tribal group with its own eponymous religion none of which is their own. Christian nationalism used to protect us from this.*

In the end, it's all about the white man's woman & institutional control in the West, but the Arab's land in the East. FIRST, political parties have to be polarized & radicalized while pitting people against each other with one group ultimately assuming the driver's seat, but only by vilifying the traditional, dominant cultural group in order to effectively supplant them due to diminished capacity in more ways than one. Obviously, those in need of replacement or pluralism are the ones who have always served as bastion against Jewish overreach until you run them out of the party and leave only a bunch of white trash evangelicals at the wheel. https://share.google/IqNAerrul254XqOg5

The endgame is to get the *white man to shoot themselves in the foot while attacking who the Jew wants them to attack whether it be Arabs or rational westerners. But the only way you get them to shoot themselves in the foot is to weaponize weak links in society because this is how 2% of the population displaces these statistics and puts the mainstream under their control when they can't use the IDF. In other words, make the other 98% into your IDF by getting them to think that they're doing a good thing. This is how we "prove themselves" & don't even see it.*

..... ***Meanwhile, Jeremy Moss needs to be sent to Guantanamo Bay***

We need to stop calling it Zionism & start calling it what it is— *the international, Jewish problem*. That's not a trope, it's a repeat offender. Ossoff needs to see that American Jews have seized control of our government to serve Israel by making the U.S. into its satellite. In order to do it, the berating Jew had to dumb the people down in order to push them around & to trick them into putting Jews before themselves because this is how 2% overthrows a country when they can't use expulsion tactics to alter its demographics like they have in Palestine.

***** The Georgia State Supreme Court...John Kiriakou. https://www.instagram.com/reel/DbFLq9RTj17/?stkn=MTY4ZGdpaDU1eW9meQ==***

Bottom Line: Whether or not he realizes it, John Ossoff is the end product of a Jewish, hero- homicide scheme that's not only been decades in the making, but not unlike how Jewish hedge fund managers drove companies into the ground then played the hero by getting their Jewish media cronies to prop them up.

.... This goes back to Jews hijacking the Democratic Party & the media wherein they dumbed-down two generations of white kids who they got to celebrate their own self-degradation by popping up rabble like Michael Brown, George Floyd, Rodney King, etc. Clearly, it certainly isn't the so-called, white, Christian nationalist Right at Fox News doing it as they represent the backlash & the political polarization which Jewish cronyism spawned after vilifying the moderate right until the worst rose to the top who was even easier to vilify.

..... *Remember*, the Republicans have primarily been of the "*founding fathers*" stock AND the former, Southern Democrats combined which Jews didn't fit into NOR did most Jews fit into its small faction of super wealthy, genocidal Jews like the Adelsons who lay in wait. But ever since the Democrats became more centrist & less Jew-manufactured, *thanks to these student protesters*, Jews have had to play the Mob Rule Right along with its Evangelical wing against the revised Left wherein people have been reclaiming their minds & liberty itself.

*****Jewish agitators & sham activists..... I was the only American my age who knew this in the '80's & '90's as we lived under a sugarcoated, deep state, Jewish autocracy that wanted facts out long, much like the Harvard, Jewish alumni committee.*** *https://www.instagram.com/reel/DbV3zsRtl8b/?stkn=aDJkbGpvaWxxMzV4*

But back to these Evangelicals...This American travesty tends to hail from groups whose ancestors have been in America for the longest, which means that they're the most divorced from the old country in terms of understanding what Jews are other than in the archaic, Biblical sense & its children of God propaganda. In other words, there's a cognitive dissonance in which they don't understand that the children of god were middle easterners who no one would care about if it

hadn't been for the spread of Christianity, *which Jews resent,* along with the other factor being that Jews invaded Europe in the middle ages as a bourgeoisie, Jewish ISIS wherein white, Christian nationalism protected its foundations from a middle eastern cult that was fracturing their identities *and they're doing it again.*

…. Ultimately, Trump is selling the white man down the river to the International Jew— *and a whole lot of other people*— just like he has the wild horses, but the one-time defender of humanity Jew lets it go just like they have DEI because they know that they're smarter than Trump which means that corporate terrorists like Marc Rowan, Leon Black's slimy son, along with Josh Harris who bought his way in through the idiot son-in-law, Jared Kushner, can help hide Trump's money & hoard ill-gotten gains while screwing over the rest of us. ***At this point, I'd rather fight fire with people like Evan Greenberg, Bernie Sanders & Norm Finklestein.***

…..*But in the end*, they'll make off with Trump's money thru weak links like Ivanka as they did with the pharaoh's gold which they sent to the land they stole just like the gypsies with Ivy League college degrees that they are. But unlike Gypsy Roma who believe that God gave them no land or possessions hence the right to steal, Jews make up a story about God having given them land in order to validate stealing it. Being that Jews love legal debate so much, maybe they could ask God to show up in court

***Bottom* line**, Trump is no Edward Longshank's as the latter never would have been on the take. Instead, he appropriated their funds which were held over him & put them on a boat to nowhere to become somebody else's problem where their unconscionable mindset rinses & recycles their victimology that they use to control the countries who take them in while making their reality more palatable by vilifying others & glorifying themselves as the victim-hero.

….. ***I'm sure that if Eddie 1st were alive today***, he'd have even less tolerance for the current "under siege" situation in the U.K. as the lowest castes from India that invaded Europe in the middle ages as petty thieves, palm readers, street performers & prostitutes are back. White guilt, romanticization & sham victimology is not applicable as we owe them nothing except for a one-way ticket back to get back to India where they can once again be their problem.

https://youtu.be/MiAzDs1EfIM?is=flx5ceqQyFNW_zbl

…..Also in terms of the prostitute caste, it explains why some of them look white whereas others are just posers who misappropriate the identity to be less white bread or less trailer park, much like white people who convert to Judaism without seeing the damage it causes.

.... *Note*, Jewish clansmen— *like Luria Rez from the video who gave the "hunt you down rant" & friend of Pink*-— defines anyone who doesn't serve as an ignorant doormat that walks on eggshells for Jewish, double-talk & encroachments (ie. a slave mentality) as an anti-Semite. This terrorist is only effective by institutionalizing skewed perspectives, by legitimizing false allegations, by normalizing subservience & by censuring facts as hate speech until there are no rational people left standing just like we had w/Gen X & Gen Y.

.....***NEWSFLASH***! American youth are in deep need of REAL protections from REAL threats like Israeli, activist-terrorism such as the Canary Mission that's trying to maintain a social alienation, "kill list" on U.S. citizens....***YET*** everyone was worried about Donald Trump asking for a list of Jewish students & faculties with the worst case scenario being them receiving a check in the mail that's NOT the $5,000 "Trump dividend" check which is destined to forego congressional approval because if you can't trust Howie Lutnick, who can you trust? https://www.nbcnews.com/business/economy/lutnick-trump-5000-check-taxpayer-funds-rcna597092

MEANWHILE, Rob Bonta fears AI beauty filters as being the downfall of American youth, NOT Israeli detention camps for U.S. citizens that have invisible bars. In other words, it's growing up in the 80s & 90s all over again, but this time the kids refuse institutional dumbing-down by the Jews. This means that your atypical Jew is having trouble maintaining their defender of humanity masks which means that everyone has to keep their masks on. ***Bottom line***, this is ***empirical proof*** of who's pulling the strings in our society.

*****Facebook, like colleges, cannot control personal beliefs NOR be accountable for them until it becomes verifiable, hate speech or rhetoric.***

... Note, INSTITUTIONALIZED, Jewish, double-standards have become our apartheid AND it's what they won't tell you in Holocaust Museums because it's like the Russian saying goes, "*Jews always tell you what happened to them, but never tells you why*".

Instead, Jews just try to weaken you with guilt or enforce a "*bad guy*" card & if you feel nothing but disgust for this treatment, then they'll try to criminalize you as IHRA is attempting to do now. But the "*bad guy*" card first requires brainwashing the children then weaponizing underdogs who Jews care nothing about. This was proven by DEI getting thrown under the bus by activist terrorist, ***Bill Ackman***, who tapped into the white resentment that "*Jewish supremacists cloaked in liberal wrappers*" extremism had mounted for years. This is where Bill the Shill managed to flip the script by getting his media cronies to portray him as the defender of equality whereas NICK FUENTES would have been called a right-wing, white nationalist.

REMINDER: "One prominent Black civil rights leader in Mississippi estimated that **as many as 90% of the civil rights lawyers** operating in the state during the critical voter registration eras were Jewish..... but were only 3% of the population."*****.....Palestinian blood money was supposed to be pay back.***

Likewise, leave it to a Jew to play "*the defender of equality*" when they're trying to destroy the lives of young people for protesting Israeli apartheid & genocide which the slippery nature of Jewish chicanery attempts to repackage as self-defense & anti-Semitism. I guess it's not hard to believe that this is the same Bill Ackman who vilified Renee Good. Then again, Bill Ackman should be outlawed like election fraud myths are in the state of Virginia which makes sense given the fact that Donald Trump just encouraged his minions to ***cheat like hell.***

.... But back to what Rob Bonta is going to do about this collection of terrorist-victimologists who're rollovers of the international Jew from last century that are creating the same problems? Mark Zuckerberg has exposed this to a very large extent, but what can Rob Bonta do about a problem he doesn't completely understand while becoming its pawn in the bigger equation whenever he's not unconsciously replicating its shady, legal tactics & bogus, defender of humanity scams that've become nationally-ingrained.

** **Judging by this article, Jews believe that they're above the law and mostly because they've gotten the idiot masses to overlook it due to years of enforced victimology & normalized double-standards.** https://www.ynetnews.com/jewish-world/article/h1vxskbmge?fbclid=IwdGRzaAT692RjbGNrBPr253Bkb2YBZXh0bgNhZW0CMTEAc3J0YwZhcHBfaWQMMzUwNjg1NTMxNzI4AAEeYYxCizAGoe7ZnuNLBcoENgu_j85c5tbt_k7-bRLYhO64XumHMpeiFw_CGIA_aem_w0G00Y8Peyoo38RUpQqQfw

*** **Verdict: Austin Franco is not guilty of hate speech, just unnecessary honesty which is not unlike saying, *"that dress isn't meant for fat women". Bottom line, Doxxing is not whistleblowing.*** https://www.fire.org/cases/cornell-university-student-reported-university-office-civil-rights-alleged-antisemitic

***** *Incidentally*, this is a ***defamation*** case as Austin's statement was a valid, sociological-based complaint that was twisted & Jew-labeled as hate speech for which Gabe Einhorn then used to spearhead a social alienation campaign against Austin. It goes without saying that if anyone were to hire Austin, then that company or whoever hired him would also be smeared & criminalized as a Jew-baiter.

Ultimately, Austin proved to have been correct in his well-founded complaint about Jews ***or at least the type of Super Jew he sensed Gabe to be.*** I speculate that if Austin were talking to Bernie Sanders, he would not have said the same thing. But of course, Bernie is treated like a freak by a lot of Jews despite Bernie being very Jewy, just lacking in Jewtitude.

Speaking of ***defamation***, the charges against META fall within the realm of defamation or a smear campaign. As a side note, my only complaint against Facebook is them forcibly putting me in touch with high school & college peers so I can only imagine how people in high school feel in terms of not being able to get away from it! But the real point here is whether or not learning about Austin Franco thru Facebook is a tool used against Austin OR for Austin to defend himself, but this is also dependent on who knows how to weaponize the internet.

..... *On a similar note*, I have to ask why David Einhorn, Leon Black, Marc Rowan, Bill Ackman & Josh Harris, etc. have not come at me with a defamation suit? Is it because I don't have the same deep pockets to make it worth their while? Is it because they know that I'm right, but cronyism protects them? Are they utilizing faux condescension & pretending that I'm protected under the freedom of speech?

.....*But for now*, Austin's attorney can pass along my website to him & to the Einhorn brothers with the latter being clearly unable to dox me without exposing my website. If they don't expose my website, then this means that they are suppressing & protecting Jewish terrorists while arming themselves with Jewish victimology which is code for unjust, defamation schemes. Ergo, maybe Gabe should re-locate to Guatanamo Bay & get the Kushner boys to build them a hotel.

On a personal note, Austin needs to know ME TOO! Likewise, Claudine Gay at Harvard found herself confronted by the skulking, vitriolic Jew & their ad hominem, smear campaigns which they target at anybody who bruises their ego or sees thru them and they do it by preying upon the predictable stupidity & lack of solidarity of the idiot goyim who they try to distract then incite into attacking their own instead of said goyim seeing what the hell is really going on....It all comes back to understanding human ego & how to manipulate it.

....***AND YES, the normal Jews are but a thin layer***. Furthermore, Franco sounds like his grandparents & great grandparent's generation who had to deal with hostile & clannish Jews who act like the problem is everyone else and not them because you can't reason with them as they'll hold themselves to different standards & convoluted realities than everyone else. Again, *"loud, obnoxious, in-your-face & act like they own the place"– collegiate voices of the 1960's.* Austin needs to join me on Quora sometime which is a website that state attorney generals should be cracking down on, but we all know **Phil Weiser** is a Trojan horse.

.....Pontius Pilot was disgusted by the decision just as we should be disgusted by our white trash government.

BOTTOM LINE: ***Religious freedom for Jews is to allow them to be them. This includes not calling modern Jews, "Christ killers".***

***** But this is abused as a greenlight OR as a loophole for Jews to pervert religious freedom by inducing identity crises & fracturing loyalties by parasitizing the lost souls & gold diggers of their Eurocentric, host countries in which Jews either pretend that Jewish isn't & hasn't ALWAYS been a recognizable, ethno-religious group just as they pretend that non-Semites can convert their ethnicity.

.....Likewise, modern inventions such as Mongoloid Jews OR those with racist, black fantasies such as Falashas, *much like white converts,* exist to falsely inflate numbers & to get people to fight Jewish fights. This exemplifies the insidious nature of Jewish supremacy & domestic terrorism, NOT freedom of religion. This is what was called the Jewification of Europe & why they were kept in ghettos in the first place & what happens when you let them out.

....In other words, I should not see a Chinese women on Instagram pretending that Israel is her homeland, the land of the Jews. The only thing weirder is Vladimir Zelensky believing that he's an ethnic Ukrainian as Vladimir Putin tries to kill all Slavic people to make sure they stand together as one while Slavic, superstate as Slavic whores flee leave the country to go to Israel wherein they're welcomed by Ashkenazi Jews who can't stand looking Jewish & who're exterminating Palestinians that are more Israelite than them & manipulating others to do it for them.

JEWISH, ONE-SIDED & BACKDOOR TACTICS: After reading the below article, we should be outlawing ***rebels without a clue* (faux conviction) & ***white whores*** who convert to Judaism out of convenience ($$) being that Jewish men proselytize them because they don't want to have a Jewish looking wife & kids, ***ie***. *Stephen Spielberg*, *Sasha Baron Cohen*, *Nelson Peltz*, *Howard Stern*, *Yuri Milner*.

..... This includes their largely collective mindset of remaining steadfast to a plan of throwing fat on the fire by heaping constant Jewish, victimology beratement & threats upon dissenters in order to quell the problems they created in the first place by doing this. In other words, Jews will always choose mental enslavement over the other 98% versus taking accountability?

Example: It's like me years ago telling my whiny, Jewish friend who began her *"woe is me"* routine about Jewish persecution. I said, *"If Jews had it so bad in Europe, then they shouldn't have invaded Europe OR they should have gone back to the Middle East centuries ago. So why'd they stay?"*.. At this point, her face fell in silent realization that Jews weren't just foreigners, but they were encroachers.....*encroachers with a 2-way, victimology indoctrination unlike that of Armenian settlements in central & eastern Europe despite similarities that they share with Jews.*

QUESTION: So has "hate speech" become "the new anti-Semitic" that's officially on its way to being criminalized like it has with John Galliano who I discuss on the next page?

BOTTOM LINE: Prior to October 7th, 2023, if a black person had said the same thing about white people that Austin Franco said about Jews, then said black person would have had every ACLU Jew attorney & PHIL WEISER on his side AND not because they believe in freedom of speech NOR would it be because they actually care about black people NOR would it be because there was any actual discrimination occurring, but because Jews have always displayed a clear intent to supplant the white, Christian, mainstream by playing the defender of humanity while vilifying white, Christians wherein everyone else is weaponized & incentivized.

…. *Incidentally*, that hypothetical lawsuit would have ended with critical race theory workshops being installed in every workplace in America.

‼***NEWSFLASH!! Islamaphobes with racial undertones are everywhere on Facebook, but I don't see anybody suing over that! Enter Jewish, gangster attorneys & their revenge lawsuits that transform double- standards, fake allegations & one whiny, Jew wimp like Shabbos Kastenbaum into an overglorified, shakedown artist & activist-terrorist while DEI got thrown under the bus just as alternative, Asian pawns like Rob Bonta were moved up the institutional ladder.

…In the end, Jewish, double-standards effectively fortified the invisible apartheid we live under in the West despite it slowly losing ground with its greatest bastion —*ya' know, indoctrinated Gen X & Gen Y, pompous, pseudo-intellectual, mind-controlled white slaves to Jewish personality disorder. Conversely,* their torch-wielding ancestors were always the bastion against this, but everyone has allowed Jews to vilify their ancestors instead of pushing for lawsuits against such overboard fanaticism that really is more indicative of hate & domination.

Meanwhile*, my valid complaints are labeled as an anti-Semitic, conspiracy theory* just as the black student was put on a Jewish, *"kill list"* for calling out the Jewish construct & their weaponization of black people with his simple sign….Where's Rob Bonta?? …. Because it's not just white & black kids.

John Galliano vs Rodney Dangerfield and the Always Cheesy—PINK!….. ***this comes back to the ACLU article on Facebook from the previous page. .***
https://www.nytimes.com/2026/08/06/opinion/met-gala-galliano-antisemitism.html

…… *"In other words, unlike most fashion retrospectives, which invite visitors to admire opulent gowns made for the rich and famous, with "John Galliano: Horizons," the Met is attempting to tackle questions regarding cultural memory, accountability, rehabilitation and reputation. In the process, it is asserting the ability of powerful cultural institutions to decide when achievements of talent outweigh failures of morality."*

BOTTOM LINE: John Galliano is being judged by people who are too culturally unfit to judge & too infiltrated by the Lauders to lead with any integrity. More importantly, if there's anyone who needs to deal with **cultural *memory*** & **accountability**, it would be Jews. But they don't have any *accountability*, only *victimology*. To Jews, *cultural memory* entails Jewish, marketing schemes & suppressing the truth about themselves in order to corrupt the integrity of everyone else's said cultural memories. This is how they control the masses who they pretend to respect……..***Where ya' been?***

……. I guess the board members have never heard the old, Eastern European European expression, *"The Jew hits you then cries out in pain"* ***OR*** *they're just too chickenshit* ***OR*** *on the take to care.* In other words, the MET can take their *"cultural memory, accountability & cultural rehab"* then point it into the direction of JEWS Go First OR shove it up their overprivileged, pandering, pseudo-intellectual asses because Jews are a hate group & always have been… *They're just better at sugar-coating, misdirecting & convoluting it.*

****Susan Sarandon says she is losing movie roles because of her support for Palestine | https://share.google/bas48zcCVITR4zikE**

BOTTOM LINE: I don't care about John Galliano's anti-Semitic rant because I know it comes from an extremely justifiable place *whereas Coco Chanel serving as a Nazi spy comes from a questionable place. More importantly*, it doesn't negate Galliano's monumental contributions to fashion.

…..*In other words,* we are witnessing Jewish, double-standards at play because a weaponized, anti-Asian comment alone never would've ended Galliano's career as it never ended Mark Wahlberg's despite Marky Mark having punched a Vietnamese man's eye out before finding fame then God.

….*For the record*, all I know about Galliano verbally attacking an Asian man was due to John being overworked for all the Jew privilege reasons, but more so it was due to the Asian man's proximity to a Jewish woman. Maybe this goes back to *"Jews weaponize blacks from the bottom of the pile, but Asians from the top." Furthermore, it goes without saying that if Galliano had made derogatory comments about Arabs— Christian or Muslim— he would've* ***not only*** *been protected by Jewish cronyism, but promoted by it.*

Meanwhile, the MET has completely ignored protesters on their front steps who held up signs of genocidal remarks made by the founding fathers of Israel as a bunch of smug, Jewy-looking types just walked by & gave them the finger. This brings us right back to how Jews always target the foundations of their host country by weaponizing *underdogs they genuinely care nothing about* in order to undermine it for their own gain which they dare you to prove.

….. I can do prove it by saying that we have a country wherein kids who didn't know what the word anti-Semitic meant reacted to it obediently, while fox news became a backlash network & DEI got thrown under the bus when blacks didn't obey. Next, we have the MET ignoring real victims & real causes on their doorsteps while Allen Dershowitz complains about how everyone's being weaponized nowadays without pointing the finger back to Jews like himself……but you can wait a few pages to read about how Allen vilified catholic nuns in Poland who were praying for dead souls not Jewish.

Of course, if anyone points out Jewish abuses that are of a more current, time frame than what Jews use to vilify their host country, then we're the bad guy which should tell you everything. Ignore Netanyahu trying to take the U.S down to his level, because he's a pilot fish that cannibalizes off the bigger shark, but he wants to be the pilot fish that wags the shark. Stated another way, there were plenty of Jewish, middlemen in control of slave docks, but it's all about vilify Christian whitey & play the defender of humanity to create Jewish control thru plurality.

……This is the ***accountability*** & ***erased***, ***cultural memory*** the MET won't hold their Jewish controllers to along with their genocidal behavior & institutional control that preceded WW2 **AND** the institutionalized hate that Jews have instilled in the malleable masses thanks once again to Jewish cronyism & institutional control for which the MET is beholden to while never having the decency to admit it, ***ONLY*** the audacity to slap everyone in the face by pretending to take the higher, moral ground.

…… The board members of the MET should be ashamed of themselves!

BOTTOM LINE: I insist that the John Galliano's exhibit be reinstated—*with or without a petition involved*-— AND I WILL BE the one writing an opinion article to the New York Times as opposed to some Jew-panderer like Dana Thomas from yesteryear which explains how she ever got her Jew-skewed article in print.

Speaking of Ms. Thomas, this well-connected sycophant of a writer excludes the fact that what John Galliano did that day when he was pushed over the edge is exactly what gets swept under the rug EVERDAY with Jews who institutionalize bigotry when they're not giving each other the Jewish, gentleman's handshake to keep it quiet & to run anyone out of town who calls them out. ???? But what is hate speech according to the simple mind? .....But after October 7th, I've been called a Zionist for correcting a new breed of pseudo-intellectuals by letting them know that Netanyahu does not look eastern European; but rather, he looks like your typical fleshy-faced Jew, not unlike Walter Mathau.....But I guess nobody cares about offending anybody ***but Jews.***

QUESTION: ***What if I publicly called John Galliano a "dago faggot"?....***How would that affect me & *not just in France?*

ANSWER: In the U.S., it's a guarantee that I'd be blackballed for the gay portion, but not the Italian part because homosexuals are Jew pawns wherein white America has been instilled with a false sense of altruistic narcissism in terms of defending irregular people & underdogs while seeking out token friends among them in order to appear ahead of the trends when in fact they're nothing more then trend-sucking.

Note, this sycophancy oftentimes involves *sublimation* which is no different than what modern Germans do when they don't want to claim nor sneer at somebody who looks incredibly Jewish. At this point, their cowardice, ignorance, deviance & cognitive dissonance somehow winds up disowning the Jew by placing "the blame" upon their Slavic neighbors despite a German-Jew name being involved & the fact that the German supremacists have been well-known to actually misappropriate Slavic people & stick German labels on them. This, of course, is not unlike what Semitic Jews have done to both Germans & Slavs despite being far less interchangeable to either.

.....BUT in the case of simple-minded, white Americans ***outside of*** the South and it's traditional stock, this sublimation has taken the form of derogatory comments about white Christians ***and especially non-majority, ethnic groups within it.*** This is something Laura Ingraham complains about, but never correctly identifies in terms of its origin which makes her absolutely pathetic given her age. Anyway, this bizarre sublimation is all in order to prove that they're not racist because that's what the "Jew.S.A." has taught these pseudo-intellectuals. Likewise, their egos won't allow anyone to point it out because they don't want to feel like the chump to an *invisible hand* for which the African American student of Harvard with the picket sign that set off Shabbos Kastenbaum *has managed to demonstrate perfectly.*

This polarizing, "dumbing down", pandering phenomena isn't unlike a bunch of pious, white assholes converging upon Koreans by shoving their cameras in the faces of the citizens which is something they learned from the Jews who know that their own pious shit is just an act. Anyway, these camera hounds were attempting to shame them for not accepting a Blasian leftover from Korean war prostitutes as a real Korean. NOTE, this all goes back to having been imbued with altruistic narcissism— *which again, Jews know is all bullshit— but nonetheless, this overcompensating, hysteria-activism* is intended to vilify the mainstream OR to make them cave in. If these Koreans cave, then they're effectively either stupid, blind or a doormat.

Furthermore, it would take a Jewish, sham activist to tell their white minions that they were wrong because this Jewish construct has been the self-assigned, moral compass & the hand that rocked the cradle in the U.S. for the final quarter of the twentieth century & just kept going..... But the final insult is that Jews act like this is all paranoia whilst allowing for their fake allegation to stick.

Remember that Trump is Copying Jewish terrorism: "*... Mr. Trump's ability to intimidate major American institutions extends to the media industry. Many lawyers had dismissed Trump's lawsuit as baseless and believed that CBS would have ultimately prevailed in court, in part because the network did not report anything factually inaccurate, and the First Amendment gives publishers wide leeway to determine how to present information.*".....Now, IHRA is trying to give itself wide "leeway" or privilege.. *Where the hell are the state attorney generals as Brendan Carr is now harassing Jimmy Kimmel?*

..... ***But back to me hypothetically making ethnic or gay slurs directed at John Galliano.*** Remember, "*white bread*" America is largely influenced by Jews portraying Italians in Hollywood whilst oftentimes trying to brainwash the same overall population on Jewish, ethnic ambiguity & moral superiority for which we have to walk on eggshells.

.... In other words, it's about deflecting what Jews don't like most about themselves onto Italians or what Marlon Brando was talking about after decades in Hollywood in terms of Jews trying to make everyone else look bad except for themselves. This is how Jews arrange the chips to fall in a certain way over a long period of time in order to induce us to seek their approval.. It's called ***grooming***. It's what Epstein did with his Shiksa Goddess Island. AGAIN, shiksa is a Yiddish word stemming from the Polish word siksa (slut/siren) which is all but synonymous with blonde, native, Slavic goyim women.

..... The cognitive dissonance of "white hate" doesn't seem strange to the ears of wanna-be, white liberal "good guys" as they ***adapt*** to pandering to Jew pawns AND ***adopting*** the Jews' playbook of how to attack innocent groups & get away with it by keeping a straight face while attempting to make everyone else seem like they have the problem.

It reminds me of introducing somebody to a Jewish coworker who was straight out of New York & straight out of *Seinfeld*, yet this simpleton said to me later, "*you've got a lot of Italians around here.*" I told him, "*You sound like an idiot American. That guy was a total Jew, even my Jewish friend & her brother call him MegaJew".* Then he asked me what I have against Jews & I asked him what he had against Italians". Likewise, I ask these white, pseudo-sophisticates to make jokes about Jews & blacks, but they quickly shut down & stew in resentment then call me a racist. ***In other words, the real playbook here is how to groom a slave & a moron who will eat their own & fight the battles of that not-so invisible hand.***

FRENCH LAW: Hate speech may not be a crime in the US, but when it comes to socially-induced, special exemptions created for Jews it is ***effectively*** such with *effectively* being the key word. YET Nick Fuentes is the conspiracy theorist as opposed to a realist?***

When Politicians made up these French laws, they clearly don't think things through as Jews always ferret for loopholes & chinks in the legal armor OR what some preachers call ***toxic empathy.*** But it's the same thing Tucker Carlson described as "*using our decency against us*" by perverting freedom of religion just as Tucker is labeled a conspiracy theorist IN A GOOGLE SEARCH for insisting on a DNA test be given for ancestral claims.

LEGAL QUESTION: Am I going to be socially & professionally alienated OR arrested & fined in France for calling out my Jewish friend's brother for being a lying, self-loathing, two-faced Jew due to him going into a false narrative to "educate" the ignorant goyim on your average, Ashkenazi Jew by describing them as light-skinned and blue eyes simply in order to pave over his previous embarrassment in which he told me that he thought "*looking Jewish looks like shit & always has"* AND that the best-looking Jews are the ones who are more mixed with European blood & that Jennifer Grey looked better after her Jewish, nose job because before that she looked like a real Arab?

....*Incidentally*, he brags about passing as Italian because Americans are stupid. *Moreover*, this behavior isn't isolated as even my Ukrainian-Belarusian friend asked me why Jews make about-faces when in front of other people.

FOLLOW-UP QUESTION: ....**OR** will I be fined & smeared ***after*** his bruised ego starts a whisper campaign against me as part of the *"poor, Jew's revenge agenda"* at which point I call him an old-fashioned, dirty Jew & skulking, snake in the grass who has to smear anyone who knows what makes a Jew of his ilk tick..... ***or do I need to start a gofundme account with Austin Franco?***

Again, *"the Jew hits you then cries out pain"* then uses your own dumbed-down people against you. But more importantly, will any French courts OR courts of public opinion give a shit about proving what was said in private OR will that truth be censored because as the other Eastern European expression goes, *"Jews always tell you what happened to them, but never tells you why?"....AND they make sure it doesn't get out!!..... In other words,* facts & testimony are negated by going in Jew circles that ends in only one place— *anti-Semitic labels that Jews earned.*

Example #3: What about an obnoxious Jew who rolled up to me in a van with his cell phone rolling in my face as I was removing BLM signs off the front lawn of a private school in which he starts asking me why I hate black people. Of course, this is the usual Jewish modus operandi of getting up in your face, being obnoxious, acting like they own the place & making up fake allegations..... You know harassment & *"set-ups"* re-branded as activism.

.... I dare say that if I had been ***inserting*** PLM signs, he would have asked me why I hate Jews. *Likewise*, disdain for Nazis is mandatory without being perceived as hating all Germans, but I must agree with Israeli extermination policies to prove that I'm not anti-Semitic OR at best it's *"agree to disagree"*.

..... Enter Kung Fu Karen who expects me to believe that she actually gives a shit about George Floyd as her plus-sized, americanized ass lets me know that he's gotten permission to post the signs, ***but from who is unclear.*** This goes back to motives & minority administrators who either harnessed the national hysteria to their advantage in order to thinly-veil a white-hate, power grab OR white administrators being bullied. This is easily proven being that no logical country would uplift a low-life like George Floyd whilst grossly overrepresenting various minorities in yearbook pictures. I don't see non-western countries doing this.

....But being an accomplice who gets showboated in private schools that she is, me pointing out my stalker situation fell on deaf ears as she quipped that I shouldn't be walking edge of the school property. ***Feeling the need to repeat myself***, this behemoth lunged at me and tried to shoo me off of the edge of the property instead of understanding that she's the guest, *not me— which I don't say—* just as much as she doesn't say that she's on a power trip against any non-submissive, white, middle-class person AND on their own turf **AND** that if I were Asian or black person, then I would be treated a whole lot differently... ***Let's face it, a person has a sense for these things & they are typically correct.***

Am I being presumptuous?..... Am I making fake allegations? That woman was proof of how much people were changing for the worse AND of what shyster, activist attorneys take on as clients, NOT the East Asian woman riding the subway who's confronted by low IQ, ghetto thugs that need to be shot by the cops. https://abc7ny.com/post/hate-crime-asian-woman-attacked-subway-attack-mask/9111436/

.....but that would only create an opportunity for a racial incident & double-standard win-win which someone like the one-woman, schoolyard "Tatar Yoke" would weaponize. The last thing I saw was her talking to my Jewish activist-stalker in his van in the middle of the street acting like they own the place which should ring familiar. In reality, I should've called the police, but they're too harassed to be effective.

So am I being presumptuous?.....I'm far less presumptuous than an entire media which has spin-doctored *racial incidents* & incited riots that've endangered this country with its targeted, vilification campaigns aimed at law & order AND at the white establishment just for shooting a bunch of moronic, ghettos thugs. But I don't think this bothers ***Letitia James & especially not Alvin Bragg***.

.....*Again*, weaponize Asians from the top & blacks fro. the bottom. I guess that explains why other East Asians have asked me why white people are vilified for Asian, hate crimes as opposed to ghetto thugs. I hate to say it, but if Donald Trump hadn't been elected, there would have been a George Floyd TV movie starring someone classy like Blair Underwood while the youth & teachers of America would have continued to remain in far more danger by students like Brendan Depa than any school shooter.

.....***Botton Line,*** if you want to end a divisive, American political scene & Maga, then censor over the top progressives who want to cancel people like me while feigning shock as if I'm a bad guy for saying that a big, ugly man in a dress is suffering from a genetic or mental defect that creates delusions & that thugs like George Floyd are what middle class blacks from up north wouldn't even let into their cemeteries post-great migration.

..... I just read a post from the other 98% on FACEBOOK which states that Charlie Kirk *"named his price"* and paid it that fateful day. But then again, I could say the same thing about a worthless thug like George Floyd with a RAP sheet longer than my arm who was endangering police officers by not sitting still in the car WHICH WAS NOT SHOWN AT THE TIME & not unlike a restless prisoner who injured a black, security guard in prison who was the husband of a nanny I know.

.....Now we live in a country where it's harder to recruit decent cops, but easier to recruit inept, faux ICE agents. In other words, if you don't want over celebrated, white trash then don't over celebrate black trash in the first place because no normal country would've ever uplifted George Floyd. That's a Jewish, marketing scam which involved the preemptive, dumbing of America & mob incitement long before Donald Trump ever tapped into it.

Pre-Oct 7th, ***a small number of influential & amplified, hyper Americanized*** Asians at the top were weaponizing blacks who they didn't care about in order to bully the top layer of white society. This is not unlike Rep. Gene Wu who took to Instagram or Facebook to talk about how every splinter group needs to unite against the white man (*white homos included*) which is basically him emulating Jewish terrorism that essentially created the MAGA problem in the first place, which Gene doesn't understand because he's a token who was doing exactly as he was intended to do.

This is all engineering & you see the end result that comes in the form of a lot of pampered people at the top serving as board members at places like the MET in New York who are the same sort of chess pieces as Rep. Gene Wu who's being "moved" as a pawn by terrorist clans like the Lauders even if they don't see it.

....I'm not the white supremacist **NOR** did I begin this way **NOR** do I need Uma of the New Pluralists— *which is heavily funded by Jewish, sham activists such as David Einhorn*— to talk me through it. The endgame with Jewish, sham activism is to weaken group solidarity by inducing unconstructive, white guilt that diverts time better spent investing on themselves & de-escalating Jewish, racial tension games. What Gene Wu & the schoolyard Nazi are is insolence from minorities who've been incentivized on white-hate which they cloak with sham activism. *THIS IS WHAT MADE TRUMP, SO BLAME YOURSELVES!*

A Good Deed Never Goes Unpunished: Poles & Palestinians....always target those who know you best & who let you into their countries only to get bitten.

ENTER, *Shoshana Shendelman*, a Columbia University board member re-packages valid protests as *"**a need to get back to restoring order on campus & to a nation that builds, not destroys.**"* She then asserts that campus protests are symptomatic of problems seen worldwide, yet never acknowledges that the problem is not students NOR displaced Muslims— *it's the international Jew.*

Note that Jews– *much like Donald Trump*–– totally disregard their own blatantly offensive, role-reversal tactics... **ie**. *Giuliani telling Momdami to stay away from the 911 services instead of telling it to Trump who bragged about having the tallest building with the towers out of the way.*

The problem with Shoshana's double-standards is that Jewish subversion goes something like this: YES to BLM, but NO to PLM. This isn't identity politics– which Jews created in the first place along with cancel culture that began with the word anti-Semitic— it's the JEWISH TERRORIST PLAYBOOK blowing up in their faces when protesters don't hate who they want us to hate.

DEAR SHOSHANNA, *until we can purge the system of Jewish terrorists, there will be protest,* ***NOT*** *the enabling a bourgeoisie, subversive cult that got very good over time AND the upper hand thanks to getting us to shoot ourselves in the foot instead of investing in ourselves coupled with that of fake & stupid, non-public servants who serve the Jew while fucking us & others.*

..Bottom line, it doesn't get any more ***destructive*** *than Jews because what you call* ***building*** *is really just plowing other people out the way. Conversely, every other legitimate culture admits to their conquests, but you're living proof that Jews are just terrorists armed with a tenacious case of psychological warfare.*

***** It's this same Jewish terrorism that Donald Trump is emulating as he labels Antifa the terrorist group, but not himself***. *https://youtu.be/RBNW6h9uB28?is=qgH_S3NdnxqdCILk*

..... **Kind of like UK lawyers for Israel who are trying to outlaw Doctors Without Borders as a terrorist group, because, ya' know— everything is anti-Semitic and this is just what living with the pushy, carping Jew has always been like, and it's what our torch-wielding ancestors who kept them in ghettos understood.**

Likewise, we both know that we never would have had a 9-11 if we hadn't had a Jew controlled society for decades who suppressed Israeli atrocities with sleekly packaged lies which went hand-in-hand with unconstructive & sophomoric, white-hate indoctrination directed at the children & at the Christian foundations of the country that came disguised as a social conscience.

Read about the so-called controversy at Auschwitz due to Polish nuns praying for the lost lives of the natives.
https://en.wikipedia.org/wiki/J%C3%B3zef_Glemp

Cardinal Glemp was engaged in legal difficulties involving several prominent American Jews. In 1989, Alan Dershowitz filed a defamation suit against Glemp on behalf of Rabbi Avi Weiss. That summer, Weiss and six other American Jews from New York had staged a protest at the Auschwitz concentration camp in Poland, over the presence of a convent of Polish Carmelite nuns, on the site where around 74,000 Polish Catholics were killed.[5] Weiss and the protesters were ejected after attempting to illegally scale a wall surrounding the convent.[5] In an August 1989 speech, Glemp referenced the incident and ascribed a violent intent to the protesters, saying, "Recently, a squad of seven Jews from New York launched an attack on the convent at Oswiecim [Auschwitz]. They did not kill the nuns or destroy the convent only because they were stopped." In the same speech, Glemp criticised the presentation of this in the American media, claiming Jewish bias and ascribing this to alleged Jewish news media ownership in the United States.[5] Dershowitz's suit centered on these statements.[5] Dershowitz's account of the lawsuit appears in his 1991 book *Chutzpah*.[

..... ***NEXT, JEW 'EM DOWN*** by haggling the need to send Jewish scholars to Poland to teach them about Jewish contributions, ***not*** Jewish encroachments like invading Europe during the middle ages & slapping Jewish ethnoreligious labels on European women so they don't have to look at a sub-race that looks like Anne Frank who Jewish men are ashamed of. These sort of encroachments are exactly what earned them ghetto containment for the protection of all & this includes the prevention of institutional & mind control along with the monopolization of industries & narratives.

FOR ALL THOSE ASLEEP AT THE WHEEL: These enforced, false & nonsensical narratives are no different than Marc Rowan harassing UPENN professors into *suppressing Israeli atrocities, blackballing their students* & *canceling a Palestinian Cultural Festival* then playing the victim-hero thanks to Jewish terrorism, cronyism & it's marketing schemes. In other words, Jews have no conscience, just ***moral deflection*** wherein everyone is autocratically stonewalled with tone-deaf, role-reversal tactics.

BOTTOM LINE: There needs to be a Counter-Semitic Anti-Victimologist Terrorist Watch Group wherein this Hillel Gestapo will be placed in ghettos that they can't buy their way out of.

..... **OR** maybe the vilification of the nuns & cardinal is not unlike the Jew pawns that wound up "protesting" on the front lawn of a Missouri, attorney couple who brandished a gun as a warning against something what resembled a 1960's protest for some low-life. In other words, Jews glorify harassment & harass by glorifying low-lifes.....*and **yes,** it leads directly back to them*. https://en.wikipedia.org/wiki/Watts_riots

This is how a subversive, competing group undermines their host country, ie., whipping up irrational, popularity contests, ***not*** valid protest. The only reason any collective group would do this, ***then deny accountability,*** is to install effective, de facto control & overrepresentation when they cannot skew an entire population by way of expulsion tactics, ***only*** by importing foreigners & uplifting freaks.

Next, falsely label the target group they wish to supplant as being ***conspiracy theorists*** in order to negate reason & valid observations while legitimizing false & irrational allegations to stick with the help of a gangster attorney. ..... Also remember that an inappropriate, pushy Jewess came to Nick's door after he was doxxed on-line at which point he defended himself only to be charged with assault.

COMPARATIVE REMINDER:

▯ Former student activist Mahmoud Khalil and Palestine Working Group president Mohammad Ibrahim Zubairi filed a federal lawsuit against Columbia University and an administrator. [1]

▯ **Allegations:** The suit claims the university created a "hostile environment" and was deliberately indifferent to the severe doxxing, harassment, and discrimination faced by pro-Palestinian students. [1]

▯ **Legal Basis:** The lawsuit argues that Columbia violated Title VI of the Civil Rights Act of 1964 by failing to protect these students and retaliating against advocacy groups. [1]

..... *Meanwhile*, this delusional & self-absorbed Jewess played the hero-activist while getting sugarcoated by Jew News. ***AGAIN***, no different from the corporate terrorist, Marc Rowan & the Jewish terrorists raiding Auschwitz being that in the latter scenario holy people other than rabbis dared to mourn OR give media coverage to people other than Jews ***AND natives in their native land at that***... *Needless to say,* your average overbearing, pushy & carping Jew considers places that don't belong to them to be sacrosanct ground because Jews died there and fuck everybody else.

..... ***Is it any reason why it happened in the first place? Germans were just after the Poles land & had good relations with them before that, but with Jews it's the same problem in every country.*** This is the maddening effect of Junkyard Jews who fight for the spotlight & the victim card like a meaty bone & this includes labeling valid complaints as tropes in order to dodge accountability AND to keep on doing it. This "maddening effect" is what leads to suicide bombers & to people running Jews out of town. *Make no mistake*, counter-Semites are the truly righteous gentiles, ***not*** the over celebrated simpletons & altruistic narcissists who Jews want us to celebrate. *YET* simpletons ask why people hate Jews— *not what kind of people actually like them?!*

****I want everyone to read the following excerpt from Google then ask yourselves, "what's missing" & how do we live with these double-standards & institutionally skewed perspectives?..... Also, substitute "Nick Fuentes" with "New York Times journalist" & substitute "Marla Rose" with "MAGA".***

"Marla Rose did not attack Nick Fuentes; instead, far-right influencer Nick Fuentes assaulted Marla Rose at his front door in November 2024.

The Incident

- **What Happened:** Marla Rose, a 57-year-old progressive activist who is culturally Jewish (?*as opposed to ethnic*?), went to Fuentes's home in Berwyn, Illinois, unannounced after his address was leaked online.

- **The Assault:** Before Rose could ring the doorbell, Fuentes opened the door, pepper-sprayed her, shoved her off his porch & stomped on her phone…*which was inappropriately recording & if anyone did this to a Jew on the basis of them possessing Jewish Personality Disorder that needed to be confronted then we would be guilty of harassment & anti-Semitism— and we all knew this to be true!*

……..*Also, only a Jew is allowed to proclaim themselves an activist & a jack of all trades progressive member of the press (Israel Times)*

….. ***BUT what I haven't heard is the term STALKER.***

The Legal Aftermath

- **Charges:** Fuentes was charged with misdemeanor battery.
- **Agreement:** The criminal case used a deferred prosecution deal.
- **Requirements:** Fuentes agreed to complete community service, take an anger management class, pay for Rose's broken phone, and provide a written apology."

……. Is it because the white man has been brainwashed on double-standards to apologize & to put Jews on a pedestal? What does the dumbed-down, white man think when they see it happening to an Asian woman who they can't call a white supremacist?

….. Honestly, the Chinese are the next great bastion against the Jew so they have to be prepared in terms of what Jews are & they have to remain leery when it comes to Jewish, cultural ambassadors— ie. Quora's Shayn MacCullum— who will always give them double-talk for which they must walk on eggshells when he's not censoring me for putting him in his place in which he had nothing to offer but your typical skulking, snarky Jew remark which they expect everyone to admire. Again, Jews love imbeciles who look towards Trojan horses like him & Mark Levin.

….. ***Nick is right! Jews have always been ISIS since the day they invaded Europe & preyed upon white, peasant woman by sticking Jewish labels on them, which got their asses put in ghettos where they belong***…… Nowadays, they just wear business suits and the white women who marry them and raise their kids Jewish are no different than white women who runs off to join ISIS and sport a hijab.

……***Note***, Nick's reference to Joe Lonsdale—*a half-breed, Irish Jew mutation*— co-founded the Jewish, sham activist school— ***the University of Austin***— together with the defeated Jewess subversive, Bari Weiss, who before 2023 enjoyed what Jews had turned this country into— ***"invasion of the mind snatchers in the name of the Jew— Ivy League included!"……*** *and then it backfired in their faces.*

Before that, you had Daria Baugh at Harvard who was working on some bogus dissertation to uncover the roots of anti-Semitism by starting the clock at George Soros & the Rothschilds. She's as bad as the Ivy League pseudo-intellectuals on Quora who personify how a little bit of knowledge can go to their heads, ***ie***., a Yalie who reduces *Semitic* to a language group instead of understanding that Ethiopians are an anomaly ***and*** their own afro-Semitic branch, whereas Semites are a near eastern, ethno-linguistic group much like Slavic, Celtic & Germanic.

Thus far, I'm not impressed with the Ivy League outside of STEM especially when one takes into consideration that Ted Cruz, Alan Dershowitz and that blonde trash with the trailer park name— Kayleigh McEnany who sucked her way through school & probably Jeffrey Epstein at Harvard— had attended. https://www.nytimes.com/2026/04/20/us/epstein-files-harvard-university-faculty.html

****…..**BUT back to the Jew-packaged, Polish, hate crimes that go beyond that of freedom of speech. I can testify to it after speaking with a Jewboy producer out in Los Angeles who used to work as an NBC executive in the '80's as he repeated a joke from the old days about a Polish screenwriter threatening to walk with the punchline being that writers come cheap— ***NOT the fact that you have to kiss a kike's ass.*** https://www.nytimes.com/1976/02/24/archives/high-court-bars-polishjoke-case-it-refuses-to-hear-plea-that-tv.html

…… ***In other words, institutionalized hate & marketing schemes.*** After that Jew boy's comment, I should incur no problems with calling him a ***dirty Jew***. Moreover, it should be pointed out that he has no business making jokes about people whose medieval stupidity allowed them into their country when no one wanted them for good reasons, like Jews trying to take white people to call them their own because those are the better looking ones who don't look like Sarah Jessica Parker. In other words an Ashkenazi Jew on Quora who's 53% European is literally only 47% ethnically Jewish, which most likely dominates like black blood.

****Again, "Jew rinse" white blood just like Leon Black "Jew rinses" the under insuring of liabilities with MODCO, reinsurance scams……It's literally ingrained in everything they do.***https://thomasgober.com/the-apollo-memo-leon-blacks-g-o-a-t-white-collar-fraud-scheme/

…..Anyway, the Jew-dicial system refused to even hear the following for which valid claims had been submitted stating that American Jews— NOT ISRAELIS — were intentionally inciting hate campaigns against people who had allowed Jews into their country when no one would have them.

REVIEW: ***https://law.justia.com/cases/federal/appellate-courts/F2/520/1248/272000/***

….. *In fact,* the Jew-dicial system mocked it out of court which isn't much different than Jon Stewart trying to mock Rick Sanchez in order to create ***misdirection*** as most Americans are either too stupid to see it **OR** they're pseudo-intellectual trash who just go along with it. BUT THIS IS EXACTLY the original point of Jewish "gangland" seizing institutional control & how they do it. Now unless you've been in a coma these past few years, then everyone should be able to notice the stark resemblance that this treatment bears in terms of what Palestinians receive both physically & in terms of reputation.

JEWFACED Bob Einstein stated that he told these jokes on The Dick Cavett Show because they're funny as opposed to seeing himself for the ugly Jew, hybrid abomination that he was at birth…. If this weren't true then Jews would be breeding with Palestinians in order to replenish their Canaanite blood instead of accusing me of hate speech.

QUESTION: Could I have performed a skit on American television about a bunch of carping, Jews posing as activists at Auschwitz wherein everyone threw off their nunnery garb then deservedly shoved the carping, kike shysters into ovens in order to spare the next generation of these cry bullies & their recycled, one-sided victimology which they bring on themselves?

What this boils down to: Jews were given permission to displace an entire population in one situation; *but in the other scenario,* Jewish, institutional control granted itself laissez faire on revenge agendas which ***always*** come packaged in influence campaigns. Whereas Bill Ackman tapped into white resentment that Jewish, faux leftists created, *Nazi refugees who illegally entered by way of Wisconsin* combined with a Jews' chip on their shoulder is what was harnessed.

*******In conclusion, there's no such thing as Zionists & European colonization,*** it's just the age-old, Jewish problem with its IDF-style, trial attorneys which is exactly what Trump2 models himself after.

***The following is what Rob Bonta needs to be filing in his complaints against **FACEBOOK, but then again they're not targeted at Asians…… PLUS, it's a whole lot easier to make white, ethnic jokes about a largely invisible group than it is to call a person a gook or a nigger despite white people not burning down their neighborhoods.** https://www.facebook.com/share/p/1UfNiPD3Zk/

….. Remember that these campaigns are always targeted at people who understand Jews the best until they can break their children.

.....These Jewish, influence campaigns always appeal to the lowest common denominator in society— *just think of any Martin Scorsese movie about the old neighborhood*. In a normal country, a person that approaches someone to tell them an ethnic joke that's aimed at them is leaving themselves open to getting punched in the face. Furthermore, how would Rodney Dangerfield be treated in a country like France being that he's actually honored in some comedy hall of fame just like Jewish, genocidal maniacs are honored at Columbia University's Hillel. https://www.timesofisrael.com/study-genocide-claims-on-us-campuses-largely-grew-out-of-preexisting-bds-activism/

*****Note the Jewish rhetoric of labeling valid protests as "rhetoric", but not calling out institutionalized, holocaust indoctrinations as a hate crime directed at the mainstream while suppressing the Jewish atrocities that preceded it by labeling facts as "hate speech" until Jews themselves begin to believe their own garbage.***

https://thomasgober.com/the-dark-triad-of-ackman-rowan-greenblatt/

.....***Incidentally***, its funny how Rodney D. casually says the phrase "*dirty Pollock*" being that the phrase has always been "*dirty Jews*". Again, Jews love role-reversal in order to feel better about themselves especially since it's coming from somebody with so little talent other than making a bunch of stupid faces & generating the same joke told fifty different ways.

Nonetheless, Jewish cronyism took care of Rodney just as it tapped into the lowest common denominator in society, ***not unlike what Trump does***, when Jews weren't hard at work dumbing-down white, suburban trash who were too unsophisticated to see that traditional white people called the Rodney Dangerfields & Bob Einsteins of the world nothing but "*typical ugly, skulking, obnoxious, Jews with an agenda*"... Nowadays, we have Adam Sandler & agenda-pushing screenwriters.

.....Anyway, it should leave no mystery as to where the origins of the Polish joke originated & exclusively in the Jew.S.A. with *its Jew TV, its dirty, momentum-building,* marketing schemes & *its dirty attorneys* who brush it off because, *ya' know*— standing up for yourselves is considered anti-Semitic which requires a backlash of Jewish, activist-terrorists & fake protesters on your front lawn (*which is what happened to that cardinal*). But it's all a form of stalking & harassment that's used as a means to an end to validate the defamation of decent people who dared to make valid complaints while these crooked attorneys get irrational complaints to stick. Remember that Jews call valid protests—harassment, yet their harassment is labeled as activism. Malcolm x was right, Jews make everything normal look crazy.

..... This stalking is not unlike Marc Kasowitz, who normal Jews can't stand so he threatened to hunt them down, thus earning the nickname Marc *"Watch Your Back, Bitch"* Kasowitz. In other words, your average Jews have a thing about hunting people down whether it be sane Jews, Austin Franco or 101-year-old Nazis who were forced into labor & now understands why his people did it. *To make matters worse*, we are all supposed to support these hunts.

Emmanuel Kant said that Jews are nothing more than Palestinians living among us, but nowadays we have the over proliferation of fake & contradictory, Jewish academia online being that Jews always insert themselves like Trojan horses into some fake, cultural attaché title in order to corrupt cultural integrity w/advantageous, half-truths & skewed perspectives whilst vilifying or ridiculing rational people & cajoling "*blank slates*".

For example, the same fake expert on Quora who scolds sane people for questioning a Jew's authenticity for being adoptees, converts OR obvious product of converts— NOT muddled Semites—- he then attempts to ***delegitimize*** *a Semite like Jesus as not being from the line of David because it's biological & inherited through the father's tribal lineage* ***despite*** *his previous scolding directed at those goyim for not accepting a convert as a real Jew because, according to him, they are adopted into the tribe and according to other Jews, they become ethnically Jewish because* ***ya' know, Jews aren't an overreaching cult that just makes up shit as they go along.***

Nonetheless, Jews want to ***delegitimize*** natives like the Palestinians who took them in which is not unlike what the Poles did when nobody else wanted Jews *"for good reason"*. This is the cause that the Jewish, on-line terrorist & Twitter infiltrator— ***Dr. Eli David***— uses as he attempts to get everyone to gloat alongside of him by posting pictures of how no MENA country wants to take in the Palestinians as it must be for a good reason being that honest countries like Egypt aren't on the take.

.....*Conversely*, culturally-biased, vilification schemes are generated against Iran & Yemen of who defend their brethren which ***Bernie Sanders*** is quick to point out being that he knows his people are mostly all just another "*Bob Einstein*" & "*Eli David*".

*****Of course a smug yid with a massive inferiority complex & imposter syndrome wrote the following***. https://www.nytimes.com/1976/08/08/archives/polands-polish-jokes-poles-are-laughing-at-jokes-about-russia.html

.....*Again*, only a suburban, trash country would look up to an age-old, skeevy Jew like this instead of seeing them for the 1930's, Jew cartoons that they really are.

First off, I've grown up on ABC, CBS, NBC, cable networks— *in other words Jew TV*-– which is nothing but Jewish lies, propaganda, sugarcoated encroachments & institutionalized, hate speech that points in only one direction which is why a friend from England told me in 2000 that back home they call this country the "Jew.S.A.".

.....**Ergo**, let's ask that ugly, cheesy, boring as fuck, bull dyke—PINK— with the fake, wigger accent who's too stupid to know that Palestinians are Semitic— ***where's my refund?***

..... Ask PINK if her own concert goers can get a refund due to her teaming up with the advocacy group PEN America to **distribute thousands of banned books** to fans attending her concert stops in Florida *many focusing on LGBTQ+ & racial justice themes propagated by Jews?*

.... Or can I get a refund simply because she's as boring as watching paint dry even if she's doing somersaults?

As for Macklemore:

"Ed told me that he'd been personally contacted by American businessman Robert Kraft, who owns the Gillette Stadium in Massachusetts, and was given an ultimatum over keeping the rapper on the tour following the "Free Palestine" speech. "He told me that the words 'Free Palestine' and the image of the Palestinian flag were hurtful to a lot of people he spoke with," Macklemore said of Ed.

"I told him that if those words were more offensive than tens of thousands of Palestinian children being killed by Israel, then there was a fundamental disconnect between where those people stood and where I stood. But he couldn't get past his public facing, 'I don't take sides.' And I get why people don't."

Dear Macklemore,

This "fundamental disconnect" is what's known as Jewish Personality Disorder and it's why Jews were contained in ghettos for the protection of natives with only limited dealings to be had, but this is what happens when you let them out of those ghettos? You're now dealing with the same issues our ancestors have dealt with for centuries, but the Irish have had it easy compared to others who are, of course, vilified as you are now.

.... Remember that most Jews only pretend to be the defender of humanity as a power grab & that there's no way they can let it go no matter how perverse it

sounds out loud because they just fake it to the point that they begin to believe it and that is their sickness as much as it is an open confession & an abuse of power. But it's also how pushy & inappropriate Jews get away with censuring their own human atrocities & Donald Trump has learned from the best who are the worst. It's project & deflect onto others, but in the end it only means that Jews have no conscience, only chicanery.

.... **It's hurtful to me that Bob Kraft denies this by listening to monstrous Jews who portray themselves in the media as sweet, thoughtful, blameless victims, not the swarm of locusts who would burn us all out of our homes and then play the victim unless you're a shiksa goddess who they want to Jewify.**

Feel free to pass this message on to Bob Kraft. In a normal place & time, our leaders would just appropriate his wealth & keep him in line, but we have an easily-manipulated & bought-off, terrorist madman in the White House & gangster frontman who's letting Jews once again put us all in gulags instead of taking accountability of the fact that Israel is designer nation that you move to, not where you come from. Hence, world jews is liable due to the embracing of bogus, birthright trips.

Please pass on the information you're learning here today to others.

It reminds me of African Americans "returning" to Liberia and the conflict it created with its octaroon president. Incidentally, I made this innocuous, Liberian comparison while on an Israeli dig with a Harvard excavation team. At this point, a rat-faced Jew— *but with blonde hair due to a European admixture*-— suddenly squared off with me as this rabid & inappropriate Jew ass starts commanding me to shut up.

Meanwhile, the fat, grid leader who looked like Kathy Najimi, *yet referred to herself as Ukrainian repeatedly as a form of overcompensation,* stood there in shock, not about him, but about me..... This is this self-loathing, Ashkenazi "Uncle Tom".

In 2015, Mohammid Hadid stated in a post:

FUNNY, the counties that didn't take in Jews have been hunted, like the U.S., as opposed to Jews ridiculing those who didn't take in Palestinians that never did anything to the white man..... Is it an inferiority complex OR an imposter syndrome?*

*****CHECK OUT THE NEXT ELECTION FRAUD MYTH: Totally deluded, role-reversal which denies accountability of long-running, Jewish sham activism & the identity politics it's forged at the moment when Jews are held to moral consistency instead of holding everybody else's head underwater with things that happened years ago.*** https://www.creativecommunityforpeace.com/blog/2025/06/03/lies-designed-to-demonize-jews-mayim-bialik-debra-messing-sign-letter-advocating-for-israel/

.....did I leave out morally depraved, Jew-walling of facts & deflection? ALSO, all the signers are trash.

Let's begin with the typical rat-faced Jew, Mayim Bialik, who looks like Seth Klarman in a dress. Her cognitive dissonance claims to view Israel as her homeland just as she pretends to be Eastern European despite this conflated group ridiculing her for looking kikey & pointing Mayim out to their children as a learning aid in terms of the anatomy of the Jew. But Ole Jewface likes to kill two birds with one stone and in the most blatantly & dishonestly Jewish way possible which of course entails playing the victim if people don't agree to getting Jewed, screwed, blued & tattooed.

A quick note, when it comes to everyone else, there's maybe one troublemaker or saboteur who needs to be taken out to make a classroom or workplace a peaceful place..... ***But with Jews, it's just how they come.***

Palestinians have never done anything to us, but this is what the Jew continues to do to us then plays the victim if you don't go along with it.....Start by applying science-fiction & culturally inappropriate laws upon non-Semitic people by pretending that the offspring Mayim had with a soft-brained & weak-willed Mormon who converted to Judaism are real members of the tribe. Of course, she doesn't want to admit that her two bundles of Jewish terrorism are actually products of ethnic-cleansing used to dilute her Jewface which she loathes every time she looks in the mirror. ***That's not mean of me, that's knowing the Jewish mind***.

..... Also keep in mind the ***anti-Slavism***, the ***racial misappropriation*** & the ***ethnic misrepresentation*** of Debra Messing who once told a director that she couldn't portray a blonde because she was Polish & Russian not understanding the only reason she was cast on ***Will & Grace*** was because she didn't look excessively Jewish (*just a little in the nose & lips)* thanks to Jewish men and their Shiksa goddess or Slavic whore, ethnic cleansing system in which these women screwed Jewish men for economic survival like Julia Milner & by extension Cate Capshaw or Claudia Peltz or Isla Fischer, who automatically became repackaged by Jewish, marketing schemes & fake affectations as being serious, public speakers & fake businesswomen.

.....Anyway, this *"rootless Jew"*, cluelessness is not unlike Roman Abramovich, but more so Abramovich's ex-wife who's half Russian & half Jewish, but raised Jewish. This never would have happened in the old days when Jews were only allowed out of the ghetto to assimilate, not to parasitize the native population which could slowly absorb only a handful of Jews mixing with them without the native population ending up looking Jewish like the comedian Modi, Amy Winehouse or Sasha Baron Cohen. Strangely enough, Dasha Zhokova majored in in Slavic studies being that her cognitive dissonance doesn't seem to allow her to comprehend that real Jews are ethnically middle eastern, *not Slavic,* unless Jews mutate by committing gross acts of overreach like herself.

.... This leads me to asking how ***French laws & U.S. "effective" law*** would treat me in terms of the following scenario that involved a totally irritating Jew of a former classmate of mine who was making his latest attempt at being a Jewish comedian, *which is always grating as Jewish humor is more about bullshit*

confidence, but Americans lack any basic sophistication to get that.

.... Anyway, the Jewface attempted to make a Polish joke at or around me at which point I think I said something minor like "*who are you to talk. You're a Jew"* and he got hesitant OR in the warped mind of a Jew— *unwarranted suspicion & double-standards*-— never understanding that I knew more than my classmates who he would be sure to weep crocodile tears to until I'm the bad guy who can't take a joke without realizing that the goyim is their joke.

VERDICT: This former classmate spewed Jew-manufactured, hate speech, yet he's deluded as he didn't appear to understand that Jews are not ethnic Russians & that ethnic Russians are not Jewish because Jews are a middle eastern, ethno-religious, splinter group that invaded Europe during the middle ages and anything less signifies Jewish encroachments. Likewise, Russians are a northern Slavic people like Poles who contained Jews in ghettos to prevent out-of-line, hybrid abominations like himself & Shabbos Kastenbaum from being born, but Germans let them out earlier. This is crucial, basic knowledge considering the fact that he later started to brag about being Russian and actually put on a Russian accent. ***This was life in the "Jew.S.A." before October 7th, 2023.***

So when it comes to the manipulative Jew, its engineering includes uplift Rodney King yet denigrate the native, white people of their former host countries, ***but unlike Semitic Palestinians who the Jews kick off their land to call their own,*** Jews actually want to ***look like, breed with*** & ***emulate*** Slavic people like Poles instead of having to look at their usual ugly, Jewfaces like Barbara Streisand, Bette Midler, Howard Stern, Chandra Levy, RBG, SJParker, etc.....Mizrahi Jews are powerless and exist only to inflate the numbers, fight their wars & to confuse idiot Americans into believing that European Jews are European.

The only thing worse than the former classmate was a Jewish doctor who took it upon himself to make a Polish joke & then pretended that he was Polish which supposedly gave him the right to make that joke. The funny thing is that later in private & in a completely unrelated conversation, he relayed to me his understanding that Jewish is an ethnic group which Americans don't understand much like the word Semitic. But of course, he had made the joke in front of people, because that's what Jews do. They talk one way in private to people who actually know things, but another way in front of ignorant Americans who will back them up if anyone "*attacks"* them by calling them an obnoxious Jew who doesn't know their place..... ***Ya' know— the truth.***

BOTTOM LINE: ***We need Jewish apologies, transparency & regulation.*** In other words, there has to be a Counter-Semitic Anti-Victimologist Terrorist Watch Group that opposes sham activist terrorists, like ***IHRA***, whose traditional chicanery has become foreign to most white, middle-aged Americans who are too stupid to know they're stupid. We shouldn't be placing innocent refugees & wrongly vilified citizens into diversion programs at the behest of the Jew like that sneaky, Jew wimp of gangster attorney— *Anthony Zinman*— who gets offended by a Palestinian kid peeling an Israel sticker off his car.

.....Let's digress a second time into the past 40 to 50 years in this country as it's rife with empirical evidence that's totally indisputable as opposed to the multi-applicable crap used in this META trial.

Weapon of mass destruction.....JEW TV ultimately led to the bizarre, social experiment that became our country's left wing prior to 10/7/23. This includes its increasingly weird contests to prove oneself as not being a white supremacist OR an anti-Semite with the latter always taking precedent. Of course, anti-Semite was a word that the pseudo-intellectual, white, suburban masses didn't even understand nor question, but sometimes sought answers to from Jews themselves which is never a good idea.

This ***overcompensation*** "mind fuck" is what a community outreach founder, Uma Viswanathan, has studied in her "armchair" workshops when listening to a bunch of wussy, grown, white men talking about "*competing to be righteous"* in order to prove that they were the ***nice guy*** by rallying around marketing campaigns disguised as altruism. These campaigns glorified underdog pawns whilst invariably vilifying anything white, Christian, heterosexual or law & order related which only served to encourage a radical backlash that is the perverted, Republican party of today.

The ultimate point is that Jewish cronyism & Jewish Personality Disorder (ie. Laura Loomer, Larry King, Bill Ackman, Mark Levin & Marc Rowan) with its inappropriate, entitled, overbearing personalities are hate & control tactics that always come to us under the guise of activism & victimology.

This activism involves substituting bulldozers used on Palestinians with that of transparent, anti-white populism ruses which extends to child beratement & brainwashing in the West in what resembles domestic terrorism than it does positive, social change. I've always found it strange that everyone seems to be weaponized except for the American Indian until one realizes that they're too small & isolated to be used as wrecking balls..... Ultimately, if this white-hate fueled sham activism didn't exist then we wouldn't have Fox News & all of its idiot opportunists.

Incidentally, Jesus had everyone sitting at his table including various female disciples all of which the church manosphere painted over. This includes Thomas Aquinas who said that women & animals have no souls and that women were too addle-brained to get divorces. Likewise, Aquinas ruled against abortion which went against Jesus' basic, Jewish beliefs which carried over into his own teachings of a god of love— *not of wrath, chauvinism, supremacy or* politics—that was to lay the basis for a future Christianity.

..... But of course the latter would be Jew-pivoted in order to be seen as fuel for anti-Semitism; hence, victims & scholars are now crypto, anti-Semites. In reality, it's what Marlon Brando complained about in terms of Hollywood degrading every group, *except for Jews,* at which point Larry King accused him of supporting anti-Semitic tropes instead of Larry supporting Brando as a whistleblower. But this is just what happens when you're dealing with a subculture that has victimology & moral pivoting instead of accountability & a conscience.

In the end, it's preservation of ego & control tactics wherein Jews either begins to believe their own lie OR they believe that they have superior, debate tactics which proves that they must be in the right instead of seeing that they just look like con artists who have been at this a long time & who employ nothing but stonewall tactics to make their reality more palatable while abusing others.

This isn't unlike Dolly Parton who made the valid complaint of discrimination & institutional collusion when she stated that Jews in Hollywood don't want to promote Christianity. Instead of having attorneys vying to represent her, Dolly experienced an onslaught of carping Jew knucklebreakers from the ADL who attacked her. This eventually led up to that skulking Jew***, LARRY KING***, inviting her on his show to insult her & to pick a fight because this is the ill-mannered, junkyard dog that explains why people in the know have always been very *"Jew selective"* in order to prevent predatory Jews from trying to get them over a barrel by ganging up on them like hedge fund hyenas with vilification, marketing schemes & revenge agendas.....ENTER AUSTIN FRANCO.

.....**Bottom line,** this is how Jews corrupt the foundations of society in the West with the name of the game being to brainwash & berate a younger, more malleable generation of white kids into becoming a new, cult-like generation who will attack their own in the name of the Jew while becoming doormats for freaks & foreigners who start out normal, but wind up vilifying white people who don't bend over backwards for everyone but themselves. ***This is what life was like in the eighties and nineties, which child witnesses who are now grown will deny as being right-wing talk because these are the "label-obsessed" simpletons that they are.***

But Rob Bonta is a novelty to a western, immigrant country and doesn't understand that he only has three types of stupid, white people (Gen x, y & hicks) to learn nothing from except for insolence & chicanery cloaked in sham activism which is the Jew's signature form of subversion. In other words, me calling Rob a foreigner or a novelty would have had me attacked as a white nationalist either by him or by white sycophants trying to *"prove themselves"* even before I could get the rest out of the sentence out of my mouth. This is why Asians like Rob Bonta became *"the other white meat"* & Redneck the New Black pawn after all blacks went PLM.

All this is easily proven, but your expert witnesses like Rick Sanchez or Dolly Parton & Marlon Brando get run out of town or up a tree by Jewish terrorists posing as victims & sociologists like Danny Weiss or organizations like PERIL, the New Pluralists & CSU's center for the study of hate & extremism who designate the white man as the point of origin in terms of the study of hate & extremism— ***never*** their own moral pivoting, skewed perspectives OR forced over representation cloaked in victimology. ***This is empirical data & valid complaints of subversion cloaked in activism.***

The fact that Rick Sanchez was constantly ridiculed on the show— *which is a total, Jew-persuasion tactic*— simply proves that Rick was right, much like Austin Franco who proved his point when it comes to skulking Jews & lust for revenge, not justice.

..... *Nonetheless*, I'm supposed to believe Pete Dominick, Steve Benen & Ben Smith who insensitivity dispute claims of Jon being ***prejudicial*** & him resenting Rick for not being of a particular ilk (Jew or sycophant) despite Jewish liberals encouraging the same behavior in minorities in terms of attacking the white, Christian mainstream.

According to Pete, Jon sympathizes with minorities because he's Jewish. I disagree, I say Jon sympathizes, ***not weaponizes***, with minorities on select issues because he's objective....and I say that because I'm not an ass-kisser like Pete who doesn't want to end his career. Likewise, Ben Smith described Rick as *"seething with class & ethnic resentment"* being that Jews like to deflect & project.

.....This abuse was directed at a polite society that was caught like a deer in headlights by traditionally domineering personalities who always assign themselves as activist-educators on every level of society until we were left with an imbecilic & slavish, middle-class that that had been tricked into seeing themselves as smart & noble for bullying their more knowledgeable & rational peers who made them feel as stupid as they really were. The ultimate reward was to not be labeled as the ***bad guy*** for doing nothing more than not conforming to Jewish, double-talk, encroachments & nonsense.

Remember, the left wing represented "Ellis Island" whereas the right wing represented the *founding fathers* which is why the Jews hijacked the left & vilified the right. But of course she got off because she's Jewish so she's the victim & we're all evil for even thinking of defending ourselves as we've been socially-conditioned to accept this sort of "walk a thin, Jew line" in our empirically proven, dumbed-down & Jewed-up society that lives through a passive-aggressive & taunting version of what the Palestinians go thru!***

****** More empirical evidence!....*** A generation of dumbed-down, white kids literally are the first white people in 900 years who don't know what Jews are. I have friends from Eastern Europe who since the '90's have asked me why I'm the only American that knows what a Jew looks like. This is all because Gen X & Y were socially-conditioned like Pavlovian dogs to attack reasonable people who possess basic knowledge of Jews all in order to impress some Jew, eye in the sky, ABC afterschool special.

.....But brothers in arms devolves, meaning the word anti-Semitism becomes weaponized in order to eliminate a rival as they understand that the rational person will be socially-alienated by a generation of people unfit to judge and who function as a mindless, but pompous IDF that feels the need to showboat a false perception of moral & intellectual superiority that comes from putting Jewish lies & encroachments first. ***And once again, we're back to the metropolitan museum of art, and it's board members and employees who voted out John Galliano.***

.....*In other words,* Jews have instilled the same training upon the children of the white mainstream as that of Indian, elephant trainers who keep these calves on thin leashes so that when they grow up they don't break the leashes which they easily could.....***but children aren't baby elephants*** & Jews had no business trying to keep us on leashes all these years with their lies & white, vilification schemes held together by cronyism on every level of society & every industry which means they control the assembly chain in this country that results in the making everything crazy look normal and vice versa.

In other words, in no other country would a citizen brag openly about running off to join a foreign country's intelligence organization in order to capture a Nobel Peace prize nominee who blew the whistle on this foreign country's development of nuclear arms only for the whistleblower to later be beaten in prison for converting to Christianity. This terrorist is Cheryl Bentov & she lives passive-aggressively in a Christian country where she constantly seeks out subtle ways of undermining it OR getting it to undermine itself then patting itself on the back. In other words, if somebody walked up to Cheryl at a cafe and blew her head off, it would be an act of national defense in which they should simply haul off Cheryl's body in a dumpster then be given a free cup of coffee.

ALL of the above is Jewish chicanery & its deflective psychology which "validates" its own psychopathic, moral pivoting that always seeks to hold on to the victim card. This moral pivoting— *much like a game of chess*— stems from BOTH centuries of self-loathing from life among Europeans who largely found them to be seedy & physically, unappealing foreigners **AND** from deeply-ingrained, Jewish debate tactics that likely come from religious learning which became more important than the religious observance itself.

.....This is why I don't understand how Jews don't see that they have literally convicted themselves by not holding themselves to the same standards as the people they live passive-aggressively among— NEVER PEACEFULLY! The Jew's idea of living peacefully among the people who allow them into their countries relies upon greasing palms & skewing the perspective of the other 98%, much like they've skewed the population of the Palestinians.

.... *Concomitant to all this,* Jews create a false reality in order to make their lives more palatable. **Homesh**: Read the comments by crazy Jews on Facebook. This is a cult, not a culture. https://www.facebook.com/share/v/19KNYCucMM/

.....This of course comes complete with the upper hand via the "victim-hero", chess move that's supposed to win any Jew hustle. Next, the conqueror compels their skewed narratives upon the other 98% who is then accused of anti-Semitism for not agreeing to false realities which amounts to an effective form of apartheid that the vitriolic Jew tries to shove down everyone's throat before making a movie about it which of course, stars nobody who looks Jewish because it all comes back to making white people over internalize for Jews by not seeing them as foreigners with a cult-like, Jewish personality disorder in need of regulation or academic studies by a shrink that's not a Trojan horse who's there to corrupt this psychiatric field.

Meanwhile, Jews try to legitimize their own nonsense under the guise of diversity *and* they do it with a straight face, ***ie***. pretending that negroids, mongols OR white converts & products thereof such as Zsa Zsa Gabor aren't the product of Jewish terrorism, science-fiction & overreaching Jewish law in which Jews took local, white women & essentially slapped near eastern ethnic labels on them whenever Jews aren't pretending that completely ethnic looking Jews are native, European.

.....Of course I have to go along with this sugar-coated terrorism or be vilified either by Jews OR by their white, Kinta Kuntas who think they're educated & noble. In other words, Haman was correct when he warned Xerxes that the Jews were a dangerous, separate group with laws different from everyone else who did not obey the king's commands.

*****.....Note, I'm not allowed to accuse Jews of instilling white overcompensation by first instilling white stupidity & subservience.*****

Of course, I've always been immune to Jewish victimology as it's been blaringly obvious to me even as a child that it was nothing more than power grabs drenched in abuse & an endemic, personality disorder. Therefore, it never induced any sympathy in me except for the sympathy owed to my torch-wielding ancestors who kept them in ghettos because they were familiar with Jewish, backdoor warfare.

As a kid I could never understand what kind of a white, suburban trash country we lived in— ***especially up north*** —— wherein the dumb goyim saw themselves as smart & liberal for making white, ethnic jokes, yet lived to "*walk on eggshells for the Jew*" who they didn't even understand because Jews like to get them while they're young.

.....This included their own kids who feel entitled to enforce false narratives of themselves upon their classmates then lash out at them if they don't go along with it while looking for some dope to back them up **OR** running to the schoolteacher first to give their full, bullshit story to a teacher who either has no backbone, brain **OR** has an agenda. There was also the inappropriate, Jewish school teachers attempting to indoctrinate the white Christian mainstream as being primitive & hypocritical whereas the Jew was always the progressive, intellectual hero & blameless targets of attacks who existed within an ambiguous & contradictory, ethnic or "cultural" status.

..... ***Next***, "muscle up" with pawns you care nothing about once you're done making black jokes by weaponizing them to vilify the white mainstream **OR** weaponize a drugged out hippe degenerate pawn like John Lennon who said he was more popular than Jesus as a means to somehow reveal how intolerant white America really was as opposed to Jews not knowing that they're guests and if they want to tell Muslims to remove their hajib, *which Jewish women used to wear before invading Europe,* then they need to start taking off their yamakas. But these are just a few examples of the populist schemes extended to Palestinians in the American psyche thus the instilled fear of not putting Palestinians before the white, Christian Eurocentric mainstream, *like they did everyone else,* was negated.

.....But student protesters were too logical when it came to these artificial, racial tension games as was proven by the African American student who pissed off that hybrid Jew wimp, Shabbos Kastenbaum, who then turned around & targeted the foundations of Harvard because that's what skulking Jews always do— they target the foundations of any country in order to keep them under their thumb with fake accusations of anti-Semitism which ranks right up there with election fraud myths.

.....*Reality Check*, anti-Semitism never truly begins until a kike like Kastenbaum pulls the first con. This is always an act of professional sabotage that entails a preemptive strike that comes in the form of a senseless & fake allegation of anti-Semitism which no rational person would allow to stand unless corrupted by Jews. This corruption can be in the form of Jewish cronyism **OR** Jew-instilled fear of not siding with Jews due to an intellectual defect that Jews have instilled in society thanks to decades of social-conditioning in which everyone has no idea what Jews are, yet they believe themselves to be smart & noble for aiding the Jew against their own.

.....I believe that's how problems got started at Columbia University according to Kathryn Franke, but you wouldn't guess that from all the melodramatic, whiny Jews on X from Columbia. https://fedsoc.org/bio/katherine-franke

.... ***When are Americans going to understand that you can't reason with unreasonable because our normal is their unreasonable until they berate a population into making everything crazy look normal? In other words, what Jews call anti-Semitism is 9 times out if 10 really their hate crime against us.***

Before the unsung, African American, student-activist at Harvard inspired revenge & thinly-veiled, hate crimes into the heart of the futureless, Jewboy & activist-terrorist—***Shabbos Kastenbaum—*** by using nothing more than his poignantly accurate, picket sign depicting the black mind & the Jewish hand, ***there's no doubt*** that the sign would have been embraced & glorified by Jewish collectivism if it portrayed Whitey or Muslims.

..... This means that Harvard— *among others*—— has to live by double-standards due to an effective Jewish rule that's enabled by greasy palms & the institutionalization of skewed reasoning which illicitly & openly governs our country by first governing our thought process then taunts people to prove it, ***but until then we are all conspiracy theorists.***

From a Moderate's Point of View: Prior to Trump 2, the media in this country was not covering Donald Trump's daily acts of ignored & glorified treason. Instead, it was ignoring reason by glorifying all the worst class of "J-glorified", Jewish subversives, ultra queers, ghetto thugs & border-jumpers wherein the white, Christian, heterosexual norm, *along with law & order,* was vilified as being evil supremacists for not vilifying a white cop who did the world & his neighbors a favor by shooting some ghetto thug that pulled a gun on him

..... ***But the second we have a savvy, African American kid calling out sham activism with his simple sign that doesn't earn him comparisons to Malcolm X, then DEI is thrown under the bus..... NOT A COINCIDENCE!***

….. *In response to the younger generation of rational thinkers,* we now have Jewish, faux academics— *like Brian Levine of USC's bullshit center for the study of hate & extremism*— who no doubt would label this African American student as a ***mutation*** much like he does with the Afro-Latino, Proud Boys. This would imply that a gay, pagan Hadrian of ancient times who notoriously put down Jewish supremacy & renamed the region Syria Palestina would be reduced to an anachronism as he doesn't live up to the gay, Jew pawns of today.

….. *In reality,* EVERYONE should be seeing that the real ***mutations*** include the Jewess, ***Laura Loomer,*** attacking Senate candidate Angie Nixon with disgusting anti-Black comments **AND** dried-up, white whores like **Vanessa Trump** who date the compulsive, skirt-chaser— ***Tiger Woods.*** ***https://youtu.be/La4creTSqFg?is=S0BbHRba26MdmrzP***

QUESTION: Are ***ANY*** of the above examples really mutations **OR** are white, Gen X & Y Americans just too dumbed-down & pretentious to differentiate?

ANSWER! Jews have always been right-wing supremacists cloaked in liberal activist wrappers until blacks went PLM. *Likewise*, gaudy white whores like Vanessa Trump will suck a rich, white supremacist cock as easily as she'll suck a rich, mulatto dick just as long as he's dressed in Ralph Lauren……. Call it *"high-class, Jerry Springer"!*

Note, much of the above paragraph on Brian Levine came from a Harvard, award-winning journalist, Robert Downen, who *"According to the Shorenstein Center on Media, Politics and Public Policy at Harvard Kennedy School, which gives the award, the selection committee 'noted all three reporters' high degree of craftsmanship and care in reporting on what are often thorny and sensitive stories, while never shying away from holding those in power accountable when their actions fail to center the public good of their communities'."*

In other words, Robert is atypical of pre-October 7th, 2023 overly rewarded, pseudo-intellectual who conformed to Jew-skewed perspectives & their contrived, *"good guy"*, identity politics which is now an identity crisis. In other words, Robert sorely fails to *center* anyone being that he can't even center himself NOR does he hold anyone accountable being that he doesn't see any of the angles thus he has allowed those most accountable to go scot-free.

….*Then again*, this award came from the Shorenstein Center wherein one can expect to find the usual array of imbeciles & accomplices along with foreigners to a western country who don't know any better.

BOTTOM LINE: If you want to end so-called, white supremacy (*which is oftentimes nothing more than Jew-manufactured contention as a result of pushing such labels.)*, then stop enabling Jewish, sham activism that incentivizes subversion & white-hate cloaked as activism when it isn't rabble rousing and glorifying low-lifes who burn down police stations which the student protesters at Harvard completely dissipated.

Rob Bonta doesn't really get this because he's a novelty to a western, immigrant country wherein he's had only three types of dumbed-down, white people to learn absolutely nothing from except for sham activists lawsuits that typically stem from Jewish, sham activism who like to use Asians in power positions like him as accomplices as opposed to lowly, black pawns who they use as battering rams by glorifying people they care nothing about. This was what an African American, student protester at Harvard pointed out with his sign. ***That was the moment DEI got thrown under the bus, not coincidence, but rather empirical evidence.***

****The above commentary is how I answer Asian friends & acquaintances who've asked me why the media always showed Asian, hate crimes as stemming from white people instead of the inner city.**

*****Catholic Filipinos look at Jews from an archaic perspective much like Backwoods Evangelicals do.*** ***https://www.facebook.com/share/v/1D7Z5Y2idy/***

*****…..The above video demonstrates how Jews become less of a religion & more of a cult that parasitizes the people of their host countries by getting them to betray their true identities which is not Islam or Christianity. In other words, Black people with English names have never been considered members of the Anglo Saxon people & Filipinos are not members of the tribe.***

*****…. Note, Netanyahu was seeking weak links to exploit in his Philippine trip much like Bill Ackman did when he declared war against middle-class blacks after Claudine Gay wouldn't betray her student body then began talking Asian imports.***

******* Now Bill Quackman is propping up a jilted Harvard professor to spite Claudine under some bogus, activist pretense instead of admitting that what this Francseca Gino calls a "data anomaly" is what other people call "sloppy work" which is exactly why Neri Oxman, Bill's wife, got in trouble. In the end, this is a lack of oversight.*** ***https://share.google/phDwWYSqCtTdhgsBE***

******* Also, an Asian woman is being threatened by the berating, "Eternal Jew" who she calls "Zios" & its all being recorded on META-owned Instagram, YET the pussywimp, Jew pawn— Rob Bonta— is worried about beauty filters because he's asleep at the wheel.***

https://www.instagram.com/reel/DcKoV1bNylf/?igsi=eDdkdG9sbXpqanNq

*****…. MEANWHILE, nothing is happening to solve this woman's problems much like nothing is happening with my website wherein corporate terrorism & its cronyism is blatantly ignored AND not out of fear, but out of resentment towards me & out of a penchant for tawdry activism. Either way, the silence I'm receiving is empirical proof that Jewish, corporate cronyism funds genocide via mind control & the institutional control that proceeds it….Except for Mark Zuckerberg thus far.***

** ***But according to Debra Wasserman,*** the *centrist* left of today are a real problem as she condescends the younger generation as opposed to Debra seeing that her own open admission of duplicity is on clear display. https://www.instagram.com/reel/DcE6YSeSD1w/?igsi=MTJsZml5bnhpenk3ZA==

*****Israeli impunity tax.*** https://www.facebook.com/share/v/1J4tgWNcHF/

…..But she doesn't see it because ***Jewish personality disorder*** has normalized the unacceptable just as it did with Marc Rowan who openly confessed to harassing university professors & then was glorified for it. In other words, this is why a lot of Jews resent ***Mark Zuckerberg*** for being unwilling to suppress facts by labeling them as hate speech.

**********IN CLOSING**********

Meanwhile, Facebook has to rely upon its algorithms & its viewers to report hate speech that's geared at casually instilling skewed perspectives, hate & ridicule. Hopefully Facebook is staffed by people with less bias & stupidity than that of Quora, but I have my doubts given the Facebook staff who tried to claim that Facebook & Instagram were meant to be addictive as opposed to engaging.

…..but what really mystifies me is why none of my valid lawsuits have been propped up or even acknowledged by these AG's, most notably **Letitia James** who I spoke to in 2023. AGAIN, my lawsuits involve Trump oligarchs who have been siphoning the insurance industry in what amounts to the largest, white-collar, fraud scheme of all time wherein these cronies are now being brought in front of politicians to testify as to their involvement with Jeffrey Epstein. (Leon Black).

Others cases include Metlife establishing Brighthouse Financial broke from day one in Delaware to use as a dumping ground for MetLife debt, which is especially important as it's being acquired by Aquarian Holdings who is aware of this situation & most likely doesn't care because they're going to use it as a dividend recapitalization scheme.

David Einhorn of Greenlight Capital has known about its insolvency since 2018, but he's been too busy congratulating Sheryl Sandberg for her criminally skewed documentary of October 7th without broaching such things as institutionalized rape in Israel against Palestinian women or Cast Thy Bread, biological warfare. David is the one who should be waging this battle, not me!

*By the way, Sheryl's documentary represented "the all-new & even more bogus and self-involved than before holocaust museum."****……. I suggest that David contact Nicholas Kristof of The New York Times to congratulate him on his reporting of sexual violence against Palestinian men, women & children. For now, I'm looking for a action suit against David, BHF, Metlife & Aquarian.***

…..*For now*, my lawsuits extend to Leon Black's partners ("bagmen"), *Marc Rowan*, whose harassment of Ivy League faculty members has been glorified & normalized by his Jewish, media cronies whilst his crimes at APO continue to hide in plain site. ***Let Facebook pose this question along with why a coterie of state attorney generals dismiss it!***

….***Meanwhile***, Americans have been immunized & indoctrinated by a Jew-skewed media to think that it's righteous for Jews to bully professors into suppressing Israeli atrocities, to censor Palestinian cultural festivals & to vilify a true, activist-whistleblower like Roger Waters as opposed to persecuting Jewish, sham activist-terrorists who stir up hate while playing the hero in order to undermine the white mainstream thus allowing for mind & institutional control by getting us to shoot ourselves in the foot *and a whole lot of* ***other people***.

…. These ***other people*** include middle-class blacks who ***Bill Ackman*** targeted via a totem like Harvard's Claudine Gay. If you all recall, Bill *"the hedge fund hyena"* Shill forged ahead with this attack by following the same style he used to use when overinflating damage done among companies that he wanted to short ***and Bill the Shill wanted to short Harvard.***

…. This time Bill Ackman made unfounded racial attacks involving the hiring of Claudine Gay which in reality stemmed from his own revenge agenda due to her lack of compliance when it came to ***not*** witch hunting her student body who were taking the same stands that people—*Jewish activists included*—- had taken against the Vietnam war. But sometimes, what Jews call protests are actually riots. *Likewise*, what they call racial attacks are really just dumb thugs who endanger the public as well as law & order.

Prior to October 7th, 2023, this country was no longer in its civil rights phase; *but rather*, it was in the overthrow & degradation phase especially if North Carolina police officers were cleaning old, black women's feet as a collective sign of repentance for the death of a dumb thug like George Floyd which kept them safe.

….Why wouldn't this extremist, flawed logic create either *misdirected, white resentment* **OR** the usual showboating & mindless, white Lib doormats with a case of *misdirected, altruistic narcissism*? Of course, it's easier to vilify the former group as they become increasingly resistant whereas the doormats become increasingly passive, yet the heroic Jew stays the same as we defer to their mediation just like when they were the middleman between the Christian & Muslim world.

….. Maybe Richard Gere needs to keep this in mind when he's talking about the *"dictatorship of monsters"* after visiting Dacau because with Jews you always see the *after*, but never the *before*. Like my other favorite Eastern European goes, *"Jews always tells you what happened to them, but they never tell you why"*.

Unfortunately, Jewish victimology tactics have mutated into a ***social contagion*** as we now see the fascist, Donald Trump replicating them. This includes a perverse *role-reversal* that throws people off-balance as it designates *"who's our enemy"* & *"who's our friend"* without our say in the matter AND DEFINITELY with no fair trial because that's the point ***we are on trial by the court of crazy Jew opinion, which seems to override reason.*** This has been evidenced by Trump's absurd attempts to label ANTIFA as a terrorist organization whereas Dolly Parton was attacked by the ADL & Marlon Brando by Larry King both on the grounds of irrational allegations of anti-Semitism because that's how Jews repackage power grabs, overreach & enslavement tactics.

AGAIN, thank you Facebook for keeping me informed of your lawsuit and a lot of other things while Rob Bonta & his busybody-housewife cause only pretends to do something for society other than contributing to censorship & making America into a bunch of simpletons again. In other words, Rob Bonta is essentially Marc Rowan.
